PROPOSAL NO.: LAFCO 3157

HEARING DATE: SEPTEMBER 17, 2014

RESOLUTION NO. 3190

A RESOLUTION OF THE LOCAL AGENCY FORMATION COMMISSION FOR SAN BERNARDINO COUNTY MAKING DETERMINATIONS ON LAFCO 3157 – SPHERE OF INFLUENCE ESTABLISHMENT FOR COUNTY SERVICE AREA 120 (Habitat Conservation and Historical Resources – North Etiwanda) (sphere of influence establishment coterminous with existing District boundary excluding the territory currently within the City of Fontana’s Interim Multi-Species Habitat Conservation Plan)

On motion of Commissioner Farrell, duly seconded by Commissioner Williams, and carried, the Local Agency Formation Commission adopts the following resolution:

WHEREAS, an application for the proposed sphere of influence establishment (expansion beyond existing District boundaries) in the County of San Bernardino was filed with the Executive Officer of the Local Agency Formation Commission (hereinafter referred to as “the Commission”) in accordance with the Cortese-Knox-Hertzberg Local Government Reorganization Act of 2000 (Government Code Sections 56000 et seq.); and,

WHEREAS, at the times and in the form and manner provided by law, the Executive Officer has given notice of the public hearing by this Commission on this matter; and,

WHEREAS, the Executive Officer has reviewed available information and prepared a report including her recommendations thereon, the filings and report and related information having been presented to and considered by this Commission; and,

WHEREAS, the public hearing by this Commission was held upon the date and at the time and place specified in the notice of public hearing and in any order or orders continuing the hearing; and,

WHEREAS, at the hearing, this Commission heard and received all oral and written protests; the Commission considered all objections and evidence which were made, presented, or filed; it received evidence as to whether the territory is inhabited or uninhabited, improved or unimproved; and all persons present were given an opportunity to hear and be heard in respect to any matter relating to the application, in evidence presented at the hearing; and,

WHEREAS, a Mitigated Negative Declaration has been prepared pursuant to the provisions of the California Environmental Quality Act (CEQA) indicating that the sphere of influence establishment will not have a significant effect on the environment through implementation of the mitigation measures assigned; that the Commission has chosen Alternative #2 as the project for approval, and the Commission adopted the Mitigated Negative Declaration and instructed its Executive Officer to file a Notice of Determination within five days with the San Bernardino County Clerk to the Board of Supervisors if filing fees required by the California Department of Fish and Wildlife are received from the County Special Districts Department within that timeframe; and,

