ACTION: 01 - NO FURTHER ACTION REQUIRED				

**RETAIL FOOD PROTECTION - Public Eating PI (100-Up Seats)**

**16K999 Complaint Inspection**

Compliance Date: Not Specified

Not In Compliance

Reference - HSC

**Inspector Comments:** COMPLAINANT STATED THERE ARE A LOT OF FRUIT FLIES EVERYWHERE MAINLY IN THE KITCHEN AND BAR AREA

**Description:** A complaint report has been received by Environmental Health.

**Overall Inspection Comments**

Observed numerous fruit flies around the bar and several around the wait area fountain soda station. One bottle at the bar was observed to have a dead fruit fly in it, and was voluntarily condemned and destroyed. The person in charge explained that they have had an ongoing fruit fly infestation, which was traced to the inside of a hollow tabletop used for beer taps at the bar. The table is now sealed, and Terminex was here on 4/21/15 to treat the problem. They are cleaning out the bar floor sinks - I instructed them to clean out below the wait area fountain soda station as well.
