**RETAIL FOOD PROTECTION - Public Eating PI (0-24 Seats)**

Based on an inspection this day, the items marked below identify the violation(s) in operation or facilities which must be corrected. Failure to correct listed violation(s) prior to the designated compliance date may necessitate an additional inspection to be billed at the hourly rate as provided in the San Bernardino County Code, [Schedule of Fees](#).

Administrative Order to Show Cause (OSC): The Permittee has the right to a hearing if requested in writing within 15 calendar days of receipt of this notice, to show cause why the permit to operate should not be suspended or revoked; otherwise the right to a hearing shall be deemed waived.

See the following pages for the code sections and general requirements that correspond to each violation listed below.

**16K992 Permit Reinstatement**

**Compliance Date:** Not Specified  
**Not In Compliance**  
**Reference - HSC**

**Inspector Comments:**  
The health permit for this facility was reinstated on this date. The Notice of Closure sign was removed. The facility may now open to operate.  
  
Letter "A" Grade card was re-posted at the front of the facility.  
  
No further actions required or warrantied regarding this complaint.

**Description:** The health permit to operate is hereby reinstated and facility may open.

**16K994 Reinspection**

**Compliance Date:** Not Specified  
**Not In Compliance**  
**Reference - HSC**

**Inspector Comments:**  
On this date, a re-inspection was requested by the general manager of this facility.  
  
The health permit for this facility was suspended on 12/03/2018 due to a sewage back up on two floor sinks in the facility observed at the time of the complaint investigation.  
  
After a thorough inspection of the food facility on this date, all liquid waste was observed to be draining in an approved fully functioning sewage disposal system through the two floor sinks: one below the pizza topping preparation table and one near the entrance to the walk-in cooler. The floor sinks and floors were observed to be cleaned and sanitized. Manager turned on all sinks in the facility (the two hand washing sinks, three (3) compartment sink, mop sink, and both the bathroom sinks) in order to determine whether floor sinks were draining properly. All floor sinks in the facility were observed to be flowing and draining properly at the time of inspection.  
  
Manager was able to provide the most recent plumbing service dated on 12/04/2018.  
  
No further actions required or warrantied regarding this complaint.

**Description:** Reinspection conducted at this time to determine compliance from prior inspection.

**Overall Inspection Comments**

Letter "A" Grade card was re-posted at the front of the facility.

**Signature(s) of Acknowledgement**
