Statement on charges against Postmus & Eyler

The following is a statement from San Bernardino County Board of Supervisors Chairman Gary C. Ovitt in response to the announcement today of charges against Bill Postmus and Greg Eyler:

"The charges announced today against Bill Postmus and Greg Eyler are an undeserved embarrassment to the county, our dedicated employees, and our fine residents. The charges do, however, validate the county's early efforts to hold Bill Postmus accountable and seek his removal from office. The county of course offers its complete cooperation to the District Attorney's Office, and the county looks forward to seeing justice prevail."
