Based on an inspection this day, the items marked below identify the violation(s) in operation or facilities which must be corrected. Failure to correct listed violation(s) prior to the designated compliance date may necessitate an additional inspection to be billed at the hourly rate as provided in the San Bernardino County Code, [Schedule of Fees](#).

Administrative Order to Show Cause (OSC): The Permittee has the right to a hearing if requested in writing within 15 calendar days of receipt of this notice, to show cause why the permit to operate should not be suspended or revoked; otherwise the right to a hearing shall be deemed waived.

See the following pages for the code sections and general requirements that correspond to each violation listed below.

16K999 Complaint Inspection

Compliance Date: Not Specified

Inspector Comments: The purpose of the visit is to conduct a complaint inspection. The complaint was received on 1/12/2022 via phone.

Reference - HSC

The complainant alleged the following:

A rodent was observed in the facility. Rodent droppings were observed on the floor.

Spoke to the manager of Petro Iron Skillet on this date and she stated following:

1. The whole facility is serviced by a professional pest control service monthly. The manager provided an invoice dated 1/11/2022. Per invoice, no rodent activity was observed in the facility.
2. She has not seen evidence of rodent since last complaint inspection. Note: Complaint inspections regarding vermin were conducted on 12/15/2021 and 12/8/2021.

On this date, observed evidence of dry rodent droppings. See 16C023.
No live rodent activity was observed on this date.

Outcome:

A reinspection will be conducted on or after 1/20/2022 to determine compliance. Failure to comply may result at a billable re-inspection or permit suspension.

Recommend following:

1. Remove all excess clutter from the facility, as well as personal belongings to allow for effective pest control service.
2. Thoroughly clean and sanitize all affected surface areas.
3. Thoroughly clean facility to remove accumulated food residues and debris.
4. Inspect the facility and look for signs of vermin activity.
5. Call pest control service immediately.
6. Eliminate harborage areas such as gaps in the wall/ceiling/shelving surfaces or deteriorated surfaces that can serve as future harborage areas.

Description: A complaint report has been received by Environmental Health.