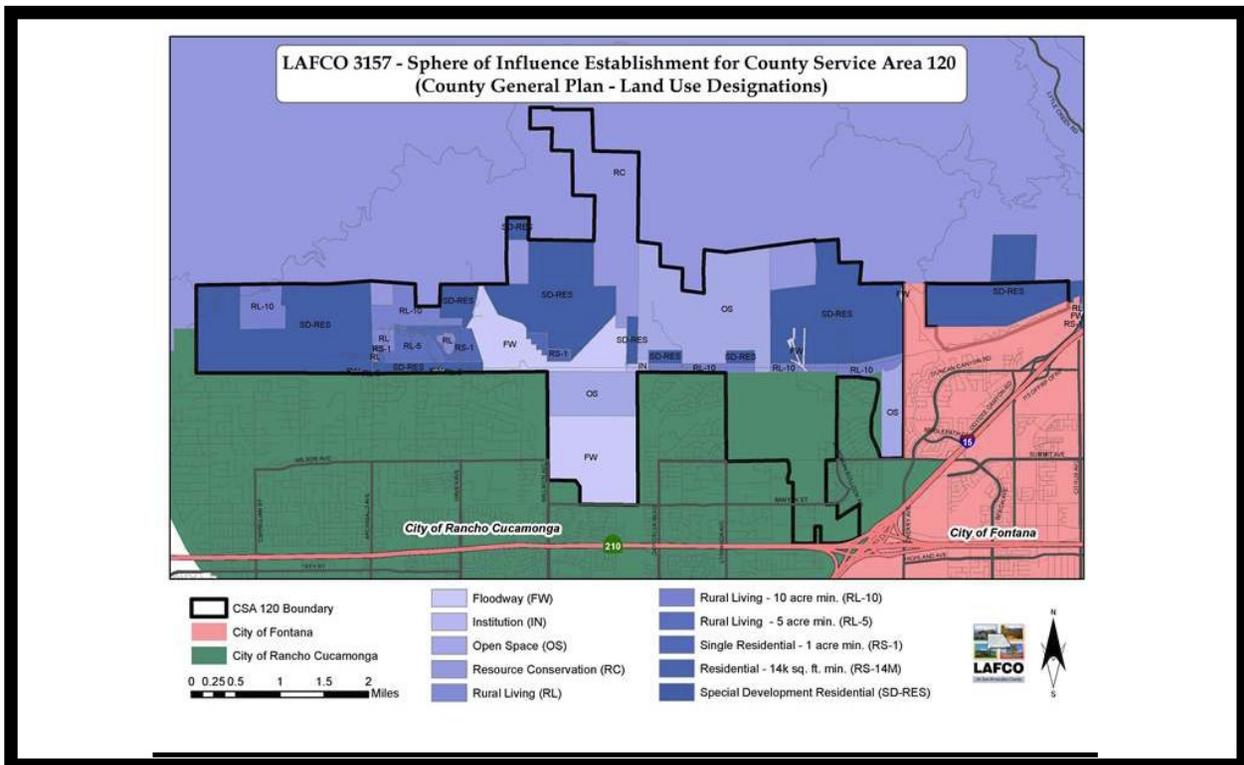

RESOLUTION NO. 3190

WHEREAS, based on presently existing evidence, facts, and circumstances filed with the Local Agency Formation Commission and considered by this Commission, it is determined that the sphere of influence for County Service Area 120 should be coterminous with its existing boundaries excluding the territory within the City of Fontana's Multi-Species Habitat Conservation Plan, as more specifically described on the attached Exhibits "A" and "A-1"; and,

WHEREAS, the following determinations are made:

1. **The present and planned land uses in the area, including agricultural and open space lands;**

