Loma Linda University Medical Center (LLUMC) has notified ICEMA of construction work that will require the use of helicopter airlift operations and equipment drop-off at Loma Linda's Outpatient Rehab Center. This helicopter airlift operation is scheduled to occur on Sunday, July 13, 2014, at 8:00 a.m.

Attached is a site plan that also has the physical address noted. The building in discussion is south of Barton Road and should be well out of the approach or departure of either helipad for LLUMC.

Please ensure that notification of this schedule helicopter airlift operation notice is circulated to all operational staff, flight crews, pilots, etc. If ICEMA is notified of any change to the above information, we will advise you immediately.
