RETAIL FOOD PROTECTION - Public Eating PI (25-99 Seats)

Based on an inspection this day, the items marked below identify the violation(s) in operation or facilities which must be corrected. Failure to correct listed violation(s) prior to the designated compliance date may necessitate an additional inspection to be billed at the hourly rate as provided in the San Bernardino County Code, [Schedule of Fees](#).

Administrative Order to Show Cause (OSC): The Permittee has the right to a hearing if requested in writing within 15 calendar days of receipt of this notice, to show cause why the permit to operate should not be suspended or revoked; otherwise the right to a hearing shall be deemed waived.

See the following pages for the code sections and general requirements that correspond to each violation listed below.

16K994 Reinspection

Compliance Date: Not Specified

Not In Compliance

Reference - HSC

Inspector Comments: A follow-up inspection has been conducted on this date to verify compliance.

During the routine inspection, the following was observed-

Inside the front customer cashier station:

- Approximately 40-45 old rodent droppings inside the reach-in cabinet next to the ice machine.
- Approximately 35-40 old rodent droppings inside the reach-in cabinet parallel to the ice machine.
- Approximately 15-20 old rodent droppings inside the reach-in cabinet located in between the two reach-in cabinets mentioned above.

No live vermin or evidence of a live infestation were observed.

The operator has provided a copy of their most recent pest control service from the company On-Call Termite & Pest Control, Inc. on the following dates: 4/29/19 and 5/29/19.

Per pest control service reports, no evidence of a live infestation were observed.

A follow-up inspection will be conducted to verify compliance with the following:

Eliminate all vermin and evidence of vermin from this facility.

Clean, rinse, and sanitize the reach-in cabinets that have come into contact with the old droppings.

During this follow-up inspection, the cabinets that were observed to have droppings were cleaned and sanitized.

No droppings or evidence of vermin observed.

The facility is now observed to be in compliance.

Description: Reinspection conducted at this time to determine compliance from prior inspection.

Overall Inspection Comments

No summary comments have been made for this inspection.
