SBA Offers Disaster Assistance to California Businesses and Residents Affected by the Blue Cut Fire

SACRAMENTO, Calif. – Low-interest federal disaster loans are available to California businesses and residents affected by the Blue Cut Fire that occurred Aug. 16-22, 2016, U.S. Small Business Administration (SBA) Administrator Maria Contreras-Sweet announced today. SBA acted under its own authority to declare a disaster in response to a request SBA received on Sept. 1, 2016, from Gov. Edmund G. Brown, Jr.'s designated representative, Mark S. Ghilarducci, director of the Governor's Office of Emergency Services.

The disaster declaration makes SBA assistance available in Inyo, Kern, Los Angeles, Orange, Riverside and San Bernardino counties in California; La Paz and Mohave counties in Arizona; and Clark County in Nevada.

"SBA is strongly committed to providing California with the most effective and customer-focused response possible, and we will be there to provide access to federal disaster loans to help finance recovery for businesses and residents affected by the disaster," said Contreras-Sweet. "Getting our businesses and communities up and running after a disaster is our highest priority at SBA."

"Low-interest federal disaster loans are available to businesses of all sizes, most private nonprofit organizations, homeowners and renters whose property was damaged or destroyed by this disaster," said SBA's Santa Ana District Director J. Adalberto Quijada. "Beginning Thursday, Sept. 8, SBA representatives will be on hand at the following Disaster Loan Outreach Center to answer questions about SBA's disaster loan program, explain the application process and help each individual complete their application," Quijada continued. The center will be open on the days and times indicated below. No appointment is necessary.
