16K999 Complaint Inspection

Compliance Date: Not Specified
Not In Compliance
Reference - HSC

Inspector Comments: Our department received a complaint that the trash bin has been moved from the dumpster area and placed behind the drive-through speaker. The complaint added that the drive-through area smells really bad and that there is a lot of flies. At the time of inspection, the trash bin is observed behind the drive-through speaker. No bad odor or lot of flies observed at the time of inspection. The manager, Manuel, stated that the dumpster area is being enclosed (fenced off) with another property, without any access to them, as a result of dispute between the landlord and the business owner. The manager, has moved the trash bin temporarily into the parking lot area pending the time another dumpster area will be built.

Description: A complaint report has been received by Environmental Health.
