

AGENDA

MONO COUNTY EMERGENCY MEDICAL CARE COMMITTEE

**Mammoth Hospital
ED Lounge/Conference Room**

**January 28, 2014 (Revised)
9:00 a.m.**

Purpose: Information Sharing

Meeting Facilitator: Dr. Rick Johnson

Timekeeper: Paul Easterling

Record Keeper: Ray McGrale

	AGENDA ITEM	PERSON(S)	DISCUSSION/ACTION	TIME
I.	CALL TO ORDER	Dr. Johnson		0900 - 0901
II.	APPROVAL OF MINUTES October 1, 2013	Dr. Johnson	Action	0901 - 0903
III.	DISCUSSION/ACTION ITEMS			
	A. ICEMA Updates 1. EMS MISS II Status Report 2. State EMS Authority (EMSA) Data Repository Project 3. California Office of Health Information Integrity (Cal OHII) Grant	Tom Lynch	Discussion	0903 - 0920
	B. By-Law Amendment, Article V, Membership	Dr. Johnson	Action	0920 - 0930
	C. Request for 1-Year Variance for ePCR Implementation - Mammoth Lakes, Chalfant Valley and White Mountain Fire Departments	Ales Tomaier	Action	0930 - 0940
	D. Air Operations Committee	Dr. Johnson	Discussion	0940 - 0950
	E. Systems Advisory Committee Appointment	Ales Tomaier	Action	0950 - 0955
IV.	EMS SYSTEM MANAGEMENT REPORTS • Base Hospital Report • Scantron/ePCR Report		Information	0955 - 1005
V.	OTHER/PUBLIC COMMENT			1005 - 1010
VI.	REQUESTS FOR NEXT MEETING			1010 - 1011
VII.	NEXT MEETING DATE: March 25, 2014			1011 - 1012
VIII.	ADJOURNMENT			1012 - 1015

The Mono County Emergency Medical Care Committee (EMCC) meeting facility is accessible to persons with disabilities. If assistive listening devices or other auxiliary aids or services are needed in order to participate in the public meeting, requests should be made through the Inland Counties Emergency Medical Agency at least three (3) business days prior to the EMCC meeting. The telephone number is (909) 388-5823, and the office is located at 1425 South "D" Street, San Bernardino, CA 92408.

MONO COUNTY EMCC MEETING

Mammoth Hospital
A/B Conference Room
Mammoth Lakes, CA

MINUTES OCTOBER 1, 2013

Committee Members	Affiliation
<input checked="" type="checkbox"/> Rick Johnson, MD	Mono County Health Officer
<input checked="" type="checkbox"/> Ales Tomaier	Mono County Fire Chief's Association
<input checked="" type="checkbox"/> Lori Baitx, RN	Mammoth Hospital
<input checked="" type="checkbox"/> Rosemary Sachs, RN	Mammoth Hospital
<input checked="" type="checkbox"/> Lynda Salcido	Mono County EMS (MCEMS)

Other Attendees	Affiliation
Tom Lynch	ICEMA
Paul Easterling	ICEMA
Rob De Forrest	Mono County EMS

I. CALL TO ORDER

The meeting was called to order shortly after 9:00 a.m.

II. APPROVAL OF July 16, 2013 MINUTES

Unanimously approved.

III. ICEMA UPDATE

A. EMS MISS II Status Report

EMS MISS II Status Report included in agenda packet for reference.

Mammoth Lakes Fire, approximately 35 - 40 EMTs, expressed concern that they are going to struggle with ImageTrend because of the infrequency of use for their volunteers. Training will have to continually be the focus for their part-time workforce. Suggestion was made on possibly doing paperwork on the non- transports which would help keep them proficient in ImageTrend (300 - 400 non- transports per year).

B. State EMS Authority (EMSA) - Data Repository Project

Project is underway with face-to-face meetings to work out the details. Committee was reminded that EMSA is moving from CEMISIS to NEMISIS.

C. California Office of Health Information Integrity (CAL OHII) Grant

In September, ICEMA received CAL OHII funding from EMSA to develop a process allowing base hospitals to view properly posted EMS ePCR and add orders for medications, procedures, and destination. Evaluate future processes

necessary for the inclusion of the record into the base and receiving hospital medical records. Expand the current ICEMA data collection system to include EMS ePCR access and a hospital dashboard for one (1) Local Emergency Medical Services Agency (LEMSA) and three (3) regional LEMSAs.

