**SUBJECT:** EMT CERTIFICATIONS- MARCH 2010

---

In January 2006, the State EMS Authority instituted new EMT regulations that resulted in changes to how expiration dates are determined by the certifying entity. As a result of those regulations, ICEMA will have over five hundred and fifty (550) EMTs expiring during the month of March.

ICEMA is strongly encouraging EMT who expire over the next few months to apply for recertification at least twenty-one (21) days prior to expiration to ensure continuous certification.

ICEMA will continue to work diligently to ensure timely processing of all applications for EMT certification and we look forward to your continued support

Please feel free to contact ICEMA at (909) 388-5823 with any questions.
