## Fires force election officials to move two polling places

The recent wildfires have forced the San Bernardino County Registrar of Voters to move the location of two polling places for tomorrow's elections.

Voters who had been scheduled to vote at Henck Intermediate School in Lake Arrowhead and Grandview Elementary School in Twin Peaks will be directed to the polling place at the Mountain Community Senior Center at 675 Grandview Road in Twin Peaks.

Signs will be posted at both Henck and Grandview advising voters of the change in polling places. The Registrar of Voters apologizes for any inconvenience, however there was no option as officials are still assessing any damage that may have occurred at those locations during the fires.

For additional assistance or for more information on voting and elections, please call toll-free 1-800-881-VOTE (800-881-8683) or visit [www.sbcounty.gov](http://www.sbcounty.gov).
