### RETAIL FOOD PROTECTION - Public Eating PI (100-Up Seats)

Based on an inspection this day, the items marked below identify the violation(s) in operation or facilities which must be corrected. Failure to correct listed violation(s) prior to the designated compliance date may necessitate an additional inspection to be billed at the hourly rate as provided in the San Bernardino County Code, [Schedule of Fees](#).

Administrative Order to Show Cause (OSC): The Permittee has the right to a hearing if requested in writing within 15 calendar days of receipt of this notice, to show cause why the permit to operate should not be suspended or revoked; otherwise the right to a hearing shall be deemed waived.

See the following pages for the code sections and general requirements that correspond to each violation listed below.

#### 16K995 Permit - Suspension

Compliance Date: Not Specified

Not In Compliance

Violation Reference - HSC

**Inspector Comments:** You are hereby notified that your health permit is temporarily suspended due to cockroach/rodent infestation in critical areas and lack of hot water in the facility.

- Remove/Eliminate all evidence of the cockroach infestation and eliminate all cockroaches from the facility using approved method of pest control.
- Seal any/all gaps/crevices in the facility
- Clean and sanitize all the affected areas prior to contacting this office for a reopening inspection.
- Pest control services shall be conducted using approved Evidence of pest control services shall be provided to your health inspector. The pest control and re-entry procedures were discussed with the manager. Provide your local health inspector follow ups regarding progress of elimination of the infestation by sending the Pest control records to your health inspector.
- Provide hot water that measures a minimum of 120F measured from the faucet to the facility.

Prior to a re-opening inspection being conducted, the facility shall correct the observed violations, request a non-graded reinspection, and participate in a Supervisory Review. All evidence of cockroach activity and all vermin must be eliminated from the facility and all directives provided via inspection reports and the supervisory review must be completed.

The supervisory review will be conducted at the Environmental Health Department San Bernardino office located at 385 N. Arrowhead Ave. San Bernardino, CA 92415 on 12/27/2018 at 10:00AM. Bring with you copies of your last inspection report, all pest control records, and other documentation providing proof of pest removal.

A "Notice of Closure" sign was posted.

**Violation Description:** Violation(s) observed pose an immediate threat to public health and safety and the health permit to operate is hereby suspended and ordered closed until the listed violation(s) have been corrected and verified by DEHS. Facility is to remain closed until permission from DEHS is given. Contact your inspector at your local office to schedule a reinspection to reinstate the health permit. Posted closed, do not move, hide, or remove sign.

#### 16K023 No rodents, insects, birds, or animals

Compliance Date: Not Specified

Not In Compliance

Violation Reference - HSC - 114259.1,  
114259.4, 11425

**Inspector Comments:** A follow up was conducted to verify elimination of cockroaches from the facility.

The facility was reopened 12/21/2018 following a closure for cockroach infestation observed on 12/20/2018.

The following was observed on this date:

- Live cockroaches
- 1) Evidence of heavy active cockroach infestation observed:
  - a) Live cockroaches observed throughout the bar area including:
    - between the bottom portion of the wood counter tops and the metal brackets below the counter top
    - In the crevices between pieces of wood below the counter tops
    - In the walls and gaps in the walls directly below and behind the 3-compartment sink.
- Pest control services are scheduled for 1/2/2019

The facility shall completely eliminate the active cockroach infestation. All food contact surfaces in the facility shall be cleaned and sanitized using appropriate methods. All vermin harborage areas shall be cleaned, sanitized and treated using approved pest control methods.

You are hereby notified that your health permit is temporarily suspended due to cockroach infestation in critical areas.

**Violation Description:** Food facility shall be kept free of vermin: rodents (rats, mice), cockroaches, flies. (114259.1, 114259.4, 114259.5) Live animals are not allowed in a food facility unless, food employees with service animals may handle or care for their service animal if they wash their hands as required or persons who are licensed pursuant to Chapter 11.5 of Division 3 of the Business and Professions Code. (114259.4, 114259.5)