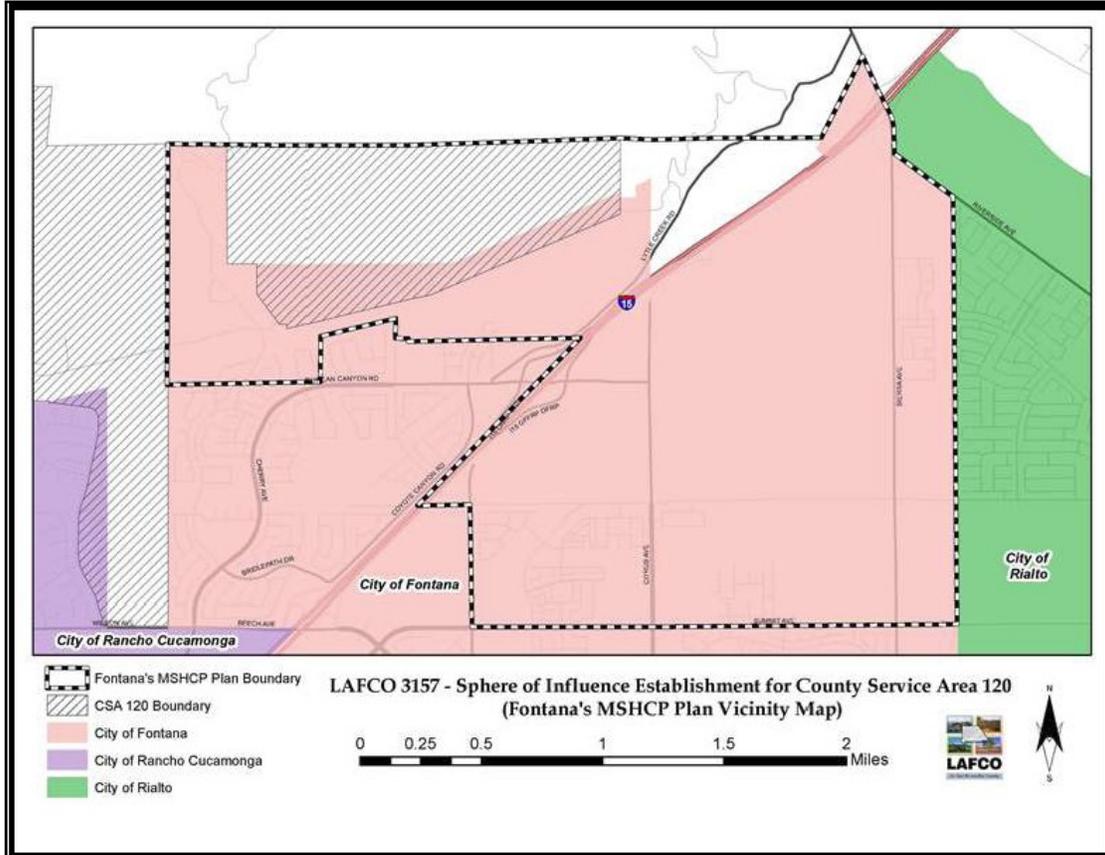

The present and planned land uses within the boundaries of CSA 120 include identification of open space uses and some rural level of residential development under the County General Plan. These uses are shown on the map below. Open space and Floodway designations within the area include those lands associated with flood control uses within Day Creek and the mitigation properties associated with the North Etiwanda Preserve as defined in 1998. However, the properties within the City of Fontana sphere of influence and within the boundaries of CSA 120, including mitigation lands deeded to CSA 120, along with most of the additional lands acquired for mitigation purposes in the Rancho Cucamonga sphere of influence have a SD-Res (Special Development -Residential) land use assignment by the County General Plan, contrary to the perpetual nature of the mitigation/conservation easement.

The City of Fontana General Plan assigns an open space designation to the territory within CSA 120 recognizing the future potential for habitat preservation. In addition, the City of Fontana has adopted a Multi-Species Habitat Conservation Plan (hereafter shown as MSHCP) and have indicated that the Interim MSHCP establishes a fee in-lieu of dedication to address mitigation. During the environmental assessment of the proposal, LAFCO's environmental consultant, Tom Dodson of Tom Dodson and Associates, reviewed an alternative that excluded the territory within