IV. EMS SYSTEM MANAGEMENT REPORTS

A. Scantron Reports

No comments.

B. Extended Response Time Report

Three (3) calls were mentioned as delayed, two (2) airport transports, and one (1) call where the crew had to hike to the patient. Ray McGrale was unable to attend this meeting.

C. Base Hospital Report

No comments.

V. OLD BUSINESS

A. Mountain Warfare Training Center

Mountain Warfare Training Center is in the process of hiring civilian paramedics. Chief Sullivan was not in attendance to give an update.

VI. NEW BUSINESS

A. ICEMA Committee Restructuring

A new Systems Advisory Committee (SAC) has been formed. Tom Lynch requested Mono County representation. Committee will focus on operational issues including dispatch, non-clinical training, communications and data collection including data flow, and health information exchange. Dr. Johnson will represent both Inyo and Mono Counties on this committee.

B. Community Paramedicine

There was one (1) Community Paramedicine pilot project submitted to EMSA from the ICEMA region. San Bernardino County Fire Department (SBCOFD) will partner with Arrowhead Regional Medical Center (ARMC) and the San Bernardino County Department of Public Health (SBCDPH) and focus on congestive heart failure, cardiac (STEMI), and pneumonia patients with post discharge follow up to reduce readmissions. As of right now there is no funding or reimbursement for these projects.

C. Healthcare Coalition Update

The Mono County HCC (Healthcare Coalition) is members from anyone in health care and unified command partners. Dr. Johnson presented HCC members an

organizational chart for approval. EMCC will need to vote, and it was approved by the EMCC.

All three (3) hospital CEO's in Inyo and Mono Counties signed an agreement to assist each other in the event of a declared disaster. Assistance would come in the form of movement, surge, or distribution of patients, supplies, personnel, or finance. This agreement will renew yearly until someone opts out of the agreement.

All HPP projects were approved by EMSA, including hospital staff time for training.

D. EMS Commission Report

Nothing to report

E. Air Operations in an MCI

Discussed resurrecting the Air Operations Committee. Item will be agendaized for the January EMCC meeting.

VII. OTHER/PUBLIC COMMENT

VIII. COMMITTEE MEMBER REQUEST FOR TOPICS FOR NEXT MEETING

IX. NEXT MEETING DATE AND LOCATION

Tuesday, January 28, 2014
9:00 a.m.
Mammoth Hospital

X. ADJOURNMENT

The meeting adjourned at 10:30 a.m.

Staff Report - EMCC

EMS Management Information & Surveillance System - MISS II (ImageTrend)

IMAGETREND ePCR SOFTWARE - IMPLEMENTATION

Currently, 33 providers are utilizing the ImageTrend software. ICEMA is working with 9 new providers for ImageTrend implementation. ICEMA's next upgrade to Version 6.1 is not scheduled at this time.

Providers currently on ImageTrend ePCR:

AMR - Rancho
AMR - Redlands
AMR - Victorville
Baker Ambulance (Needles and Baker)
Barstow Fire
Big Bear City Fire
Big Pine Fire (Inyo County)
Colton Fire
Crest Forest Fire Protection District - Stopped sending data when merged with County Fire
Desert Ambulance
Fort Irwin Fire
Highland Fire (Cal Fire)
Independence Fire (Inyo County)
Loma Linda Fire
Lone Pine Fire (Inyo County)
Marine Logistics Base - Barstow
Mono County Paramedics (Mono County)
Morongo Basin Ambulance
Morongo Valley Fire
Olancho/Cartago Fire (Inyo County)
Ontario Fire
Rancho Cucamonga Fire
Redlands Fire
Rialto Fire
Running Springs Fire
San Bernardino City Fire
San Manuel Fire
Sheriff's Aviation
Sierra LifeFlight - Bishop (Inyo County)
Symons Ambulance (San Bernardino County)
Symons Ambulance (Inyo County)
Upland Fire
Yucaipa City Fire (Cal Fire)

Implementation/training dates for additional providers are as follows:

29 Palms Fire - Setup complete
Chino Valley Fire - Training complete, go live TBD
Mammoth Lakes Fire (Mono County) - Setup pending
Medcor Corporation - Setup complete
Mercy Air - Setup complete
Montclair Fire Department - Training scheduled for February 2014
San Bernardino County Fire - Training complete for Yucca, go live TBD
Southern Inyo Fire - Setup complete
Yermo Fire - Setup complete

CAD INTERFACES ePCR IMPLEMENTATION

AMR - Completed
Barstow Fire - Pending
Confire - Completed
Desert Ambulance - Pending
Mercy Air - Pending
Ontario Fire - Completed
San Bernardino City Fire - Completed
Symons Ambulance - Pending

IMAGETREND ePCR SOFTWARE

The purchase of ImageTrend Software was approved by the ICEMA's Governing Board in November 2011. ICEMA continues to work with hospital users in the deployment of the Hospital Dashboard. This allows users to view inbound patients and review ePCRs of patients (by hospital) based on security and permissions.

Patient Registry - ICEMA is receiving data from its Trauma, Stroke and STEMI registries. ICEMA received an upgrade to V3.0 on September 17, 2013. This added more functionality for the hospitals.

Disaster Recovery (DR) Site - The purpose of the DR site is in the event our main servers go off line for an extended period of time we can activate the DR site and bring our systems back online. ICEMA participated in the DR testing on October 24, 2013, at ISD. The next testing is scheduled for April/May 2014.

Hospital Dashboard - On September 1, 2013, ICEMA discontinued providing consumables for the hospital printers. The printers will remain at each hospital as a backup, if needed. Hospitals can print and access all patient care reports from the Hospital Dashboard.

EMERGENCY MEDICAL SERVICES AUTHORITY

10901 GOLD CENTER DR., SUITE 400
RANCHO CORDOVA, CA 95670
(916) 322-4336 FAX (916) 324-2875

DATE: September 18, 2013

TO: Commission on EMS

FROM: Howard Backer, MD, MPH, FACEP
Director

PREPARED BY: Teri Harness
Assistant Division Chief
EMS Systems Division

SUBJECT: Data Program and California Emergency Medical Services Information System (CEMSIS) Update

RECOMMENDED ACTION:

Receive information on CEMSIS.

FISCAL IMPACT:

None immediately. Changes to adoption of the NEMSIS Version 3 data set will have cost to the EMS Authority, local EMS agencies and providers in amounts that are not yet determined.

DISCUSSION:**OTS Grant Related:****Current 2012-13 grant activities:**

A draft list of EMS provider names and identifiers is complete for all 32 Local EMS Agencies. Sections of this list were sent to LEMSA administrators for validation on July 1, 2013. As of mid-August, only 15 of 33 LEMSAs have returned their portion of the list to EMSA.

Completion of this list is an important prerequisite for our transformation to NEMSIS 3. California needs a standardized list of organizations which provide emergency medical service.

2013-14 Grant Period:

OTS has sent the EMS Authority tentative approval of grant funding for the 2013 – 2014 federal fiscal year. The exact amount is pending the final approval and should be sent to the EMS Authority in the near future.

CEMSIS Transformation Rollout:

The EMS Authority will be hosting 5 educational sessions to discuss the various changes to CEMSIS that have been taking place in recent months. These sessions will include information related to changes in the software vendor and transition process to move to NEMSIS Version 3.

The sessions will be held as follows:

September 5th in San Francisco

September 9th in Rancho Cordova (Sacramento area)

September 11th in San Diego

September 26th in Santa Fe Springs (Los Angeles area)

September 30th in Bakersfield

Registration and attendance information is available on the EMS Authority website at www.emsa.ca.gov.

Statewide Data Dictionary:

The EMS Authority is continuing in the preparation to adopt NEMSIS Version 3 as our data dictionary for EMS in California. In the coming months, we will begin working with a data group of constituents to evaluate the options we have in making NEMSIS Version 3 consistent with EMS practice in California. This process will in part go over things such as prehospital scope of practice, medications and procedures.

The anticipated timeline for use of the NEMSIS Version 3 data set is as follows: Submission of NEMSIS Version 3 data by the local EMS agencies to the EMS Authority will begin on January 1, 2014. Data in the NEMSIS Version 2.2.1 format will be accepted through December 31, 2014. On January 1, 2015, all data submitted to CEMSIS will need to be in the NEMSIS Version 3 format.

