7. Consideration of: (1) CEQA Statutory Exemption for LAFCO 3024; and (2) LAFCO 3024 – Service Review and Sphere of Influence Update for County Service Area 64 (continued from November 19, 2008)

The service review and sphere study area is located in the north desert portion of the County and is generally bordered by parcel lines on the north; a combination of Apple Valley Road, the Mojave River, and parcel lines on the east, Bear Valley Road on the south, and Ridgecrest Road on the west. County Service Area 64 (CSA 64) includes territory within the City of Victorville, Town of Apple Valley, and the unincorporated community of Spring Valley Lake.

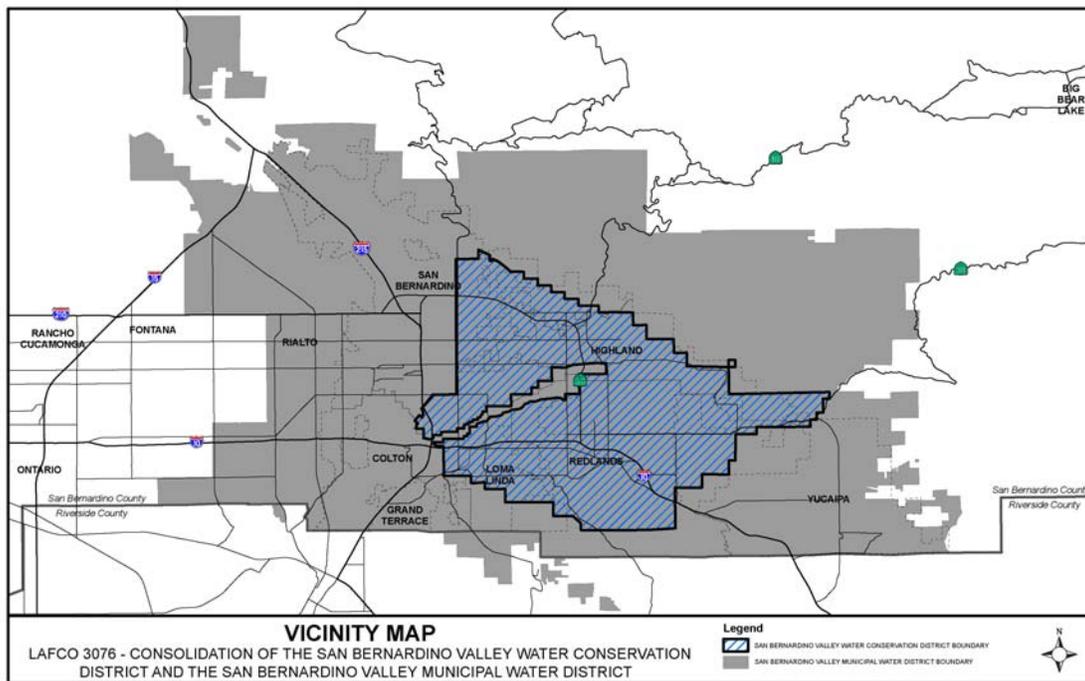

Sphere amendments proposed are:

- 1) Reduction of the sphere to exclude the territory within the Town of Apple Valley. This area is generally located easterly of the centerline of the Mojave River, northerly of Bear Valley Road, and includes the portion of the Spring Valley Lake community commonly known as the "Equestrian Area"; and,
- 2) Expansion of the sphere to include the territory of the Mojave Narrows Regional Park currently served by CSA 64. This area is generally located north of the district's existing boundaries, east of the existing City of Victorville boundaries, and west of the existing Town of Apple Valley boundaries. The Regional Park includes a single parcel within the City of Victorville, identified as Assessor Parcel Number 0480-021-06, located east of the AT&SF railroad along Santa Fe Avenue.

8. Review and Consideration of Certifying the Final Environmental Impact Report for LAFCO 3076 – Consolidation of San Bernardino Valley Water Conservation District and San Bernardino Valley Municipal Water District

The action relates to the environmental consideration for LAFCO 3076, which proposes the consolidation of the San Bernardino Valley Water Conservation District (Conservation District) and the San Bernardino Valley Municipal Water District (Valley District). If LAFCO 3076 (the proposed consolidation) is approved and is subsequently implemented, the Conservation District would cease to exist as a separate entity and its current functions would be consolidated with those of the Valley District. The territory is shown below:

Both Districts are presently located within the “Upper Santa Ana River” basin, in the eastern portion of the San Bernardino Valley, which is located in the southwestern portion of San Bernardino County.

The Conservation District is approximately 77.9 square miles in size and is generally bordered on the east by a combination of parcel boundaries and full and partial section lines within portions of the Cities of Redlands, Highland, San Bernardino, Loma Linda and Colton, excluding the area of the Santa Ana River, from a point near the Guthrie Interchange easterly to a boundary east of the State Highway 30/210 bridge. The Conservation District boundaries are entirely within the existing boundaries of the Valley District.

The Valley District includes approximately 352.2 square miles, which encompasses the 77.9 square miles of the Conservation District. The area is generally bounded by the Sphere of Influence boundary of the Inland Empire Utilities Agency (formally known as the Chino Basin Municipal Water District) on the west, the Crestline-Lake Arrowhead Water Agency and the Big Bear Municipal Water District boundaries on the north; section, quarter section and half sections lines on the east; and parcel boundaries along the south which include a portion of the Riverside/San Bernardino County line. Included within the Valley District are all or portions of the Cities of Rialto, Fontana, Colton, San Bernardino, Grand Terrace, Loma Linda, Highland, Redlands, and Yucaipa. This boundary also encompasses all or portions of the communities of Bloomington, Mentone, Oak Glen, Lytle Creek, Muscoy, Barton Flats and Reche Canyon, which are all within unincorporated areas of San Bernardino and Riverside Counties.