RESOLUTION NO. 3190

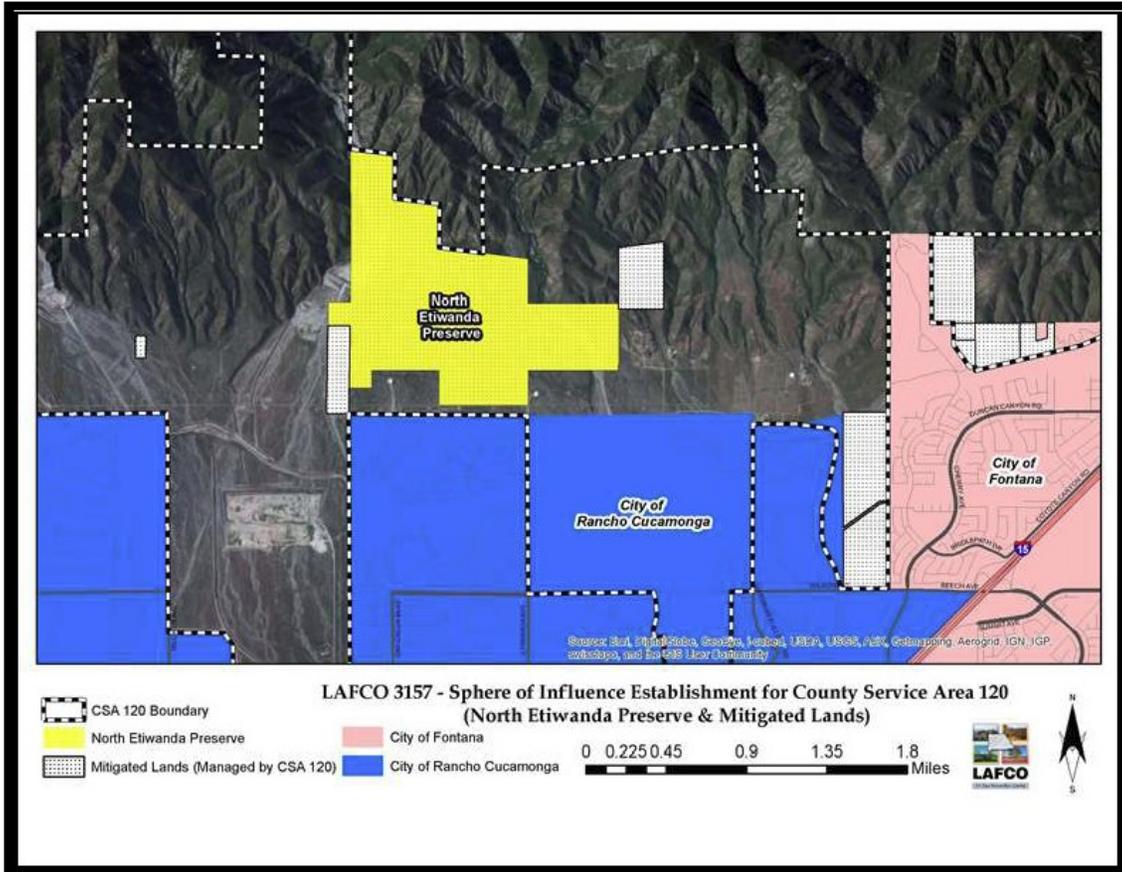

the City's MSHCP. The map below shows the relationship of the MSHCP territory to the existing boundaries of CSA 120.

2. The present and probable need for public facilities and services in the area;

Since 1998, mitigation lands have been managed by the County through its system of board-governed special districts. From 1998 through 2009, it was through CSA 70 Zones OS-1 and OS-3 and CSA 70 itself. From July 1, 2009 through the present day, it has been through CSA 120 in the area along the San Gabriel Mountains. These activities are managed under the auspices of the North Etiwanda Preserve Management Plan adopted in 2010 building upon its predecessor Cooperative Management Agreement of 1998. The lands now include approximately 1,207 acres and the management plan has divided the acreage into Unit 1 (original 762 acres of North Etiwanda Preserved) and Unit 2 (445 acres outside that boundary). The management of these lands is through deeded transfers of land ownership to CSA 70 OS-1 and CSA 70 (no quit claim transfer to the successor agency CSA 120 has taken place) and conservation easements transferred to the County of San Bernardino. A map of the lands under habitat management are shown below:

RESOLUTION NO. 3190

The acquisition of additional lands for mitigation management are regulated by the California Department of Fish and Wildlife through its state mandated due diligence process to review the qualifications of entities to manage endowments and to perform the mitigation management activities designed in a mitigation agreement. This process is undertaken through the completion of an “Application for governmental entity, special district or nonprofit organization requesting to hold and manage mitigation lands”. To date, CSA 120 has not submitted this report; therefore, it is not able to acquire additional mitigation properties for which an endowment is proposed. The only approved entities to manage mitigation lands within San Bernardino County are: Inland Empire Resource Conservation District, Center for Natural Lands Management, Southwest Resource Management Associates and Transition Habitat Conservancy.