The EMS Authority continues to evaluate the long term considerations with software and storage for our State data.

The Commission will be kept informed on our progress with the statewide data program.

EMS SYSTEMS PROGRESS REPORT
September 18, 2013

<p>1. Trauma:</p>	<p>Bonnie Sinz Extension 460</p>	<p><u>State Trauma Advisory Committee (STAC):</u> The STAC has been working with the American College of Surgeons (ACS) on developing a California version of the national Trauma QI Program (TQIP) with supporting data programming. Statewide participation in TQIP is being encouraged for each designated Level I and Level II (including pediatric) Trauma Center. The CEMIS-Trauma data dictionary is being revised to be in full compliance with the National Trauma Data Standards for 2013. Eighteen of the fifty applicable Trauma Centers are current TQIP participants. The STAC Project Subcommittee is finalizing guidance documents for Trauma Center/Trauma System assessment which will be provided to the STAC for final approval. The STAC now has more frequent conference calls with the next face-to-face meeting on October 2, 2013.</p> <p><u>State Trauma Plan</u> The EMS Authority staff and the STAC writing group have completed the State Trauma Plan. The DRAFT Plan has been submitted to the executive division of the EMS Authority for review.</p> <p><u>Regional Trauma Coordinating Committees (RTCC)</u> Each Regional Trauma Coordinating Committee representative provides regional activity updates at the STAC meeting and provides documents approved by the RTCC and available for statewide use. The North RTCC hosted a full constituent meeting on September 9, 2013 in Redding and the South East RTCC plans for their full meeting on September 26, 2013 in Loma Linda.</p> <p><u>Trauma Plans/Updates</u> The EMS Authority continues to review local Trauma System Status Reports as they are submitted.</p> <p><u>New Trauma Center Designations</u> San Joaquin General Hospital in French Camp was designated as a Level III Trauma Center on August 1, 2013. San Joaquin General is the first and only Trauma Center in San Joaquin County.</p>

EMS SYSTEMS PROGRESS REPORT
September 18, 2013

2. STEMI/Stroke Systems of Care	Farid Nasr Extension 424	Comments received during the Pre-Public comment period are being reviewed by EMSA staff. EMSA create a new taskforce from the STEMI and Stroke Regulations team member to rewrite the Data chapter based on concerns from EMSAAC group and make the chapter more practical with less confusion.
3. EMS Systems Standards and Guidelines	Sandy Salaber Extension 423	Development of changes to EMS Systems, Standards and Guidelines is currently on hold pending the Chapter 13 regulatory process.
4. EMS Transportation	Laura Little Extension 412	<u>EMS Systems Regulations Work Group / Chapter 13 Task Force:</u> Since July of 2012, the EMS Authority has met monthly with individuals who have specific knowledge of HSC 17977.224/201 and the AB1387. The Chapter 13 work group has continued making process in the development of a draft set of regulations related to EMS systems. Once a draft set of regulations is completed, the Chapter 13 Task Force will be reengaged to review the draft regulations.
5. Poison Center Program	Sandy Salaber Extension 423	The California Poison Control System (CPCS) continues to provide statewide service. Quarterly reports, call and poison statistic reports are provided to the EMS Authority as required in the contract. The Managed Risk Medical Insurance Board (MRMIB), which administers the Healthy Families Program, will augment CPCS funding by matching the State General Fund allocation.
6. EMS Plans	Sandy Salaber Extension 423	Thirty-three LEMSA's have approved EMS Plans. EMS Plan updates are reviewed/approved/disapproved as received. Correspondence is sent to local EMS agencies requesting a timeframe for the submittal and status on updates that have not been received or in situations where additional information has been requested from the local EMS agency on a given component of the EMS Plan or update. Regional quarterly and final reports continue to be reviewed/approved as received.
7. EMSC Project	Tonya Thomas Extension 441	EMSA is progressing forward with the regulation process slower than originally planned pending resolution of issues conveyed in the comments. Once a resolution has been reached, EMSA will revise the regulations, distribute for a third 45-day pre-public comment period and a 90-day public comment period.

