Subject: LAFCO 3162 -- Affirmation of Snow Removal as a service under CSA 70
Importance: High

Afternoon,

The Commission continued the consideration of the entire service review/sphere update for road and snow removal services to the February 15, 2012 hearing. One element of that consideration was LAFCO 3162 – County Service Area 70 Affirmation of Service under authorized Roads Function to include Snow Removal. As my earlier e-mail indicated, we will be continuing the overall review to the July 2012 hearing; however, if there is no objection I would like to resolve LAFCO 3162 at the February hearing. It is a simple matter to clear up ambiguity in the services authorized under the many Zones of CSA 70 in the mountains providing this service. Please let me know immediately if you have any concern with moving forward with this aspect in February.

Thank you -- Kathy
