Local Agency Formation Commission
County of San Bernardino 215
215 North "D" Street, Suite 204
San Bernardino, CA 92415-0490

Subject: LAFCO 3133
Crestline Sanitation District
Service Review and Sphere of Influence Update

Dear Honorable Commissioners:

Crestline Sanitation District is requesting Local Agency Formation Commission add Recycled Water Function to the District existing Powers of Sewage Collection, Treatment and Disposal.

The District is planning to expand its Huston Creek Wastewater Treatment Plant within the next three to five years. As a part of the expansion, the District will be required to upgrade the treatment processes by the Regional Water Quality Control Board. The upgrade processes will treat the District's effluent to Title 22 quality. Having effluent that meets the Title 22 Standards will enable the District to recycle the water.

Thank you for taking the time to consider this request and if you should have any questions or concerns, please do not hesitate to contact our office.

Sincerely,

A handwritten signature in black ink, appearing to read 'Kathy Whalen', written in a cursive style.

Kathy Whalen
District Manager

Wastewater Imports

During 2009-10 reclaimed wastewater was delivered to the Mojave Basin Area for disposal by the following agencies:

	Amount Delivered (acre-feet)
Lake Arrowhead Community Services District	1,406
Crestline Sanitation District	839
Big Bear Area Regional Wastewater Agency	3,059
	<hr/>
	5,304

Victor Valley Wastewater Reclamation Authority Wastewater Effluent Discharges

The VVWRA delivers treated wastewater effluent to the Mojave River downstream from the Lower Narrows. This water is credited toward the Alto Subarea's Obligation to the Centro Subarea and amounted to 14,525 acre-feet for Water Year 2009-10. The annual wastewater effluent discharge to the Mojave River for the period 1985-86 through 2009-10 is shown on Figure 3-4.

Wastewater Imports

During 2008-09 reclaimed wastewater was delivered to the Mojave Basin Area for disposal by the following agencies:

	Amount Delivered <u>(acre-feet)</u>
Lake Arrowhead Community Services District	1,432
Crestline Sanitation District	714
Big Bear Area Regional Wastewater Agency	2,436
	<hr/>
	4,582

Victor Valley Wastewater Reclamation Authority Wastewater Effluent Discharges

The VVWRA delivers treated wastewater effluent to the Mojave River downstream from the Lower Narrows. This water is credited toward the Alto Subarea's Obligation to the Centro Subarea and amounted to 13,609 acre-feet for Water Year 2008-09. The annual wastewater effluent discharge to the Mojave River for the period 1985-86 through 2008-09 is shown on Figure 3-4.

Wastewater Imports

During 2007-08 reclaimed wastewater was delivered to the Mojave Basin Area for disposal by the following agencies:

	Amount Delivered <u>(acre-feet)</u>
Lake Arrowhead Community Services District ¹	1,277
Crestline Sanitation District	799
Big Bear Area Regional Wastewater Agency	2,700
	<hr/>
	4,776

¹. Wastewater discharges estimated for February and March due to a flow meter outage.

Victor Valley Wastewater Reclamation Authority Wastewater Effluent Discharges

The VVWRA delivers treated wastewater effluent to the Mojave River downstream from the Lower Narrows. This water is credited toward the Alto Subarea's Obligation to the Centro Subarea and amounted to 13,385 acre-feet for Water Year 2007-08. The annual wastewater effluent discharge to the Mojave River for the period 1985-86 through 2007-08 is shown on Figure 3-4.

Wastewater Imports

During 2006-07 reclaimed wastewater was delivered to the Mojave Basin Area for disposal by the following agencies:

	Amount Delivered (<u>acre-feet</u>)
Lake Arrowhead Community Services District ¹	1,677
Crestline Sanitation District	674
Big Bear Area Regional Wastewater Agency	2,399
	<hr/>
	4,750

1. Wastewater discharges estimated for February and March due to a flow meter outage.
