

ICEMA SYSTEMS ADVISORY COMMITTEE

MEETING CANCELLATION NOTICE

The Systems Advisory Committee (SAC) meeting on March 13, 2019, has been cancelled due to lack of quorum. While SAC is recognized as having a potential role in providing input on the EMS system and a forum for stakeholders, the continued inability of members to commit to attending the meetings decreases its effectiveness.

The quorum count for the March 13th meeting continues to be a reflection of the level of interest. Conducting a meeting without a quorum is an inefficient use of resources and has a significant cost to both ICEMA and the provider organizations that send representatives. It also dilutes the input process. Because of the cancellation of multiple SAC meetings due to an inability to secure a quorum, SAC meetings are suspended until further notice. SAC meetings will be scheduled on an as needed basis in support of the Medical Advisory Committee (MAC).
