SUBJECT: NREMT TRANSITION COURSES

As you may have heard, the NREMT is requiring all EMTs and Paramedics who wish to continue holding a NREMT registration complete a “transition course”. The EMS Authority is receiving calls, from EMTs and Paramedics, attempting to locate these 24-hour NREMT transition courses.

Since these transition courses are important to the multitude of EMTs and Paramedics that want to maintain their NREMT registration, ICEMA is requesting that EMT and Paramedic training programs consider offering these courses to assist those students who are actively looking for a course.

To find the suggested curriculum, please go to the following website to download the file: www.emsa.ca.gov/personnel/files/SuggestedCurriculumForLocalEMS.pdf.

Information on the NREMT-B to NREMT and NREMT-P to NRP transition can be found on the NREMT website at www.nremt.org.
