16K999 Complaint Inspection

Compliance Date: Not Specified

Not In Compliance

Reference - HSC

Inspector Comments: The purpose of this visit is to conduct a complaint investigation.

Nature of complaint:

Complainant stated this facility has cockroach activity.

FINDINGS:

On this date, spoke to the operator who stated she was not aware of this complaint. After a thorough inspection of the entire kitchen and bar area, four live adult cockroaches and three live nymph cockroaches were observed to be on the lower wall below the two compartment sink and hand sink in the rear kitchen food preparation area. In addition, observed one dead cockroach in the floor by the three compartment sink. The operator produced receipts that showed a professional exterminator serviced this facility on 7/31/2018 and she stated that this facility is serviced monthly. The operator stated she would call the exterminator for an immediate service because of the discovery of the live cockroach in the kitchen on this date. Continue conducting proper exclusion methods to ensure the cockroach infestation is completely eliminated. Caulk/ seal any openings that can harbor vermin. Eliminate all cockroaches from this facility and maintain this kitchen free from vermin -including but not limited to cockroaches.

Description: A complaint report has been received by Environmental Health.
