SUBJECT: EMS SYSTEM ASSESSMENT

On March 26, 2013, ICEMA entered into an agreement with The Abaris Group to conduct an evaluation of the San Bernardino County ground medical transportation system including the potential redesign of the transportation plan and the potential economic impacts of Healthcare Reform.

ICEMA has tasked The Abaris Group with engaging EMS stakeholders, including prehospital service providers, hospitals, allied agencies, organizations, and consumers to obtain input and advice regarding the EMS system's capabilities and future needs. While it is not possible to interview everyone, a broad sample of stakeholders will be contacted.

If you would like to be interviewed, contact Mike Williams, President/Project Manager, directly at (888) 367-0911 or via e-mail at mwilliams@abarisgroup.com, no later than Friday, April 26, 2013.

If you have any additional questions or concerns, please do not hesitate to contact George Stone, Program Coordinator, at (909) 388-5807 or via e-mail at George.Stone@cao.sbcounty.gov.