EMS SYSTEMS PROGRESS REPORT
September 18, 2013

		<p>After comment periods are complete and the regulations revised, EMSA is proposing to begin the one year rulemaking process with a projected date for approval by the Commission no later than December 2014.</p> <p>The Original 1994 Inter-facility Transfer Guidelines (EMSA # 181 and 183) have been revised and distributed for a public comment period that ended October 25th 2012. The comments received during that comment period are being reviewed by EMSA staff and the EMSC TAC. Completion of these guidelines is slowly progressing; however, EMSA is working carefully not to overburden the local EMS agencies with reviewing EMS related documents. Therefore, staff is proposing to work with the local EMS agencies over the next six months to finalize the guidelines for Commission approval in March 2015.</p> <p>The Emergency First Aid Guidelines for California Schools draft revision is in the final stages of completion. EMSA is working collaboratively with the California Department of Education and the California School Nurses Association to ensure the accuracy of policy information and administration of medication. Once revisions to the guidelines are complete, EMSA will distribute for a 45-day public comment period. After the comment period is complete and the guidelines revised, EMSA is proposing to submit the final version for Commission approval by December 2014.</p>
8. CEMSIS-EMS Data	Hailey Pate Extension 742	EMSA has executed a contract agreement with Inland Counties EMS to provide for the transformation of the CEMSIS data system. The new system will be compliant with NEMSIS and has demonstrated ability to provide secure login, cube analysis, and web services to both state and local users. Local EMS Agency onboarding to the new system will be handled by ICEMA and is currently underway. In September, EMSA staff will travel across the state to introduce the new program in a minimum of five locations.
9. CEMSIS – Trauma Data	Bonnie Sinz Extension 460	The CEMSIS-Trauma data dictionary is being revised to ensure compliance with the National Trauma Data Standards 2013. EMSA is working with each LEMSA on the data quality reports that were sent to each LEMSA specific for each Trauma Center with the goal of improved data accuracy and completeness.
10. Core Measures	Adam Davis	The purpose of the EMS system core measures project is to increase the

EMS SYSTEMS PROGRESS REPORT
September 18, 2013

	Extension 409	<p>accessibility and accuracy of pre-hospital data for public, policy, academic and research purposes to facilitate EMS system evaluation and improvement through a grant from the California Health Care Foundation (CHCF). EMSA met the deadline set forth by CHCF and developed a dedicated webpage specific to the Core Measures Project. EMSA published three reports: the CHCF Final Report Narrative, Reporting Capabilities, and Clinical Measures. The task force will meet to discuss further development of the core measures for the next year as well as seek to refine existing measures to gain more meaningful statewide data. All measures will be developed to reflect the shift from NEMESIS 2.2.1 to NEMESIS 3.x.x. Additional funding has been identified from CHCF to allow for the purpose of future core measures rollouts. These sessions will be developed and deployed sometime in early 2014</p>

EMS Systems Division

SUBJECT: Data Program and California Emergency Medical Services Information System (CEMSIS) Update

RECOMMENDED ACTION:

Receive information on CEMSIS.

FISCAL IMPACT:

Changes to adoption of the NEMSIS Version 3 data set will have cost to the EMS Authority, Local EMS Agencies and providers in amounts that are not yet determined.

DISCUSSION:

In September 2013, EMSA held six sessions around the State to introduce local EMS partners to new changes in the CEMSIS program. In addition to learning about the latest changes to EMS data standards at the national level, session attendees also received a demo of the new data software used by ICEMA to host the CEMSIS project. All Local EMS Agencies have been given a unique CEMSIS accounts with login instructions, and the new system can now be accessed through most modern web browsers.

As a result, CEMSIS now contains nationally-compliant EMS call data from the following Local EMS Agencies:

Inland Counties
Monterey
Mountain Valley
Napa
Northern California
San Francisco
San Luis Obispo

Commission on EMS

December 4, 2013

Page 2 of 2

The following Local EMS Agencies have uploaded successful test records to the system:

Riverside

Sierra-Sacramento Valley

Ventura

EMSA program staff will be reaching out to local agencies to ask about the CEMSIS participation process and ensure the agencies who are interested in participating in the program have the information they need to get started.

The EMS Authority is starting a Task Force made up from our constituents to assist us with some of the set-up considerations for NEMSIS Version 3. This group will review the base NEMSIS Version 3 Data Standards and make recommendations for their use in the CEMSIS. The group is anticipated to meet for the first time in December 2013 and complete its work by the end of March 2014.