Without this authorization, the need for a sphere of influence, even a coterminous one, is questionable as no new service can be provided. Therefore, to address this issue, the Commission adopts the following condition:

- **Within six months of the approval of the sphere of influence establishment County Service Area 120 shall have completed the due diligence process with the California Department of Fish and Wildlife to be declared an available recipient of mitigation properties in the future. Failure to do so will require a further analysis of the sphere of influence assignment.**

3. **The present capacity of public facilities and adequacy of public services that the agency provides or is authorized to provide;**

The discussion of the determination identified above for a single purpose County Service Area authorized to provide habitat management and historic preservation must revolve around the

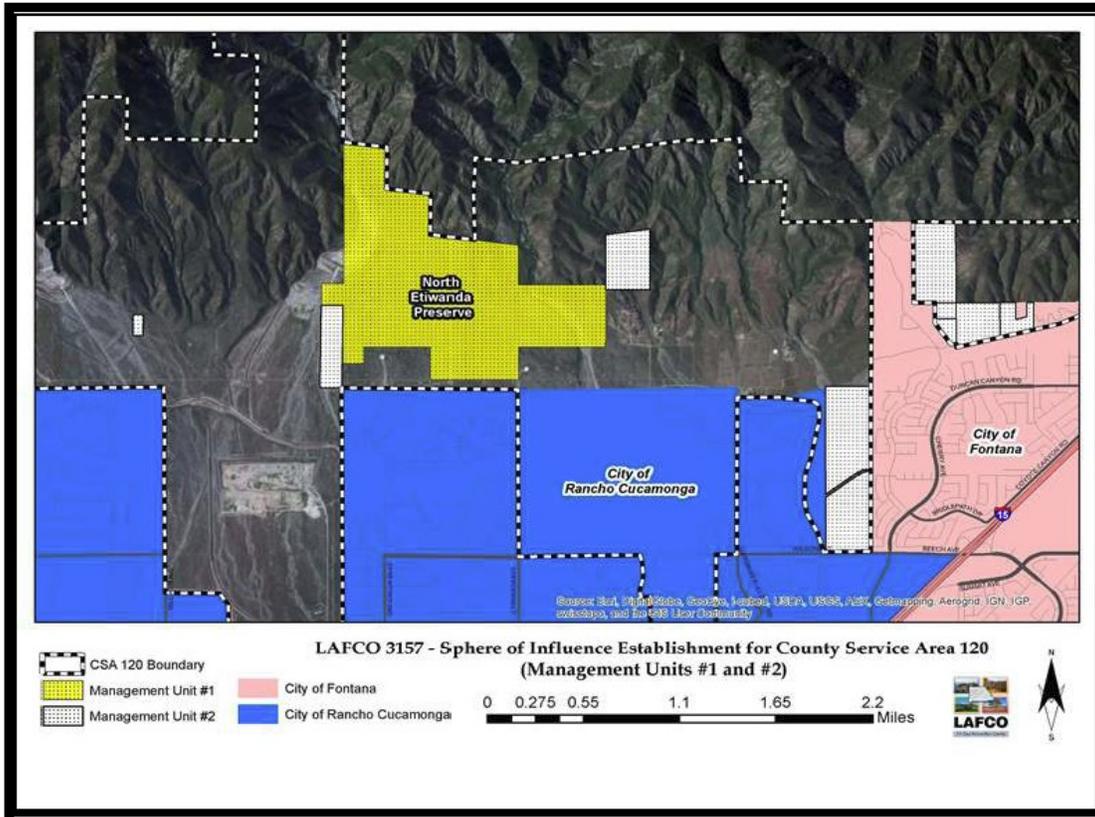

RESOLUTION NO. 3190

question of funding for the provision of mitigation management services envisioned in the mitigation management agreement or other contractual arrangement. In evaluating this determination, the Commission has looked at the funding mechanism for CSA 120 and the annual expenditure/revenue picture for the agency. While this information identifies significant concerns, it should be noted that the management of the district has attempted to continue its operations under the significant duress of the recession. As the information which follows identify, the interest earnings for this agency have plummeted making its ability to perform its mandated role difficult if not insurmountable. It is within this context that the Commission identifies its concerns.

The funding for the operations of CSA 120 is limited to the interest earned on the endowment funds received at the time that the properties are transferred to its ownership for management. The statutes require that the funds be used for the purposes identified in managing the mitigation properties from which the endowment is derived. In addition, CSA 120 has an adopted fee schedule that proposes a two-tier approach to funding, the endowment for long term management and a payment for management activities necessary to bring the property into compliance for perpetual management. The County fee schedule for CSA 120 is to identify the formula for determining the endowment amount; however, this element of the fee schedule is currently being reviewed by the California Department of Fish and Wildlife so it is not available for review at this time.

