Reference - HSC

Inspector Comments: The Environmental Health Services received complaint alleging that a wheel was found inside a prepackaged Jelly Brown Rice Pudding from this facility.

Findings: Visually checked the jelly brown rice pudding displayed for sale and observed no form of alteration. Also, one container was opened (with store Manager's approval) and carefully spread on a bowl just to check for the presence of foreign object in the pudding. Nothing was observed. Manager said that nobody had complained about the puddings. Complaint could not be validated. Complaint is closed.

Description: A complaint report has been received by Environmental Health.
