16K994 Reinspection

Compliance Date: Not Specified

Not In Compliance

Reference - HSC

Inspector Comments: A reinspection was done to confirm that pest control measures have eliminated the previously identified German cockroach infestation.

Observations:

* A receipt dated October 4, 2018 from a pest control company (Truly Nolen) was produced documenting professional pest control services for the elimination of roaches.

* Workers were on site at the time of the reinspection doing final touch up cleaning.

* The manager stated that all surfaces were sanitized. The sanitizer concentration at the three compartment sink dispenser was checked with test paper at the time of the reinspection and found to be between 200 - 400 parts per million.

* An inspection was made of the facility. Two dead roaches were observed. No live cockroaches were observed. The dead roaches were removed during the reinspection.

In conclusion, the cockroach infestation has been controlled. The permit has been reinstated and the facility reopened.

Complaint closed.

Description: Reinspection conducted at this time to determine compliance from prior inspection.

Overall Inspection Comments

No live roaches observed.

Permit reinstated and facility reopened.
