Inspector Comments: Complainant stated rats running around outside of establishment. Manager states she has received customer complaints about rats outside the building but claims there are none inside the building. She also states she has observed rats outside of the building.

I observed the dumpster area was very clean but the dumpster lids were open. Maintain lids closed at all times. Observed two no rat bait stations around the perimeter of building. Pest control monthly statements indicate no rat control service provided. Immediately provide for rat control service with a licensed company.

Description: A complaint report has been received by Environmental Health.
