RETAIL FOOD PROTECTION - Prepackaged (500-2499 SqFt)

Based on an inspection this day, the items marked below identify the violation(s) in operation or facilities which must be corrected. Failure to correct listed violation(s) prior to the designated compliance date may necessitate an additional inspection to be billed at the hourly rate as provided in the San Bernardino County Code, [Schedule of Fees](#).

Administrative Order to Show Cause (OSC): The Permittee has the right to a hearing if requested in writing within 15 calendar days of receipt of this notice.

See the following pages for the code sections and general requirements that correspond to each violation listed below.

16K999 Complaint Inspection

Compliance Date: Not Specified

Inspector Comments: Environmental Health received a complaint stating store has had no running water since 6/2/22, and still operating as normal.

Reference - HSC

Discussed nature of complaint with manager who is aware of the water not being functional.

Manager stated water has not been functioning since 6/2/22 due to small opening in horizontal seam of the exterior, secondary water tank, which caused water to escape. According to manager, seal was compromised by a person after hours while was closed.

According to manager, unsuccessful attempt to repair seam was made by using silicone, however, opening was still observed present. Manager stated a repair request has been made to properly weld seam to eliminate leak.

Due to exterior water tank in disrepair, facility does not have running water available (see hot and cold water violation).

Facility shall not offer prepackaged food or beverages due to lack of running water (see permit suspension comment).

Toilet facilities observed not functional due to no running water. Porta-potty and handwashing station observed stationed at rear door of facility for use. Toilet paper, soap and paper towels were observed supplied in dispensers.

Routine inspection conducted same day.

Complaint closed.

Description: A complaint report has been received by Environmental Health.

16K054 Permit Suspension

Compliance Date: Not Specified

Inspector Comments: Permit suspended due to no water available in facility.

Not In Compliance

Violation Reference - HSC - 114409, 114405

Contact EHS for reinspection prior to opening and operating facility.

Violation Description: If an imminent health hazard is found, an enforcement officer may temporarily suspend the permit and order the food facility immediately closed. (114409, 114405)

16C021 Hot and cold water available

Compliance Date: Not Specified

Inspector Comments: Observed no running water available in facility.

Not In Compliance

Violation Reference - HSC - 113953(c), 114099.2(b)

Facility shall not operate without a constant supply of hot and cold water, with a minimum hot water temperature of 120F available at janitorial sink, and minimum of 100F warm water at handwashing sinks.

Violation Description: An adequate, protected, pressurized, potable supply of hot water and cold water shall be provided at all times. (113953(c), 114099.2(b) 114101(a), 114189, 114192, 114192.1, 114195)

Overall Inspection Comments