Since the inception of CSA 120 (through its predecessor agencies CSA 70 OS-1 and OS-3) it has acquired the primary properties identified as the "North Etiwanda Preserve" the 762 acres set aside for habitat mitigation by SanBAG and Caltrans for the development of the I-210 Freeway (acquired in 1998) and five other properties transferred for management between 2003 and 2010 related to housing development habitat mitigation requirements imposed by the State and other agencies as a part of the development process. As was outlined in the determination above, these properties are deeded to CSA 70 OS-1 and CSA 70 with the conservation easement required held in the name of the County of San Bernardino. Included as a condition of the approval in the formation of CSA 120 in 2009 was the requirement that the agency update the Management Plan for the North Etiwanda Preserve to address the management requirements for the additional 440 acres. In October 2010 the County Board of Supervisors, as the governing body of CSA 120, approved the revised Management Plan. This plan identified that the original 762 acre North Etiwanda Preserve would be identified as "Unit 1" and all other properties would be "Unit 2". Page 4 of the plan states "Regardless of future designations, all lands within the original 762 acre Preserve boundary is subject to any terms of this management plan specified for Unit 1, and all lands outside the original 762 acre Preserve are subject to any terms specified for Unit 2." The map below identifies the location of the mitigation lands held by CSA 120.

RESOLUTION NO. 3190

The chart which follows outlines the individual mitigation properties, the endowment for their perpetual management, and the interest earned by each property for the period of Fiscal Year 2007-08 through Fiscal Year 2012-13. This information is taken from the audits received as a part of the application process which are on file in the LAFCO office. Of concern to the Commission is that on several occasions during the processing of this proposal, information was requested on the work performed on those properties identified as Unit 2 and the response has always been that no mitigation work has been performed. Government Code Section 65968(c) specifies the disbursement of the interest earnings be limited to the property which funded the endowment; the section reads as follows:

“(c) The special district or nonprofit organization shall hold, manage, invest and disburse the funds in furtherance of the long-term stewardship of the property for which the funds were set aside.”

Therefore, the interest earned on each of the properties can only be used for activities related to the specific property. However, the interest earnings related to CSA 120 have been consolidated and used for the purpose of maintaining the original 762 acres of the North Etiwanda Preserve for years. The original determination was to require the repayment of \$112,884 which was disputed by County Special Districts staff. The following chart has been modified to show the interest earnings attributable to each of the endowments received by CSA 120 using the percentage that the endowment bears to the whole, but has been modified during consultation with the County Special Districts Department, to require the repayment only from those years 2010-11 through current. (It is noted that the 2013-14 amount is not known at this time but will be included upon issuance of the audit.) This modification identifies the interest which would need to be returned to the five endowments that comprise Unit 2 to make them whole, as approximately \$14,752.

RESOLUTION NO. 3190

Name of Owner	Date Acquired	Total Acreage	Endowment Funds Received	Interest Earned by Endowment Funds for Specific Properties						Total Interest by Conservation Property	% of Total Interest from 2008-13
				2008	2009	2010	2011	2012	2013

Granite Homes/ Rancho 2004 LLC	9/13/2005	86	\$215,400	\$10,523	\$7,402	\$5,103	\$1,849	\$858	\$917	\$26,652	13.92%
CENTEX Homes	10/2/2005	149	\$373,250	\$17,288	\$12,160	\$8,383	\$3,201	\$1,486	\$1,588	\$44,106	23.03%
Western Slope & Mineral Company	12/14/2010	5	\$12,500	\$0.00	\$0.00	\$0.00	\$110	\$51	\$55	\$216	0.11%
Total Interest Earned				\$75,166	\$52,869	\$36,448	\$13,796	\$6,404	\$6,844	\$191,526	100.00%
Total Non-Wasting Endowment			\$1,606,750								
Interest for Unit #2				\$42,093	\$29,606	\$20,411					
Interest to be returned to Endowment for Unit #2 due to lack of work performed on specific properties							\$7,281	\$3,611	\$ 3,860	\$14,752	

