**SUBJECT: Response to Departmental Review Findings for LAFCO 3117, 3118, 3121, 3133-
Service Review and Sphere Updates for CSA 18, CSA 54, CSA 69 and Crestline
Sanitation**

Pursuant to your memo dated June 12, 2009:

County Service Area 18:

1. Special Districts Department does not have a problem with removing the water power as an active function of the District.
2. Please see attachment 1: A list of roads maintained by the District and a map indicating the roads the District does not maintain.
3. Please see attachment 2: Park services provided by the District.
4. Please see attachment 3: Line item detail for FY 08/09 Actuals – 09/10 Proposed Budget.

County Service Area 54:

1. LAFCO has indicated considering the expansion of the sphere of influence for CSA 54 to include the entire Crest Forest area. Special Districts has concerns about this expansion since there is no property tax allocation and therefore no revenue for streetlighting outside the boundary of the District.
2. Please see attachment 4: Line item detail for FY 08/09 Actuals – 09/10 Proposed Budget.

County Service Area 68:

1. Please see attachment 5: A list of roads maintained by the District and a map indicating the roads the District does not maintain.