The Commission will be kept informed on the progress of the CEMSIS program.

MONO COUNTY

EMERGENCY MEDICAL CARE COMMITTEE

BY-LAWS

ARTICLE I

NAME

This organization shall be known as the Mono County Emergency Medical Care Committee (EMCC).

ARTICLE II

GEOGRAPHIC AREA

The committee will serve all of Mono County.

ARTICLE III

AUTHORIZATION

Authority for establishing the Emergency Medical Care Committee has been provided by California Health & Safety Code, Division 2.5, Section 1797.270 et seq.

ARTICLE IV

PURPOSE

The committee:

- A. Shall function in an advisory manner to the Board of Supervisors and the local EMS Agency known as the Inland Counties Emergency Medical Agency (ICEMA).
- B. Shall participate in the planning process for the establishment of goals, objectives, policies and procedures for the local EMS Agency.
- C. Shall assist in the establishment and offer advice on policy and procedures governing pre-hospital care in Mono County.
- D. Encourage and educate the public to understand the nature of pre-hospital emergency medical care and encourage support throughout the county for the development and implementation of effective EMS plans.
- E. Review and periodically evaluate the County's EMS program needs, services, facilities and special programs.
- F. Review and approve the procedures used to ensure citizen and professional involvement at all stages of the planning process leading to the formation and adoption of the County EMS programs.
- G. It shall fulfill its reporting requirements of the California Health and Safety Code, Chapter 9, Section 1751.

ARTICLE V

MEMBERSHIP

- A. The Mono County Emergency Medical Care Committee shall consist of ~~five (5)~~six (6) voting members appointed for a period of two (2) years.
- B. Members shall have a professional interest in or personal commitment to pre-hospital emergency medical care in their community. The members shall include representatives from each of the local agencies actively associated with pre-hospital emergency medical care. Agencies represented shall include:
- Mono County Fire Chief's Association Representative
 - Mono County Health Officer
 - Mono County EMS Director
 - Mono County ~~Paramedic Coordinator~~EMS Manager
 - Mammoth Hospital Paramedic Liaison Nurse
 - Mammoth Hospital EMS Director
- C. In the event that prior to the expiration of his/her term, a member ceases to retain the status, which qualified him/her for appointment to the committee, his/her membership on the committee shall terminate. The vacancy will be filled by the Mono County Board of Supervisors after recommendation from the members of the EMCC.
- D. An alternative representative who, when recognized in that capacity by the committee chairperson, will have the rights and voting privileges of the official committee member in his/her absence.
- E. The members of the committee may be removed for cause pursuant to standards adopted by the committee, which are consistent with the provisions of the Health and Safety Code.

ARTICLE VI

OFFICERS & DUTIES

- A. Election of officers will occur during the first annual meeting.
- B. Officers: General Duties
1. *Chairperson*

Call regular and special meetings, approve the agenda, preside over meetings, conduct and expedite business in the name of the committee.
 2. *Vice Chairperson*

Preside over meetings in the absence of the Chairperson.
- C. Term of office shall be for one (1) year.
- D. Only voting members may be elected officers.

ARTICLE VII

MEETING SCHEDULES

- A. Regular meetings shall be held at least quarterly.
- B. Special meeting shall be held at the discretion of the Chairperson.
- C. All meetings of the committee shall be open to the public.

ARTICLE VIII

PROTOCOL

- A. A quorum shall consist of a majority of voting members. A 2/3 majority of the quorum shall constitute a vote of the EMCC.
- B. All meetings shall observe Rules of Order.

ARTICLE IX

AMENDMENTS

Proposed by-law amendments shall be circulated to the committee in writing at least fifteen (15) days in advance of the meeting at which a vote may be called.

ARTICLE X

RELATIONSHIP TO THE LOCAL EMS AGENCY

- A. The EMCC may submit any comments regarding the Mono County EMS programs to the local EMS Agency.
- B. At any time, if the Committee desires, it may request an explanation by the Health Officer for action he/she has taken which relate directly to the local EMS Agency.
- C. Any minority group within the structure of the Committee may submit an official minority report.

Approved by the Mono County EMCC Committee action on 07/22/2008