The following chart outlines, there is no funding available to repay this amount due to the limitations of the revenue stream directly available to CSA 120. Outstanding questions remain: How will this situation be rectified? How will the SanBAG dedicated properties repay the other endowments or will reports for management and operation of the other properties be provided that show some of the funds used for the appropriate purpose? The Commission determines to impose the following conditions on this sphere of influence establishment to clarify this situation:

- **Within six months of the approval of this sphere establishment County Service Area 120 shall have completed all reporting required by State law for the management of mitigation properties.**
- **Within six months of the approval of this sphere of influence establishment County Service Area 120 will have developed funding plans to restore endowment balances for those mitigation properties where mitigation work has not been performed but interest earnings used.**

The question that needs to be answered in this consideration is whether or not the agency is financially sustainable. If an entity is consistently expending more than it receives, its long term viability is suspect. The chart which follows identifies the expenditures and revenues for the three accounts associated with CSA 120 – general, endowment, and capital projects. The data is taken from audits for the years 2006 through 2013 and budget data for years 2014 and 2015. The one major project within this time period was the development of the North Etiwanda Preserve trail system – design/environmental work in 2007 and 2008 and construction in 2009. This project entailed the construction of a trail system, kiosks, benches, and historic preservation. The maintenance of this system has become one of the primary operations of CSA 120 but comes without any source of funding for maintenance and operation. The following table includes the costs for the development of this facility:

*Audit was revised; received by LAFCO staff on October 8, 2014

RESOLUTION NO. 3190

The use of endowment funds for the purpose of maintenance and operation of these facilities is of concern to the Commission. The responsibility for the operation should come from some other general sources of funding, such as a share of the general property tax levy, not the restricted revenues associated with the endowment properties. Therefore, Commission adopts the following condition in the approval of the sphere of influence establishment:

- **Within six months of the approval of the sphere of influence establishment for CSA 120, management of the County Special Districts Department shall develop a mechanism to provide for the maintenance and operation of the improvements constructed through the 2008-09 State Park grant without use of the endowment funds established for mitigation purposes only.**

An additional ongoing concern for the Commission is that the County Auditor-Controller has not updated the chart of accounts to acknowledge the existence of CSA 120. Case in point, up until 2013 the audits were issued for CSA 70 OS-1 and the "Budget Prep" documents provided by the County Special Districts Department with information necessary for the review of the 2014 and 2015 budget detail are titled "CSA 70 OS-1". While this may appear on the surface as a trivial matter, this directly impacts the County's reporting to the State Controller on the operations of special districts since CSA 70 and its various zones are reported as a single unit. One of the questions asked in the application to the California Department of Fish and Wildlife is whether or not the special district is current in its reporting requirements to the State Controller. To answer this question is now problematic for CSA 120 and the County.

As to the question of sustainability under the audit information outlined above, out of the eight years shown, six have operated at a deficit between revenues and expenditures within the fiscal year. In addition, the budget detail also shows that the district operates in the red without the infusion of funds from other sources. While the Commission has imposed a condition of approval related to the repayment of the endowment funds, as the chart above outlines, there are no current revenues available to provide for this. The question then to be answered at the end of the six month period is whether or not CSA 120 is sustainable for the long term? And if not what then? It is the position of the Commission that the service review to be presented in the future needs to answer these questions.

The final point in this discussion is that the County amendment for exclusion of the City of Fontana MSHCP from the sphere of influence establishment is an indication of the Commission's direction that the area should ultimately be removed from the boundaries of CSA 120. Such a future detachment would take with it the \$330,000 in endowment funds on deposit with CSA 120, representing approximately 20% of the endowment. The ramification of this change will need to be carefully addressed.

