LAFCO hearing.

LAFCO

San Bernardino County

My name is Alicia Vargas  
I live on 214 S. Newport Ave.  
San Bernardino CA, 92408.

I'm still making payment  
in my house.

I received a letter from Local  
Agency Formation Commission  
regarding <sup>County</sup> Fire Protection District  
it informed me about I have (residents)  
to pay \$143.92 parcel for the year 2015-  
2016.

I refuse to pay the money because  
just I make my living necessities, I'm  
a widow and I working part time only  
and also I'm a Senior person.

I would like to have extra  
money to help you resolve this  
problem because I know, we must  
need Fire <sup>many</sup> department in our Community  
that is very important, I would like  
you to find the way to solve this  
solution in our San Bernardino City.

I would appreciate your  
cooperation. for understanding  
my situation. Thank you very much.  
Sincerely Alicia Vargas

I am not able to attend the Jan 27, 2016 meeting regarding the proposal to transfer the current City of San Bernardino's fire service to the County primarily due to the increase in taxes. Although I am not yet well versed on how taxes are implemented without voting on them, but it seems it should require public approval before it passes.

Why must we residents of San Bernardino pay extra taxes for fire service on top of the taxes we pay to the City? If the City will no longer provide fire service, why can't those savings be applied to these proposed special taxes?

I'd like to express another issue, which is the date of these hearings. I see this hearing is scheduled during the middle of the week commencing at 9am. How the heck are we normal residents supposed to take time off of work to attend a meeting when we are at work trying to make ends meet? These important meetings are important and should be scheduled on either weekends or 6pm or after so the hard working residents can have their say.

In short, we oppose LAFCO 3198.
