Ontario Gateway Hotel
2200 E Holt BL, Ontario, CA 91761
8:36 AM - 9:41 AM
FA0006518 - CO0070552 - PE - 1622

Inspector Comments:

Purpose:
A complaint investigation was conducted on this date in response to complaint number CO0070552.

Nature of the Complaint:
The complainant alleged stated, "Numerous health code violations, in kitchen. Unsanitary prep area, food storage, & food preparation".

Observation:
A routine inspection was NOT conducted at this time since the manager stated that food area as been closed since March 2020 do to COVID19. Front desk staff also stated that restaurant inside the hotel has not been open since March 2020. A walk through inspection was conducted during this time. Findings included the following violations, reference violation description.

Observed construction at the south and west side of the building. Also, observed front side of the kitchen area under construction. Facility has submitted plans to plan check (via online) on 05/27/20. Plan review is still pending and has not yet been approve. Please discontinue all constructions in the kitchen if plans have not been approved by plan check. Call The Department of Environmental Health to check on plan status 800 442-2283.

Immediately, discontinue all food prep as well. Observed facility preparing food during time of inspection while construction is being conducted in the kitchen area. When operator was asked who the food is for, operator stated that they are feeding the construction workers. Discontinue food prep for the public while construction is being conducted.

Outcome:
A re-inspection will be conducted in one week to determine compliance. No further action is warranted at this time and the complaint will be closed.

Compliance Date: Not Specified

Reference - HSC

Description:
A complaint report has been received by Environmental Health.

16K026 Approved thawing methods used, frozen food

Inspector Comments:
Observed raw pork (approx 5lbs) sitting on the prep table. When operator was asked, operator stated that meals are being cooked for construction workers. Measured raw meat at 37°F. Operator was told to put meat back into the refrigerator and to discontinue food preparation while kitchen construction is being done.

Ensure the proper thawing methods:

114018. Frozen foods shall be stored in their frozen state unless being thawed in accordance with Section 114020.
114020. Frozen potentially hazardous food shall only be thawed in one of the following ways:
(a) Under refrigeration that maintains the food temperature at 41°F or below.
(b) Completely submerged under potable running water for a period not to exceed two hours at a water temperature of 70°F or below, and with sufficient water velocity to agitate and flush off loose particles into the sink drain.
(c) In a microwave oven if immediately followed by immediate preparation.
(d) As part of a cooking process.

Violation Description:
Food shall be thawed under refrigeration; completely submerged under cold running water (less than 70°F) of sufficient velocity to flush loose particles for less than 2 hours; in microwave oven; or during the cooking process. (114018, 114020, 114020.1)