4. The existence of any social or economic communities of interest in the area;

In a typical sphere of influence review the question of social or economic communities of interest relates to the future development of the area and its associated identification with a specific community. However, for an entity that provides for the management of mitigation lands its economic community of interest would be the area from which mitigation properties could be assembled. That community would be the territory running along the foothills of the San Gabriel Mountains which support the endangered species identified by the local, state and federal wildlife agencies. This sphere of influence determination addresses a portion of this area.

RESOLUTION NO. 3190

5. OTHER FINDINGS

- A. As required by State Law notice of the hearing was provided through publication in a newspaper of general circulation, *The Inland Valley Bulletin*. Individual notice was not provided as allowed under Government Code Section 56157 as such mailing would include more than 1,000 individual notices. As outlined in Commission policy, an eighth page legal ad was provided.
- B. As required by State Law, individual notification was provided to affected and interested agencies, County departments, and those agencies and individual requesting mailed notice.
- C. Comments from landowners and any affected local agency have been reviewed and considered by the Commission in making its determination.

WHEREAS, pursuant to the provisions of Government Code Section 56425(i) the range of services provided by County Service Area 120 shall be limited to the following:

CSA 120	Open space and habitat conservation	Open space and habitat conservation including, but not limited to, the acquisition, preservation, maintenance, and operation of land to protect unique, sensitive, threatened, or endangered species, or historical or culturally significant properties. Any setback or buffer requirements to protect open-space or habitat lands shall be owned by a public agency and maintained by the county service area so as not to infringe on the customary husbandry practices of any neighboring commercially productive agricultural, timber or livestock operations.
----------------	-------------------------------------	---

WHEREAS, having reviewed and considered the findings as outlined above, the Commission establishes the sphere of influence for County Service Area 120 as outlined on the Exhibits attached to this resolution subject to the following conditions:

1. Within six months of the approval of the sphere of influence establishment County Service Area 120 shall have completed the due diligence process with the California Department of Fish and Wildlife to be declared an available recipient of mitigation properties in the future. Failure to do so will require a further analysis of the sphere of influence assignment.
2. Within six months of the approval of the sphere establishment County Service Area 120 shall have completed all reporting required by State law for the management of mitigation properties.
3. Within six months of the approval of the sphere of influence establishment County Service Area 120 will have developed funding plans to restore endowment balances for those mitigation properties where mitigation work has not been performed but interest earnings used.
4. Within six months of the approval of the sphere of influence establishment for CSA 120, management of the County Special Districts Department shall develop a mechanism to provide

RESOLUTION NO. 3190

for the maintenance and operation of the improvements constructed through the 2008-09 State Park grant without use of the endowment funds established for mitigation purposes only.

- 5. LAFCO staff is to provide ongoing monitoring of the completion of the activities outlined in the preceding conditions with periodic updates provided to the Commission.

NOW, THEREFORE, BE IT RESOLVED by the Local Agency Formation Commission of the County of San Bernardino, State of California, that this Commission shall consider the territory described in Exhibits "A" and "A-1" as being within the sphere of influence of County Service Area 120, it being fully understood that establishment of such a sphere of influence is a policy declaration of this Commission based on existing facts and circumstances which, although not readily changed, may be subject to review and change in the event a future significant change of circumstances so warrants.

BE IT FURTHER RESOLVED that the Local Agency Formation Commission of the County of San Bernardino, State of California, does hereby determine that the County of San Bernardino shall indemnify, defend, and hold harmless the Local Agency Formation Commission of the County of San Bernardino from any legal expense, legal action, or judgment arising out of the Commission's approval of this sphere establishment, including any reimbursement of legal fees and costs incurred by the Commission.

THIS ACTION APPROVED AND ADOPTED by the Local Agency Formation Commission of the County of San Bernardino by the following vote:

AYES: COMMISSIONERS: Bagley, Cox, Farrell, Lovingood, McCallon, Ramos, Williams

NOES: COMMISSIONERS: None

ABSENT: COMMISSIONERS: Curatalo (Mr. Farrell voting in his stead)
