**SUBJECT: IPHONE APPLICATION FOR ICEMA PROTOCOLS**

It has come to our attention that there is an iPhone application for ICEMA protocols available in the iTunes store online. ICEMA is not affiliated with the creator of this application, nor do we endorse, or have any control over the updating of this application.

Please be advised that [www.icema.net](http://www.icema.net) is the only official online resource available for the current protocols in the ICEMA region. Information gathered from other online resource could result in mistreatment and harm to patients. EMS personnel are cautioned to follow only current ICEMA approved policies.

If you have any questions, please do not hesitate to call the ICEMA office.
