**Inspector Comments:** walled in with corrugated metal panels. they opened illegally in the pandemic closure, considering themselves now, a "restaurant".. please make them comply! also, zero social distancing. its pathetic.

Environmental Health received a complaint stating facility, which is bar only and has no kitchen, built a make shift kitchen with grill and fryers outside on the delivery driveway. Area is walled in with corrugated metal panels. They illegally opened during Covid-19 pandemic closure, and are now considering themselves a restaurant.

During complaint investigation, make shift kitchen was observed set-up outside back door, adjacent to smoking area. Deep fryer, flat grill, cold holding unit, pizza ovens, shelving and utensils observed set up for active use. Owner advised inspector kitchen was recently set-up, approximately one week ago, to be able to operate during Covid-19 pandemic. Owner stated there are plans to relocate kitchen to the inside, installing ventilation hood, ansel system, approved equipment, etc.

During ownership transfer, it was stated facility does not have any food except pretzels, peanuts, and slim-jims. It was also stated owner is aware EHS must be contacted prior to adding food. Cease and desist operating external kitchen immediately, and submit plans to plan check to ensure proper compliance. Contact EHS at 800-442-2283 for any plan check questions.

Complaint closed.

**Description:** A complaint report has been received by Environmental Health.
