16K993 Re-Reinspection

Compliance Date: Not Specified

Not In Compliance

Reference - HSC

Inspector Comments: A billable follow up inspection was conducted on this date per owner's request.

After a thorough inspection of the facility, no past or current signs/evidence of vermin infestations observed during this inspection. Facility owner was able to provide the most recent pest control report dated 10/18/2018 and scheduled follow up inspection on 10/26/2018. Recommend to continue take appropriate pest control measures so as to eliminate vermin from the facility.

Observed grease residue and food debris behind cooking equipment (large wok stove) at the time of this inspection.

Observed loose base coving tiles behind cooking equipment (large wok stove) at the time of this inspection.

Observed a hole (missing electrical outlet cover) behind wok stove at the cook's line at the time of this inspection.

Clean all grease buildup and food debris, replace/repair loose base coving tiles, and repair hole on the wall behind cooking equipment in the kitchen so as to prevent possible vermin entrance/harbourage.

Critical violation of vermin infestation has been corrected, Health Permit to operator is reinstated on this date, facility may reopen.

A billable re-score inspection will be conducted within 10 business days of this inspection at an hourly rate of \$245 with 30 minutes minimum.

A "facility under review" sign was posted on the window by front entrance. Do not move, hide, or tamper sign.

Description: Billable re-reinspection conducted at this time to determine compliance from prior reinspection.
