**DATE:** November 8, 2018

**TO:** Healthcare Facilities in San Bernardino County

**FROM:** Tom Lynch  
EMS Administrator

**SUBJECT: WIND ADVISORY, NOVEMBER 8 THROUGH NOVEMBER 9, 2018**

Please be advised that a Public Safety Power Shutoff (PSPS) notice has been issued (see below).

- Southern California Edison (SCE) has identified potential PSPS areas under their jurisdiction.
- Due to the possibility of an extended power shutoff to your facility, check generator functionality, fuel supplies, and/or plans for obtaining more fuel or evacuation if necessary.
- If the PSPS program is in effect and causes the power to go out in your facility, this triggers an “unusual event” as defined in the Public Health and Medical Emergency Operations Manual and response protocol.
- Report any outages related to the PSPS to the Licensing and Certification District Office and to the Medical and Health Operational Area Coordinator through the ICEMA Duty Officer at [ICEMADutyOfficer@cao.sbcounty.gov](mailto:ICEMADutyOfficer@cao.sbcounty.gov), or in emergent situations at 909-208-8618.
- AFL 17-06 - Reporting Emergency or Disaster-Related Occurrences, reminds facilities that licensing regulations require facilities to report all emergency and or disaster-related occurrences that threaten welfare, safety, or health of patients, to the California Department of Public Health, Center for Health Care Quality Licensing and Certification Program.
