Inspector Comments: The floor sinks have been unclogged and no overflow of the floors drains was observed on this date. The facility may now open for business. The health permit will now be reinstated.

Description: The health permit to operate is hereby reinstated and facility may open.

16K994 Reinspection

Compliance Date: Not Specified
Not In Compliance
Reference - HSC

Inspector Comments: A re-inspection has been conducted today to verify that the facility has repaired the floors sinks which were observed to be overflowing during routine inspection.

At time of re-inspection, the floor sinks were observed to have been cleaned and unclogged. No overflow was observed at the facility on this date. The operator sanitized the floors with chlorine.

The facility may now open for business. The closure sign has been removed. A letter grade "B" card was posted on this date.

No further action is required at this time.

Note: Observed hot water to measure 120 F from the 3- compartment sink.

Description: Reinspection conducted at this time to determine compliance from prior inspection.
