**INDEPENDENT AUDITOR'S REPORT**

We have audited the accompanying financial statements of the governmental activities and the major fund of the Rim of the World Recreation and Park District (District), California as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

**Management's responsibility for the financial statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America as well as the State Controller's *Minimum Audit Requirements for California Special Districts*; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

**Auditor's responsibility**

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the State Controller's *Minimum Audit Requirements for California Special Districts*. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

## Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and the major fund of the Rim of the World Recreation and Park District as of June 30, 2015, and the respective changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America as well as accounting systems prescribed by the State Controller's Office and state regulations governing special districts.

## Other matters

### *Required supplementary information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and the budgetary comparison information as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

**Rim of the World Recreation and Park District  
Management's Discussion and Analysis  
For the Year Ended June 30, 2015**

The following Management's Discussion and Analysis (MD&A) of activities and financial performance of the Rim of the World Recreation & Park District (District) provides an introduction to the financial statements of the District for the fiscal year ended June 30, 2015. We encourage readers to consider the information presented here in conjunction with the basic financial statements and related notes, which follow this section.

**Financial Highlights**

- The District's net position increased 10.38% or \$169,427 to \$1,801,381 in 2015 as a result of current year operations.
- During the year, the District's assessment revenues increased slightly by 1.96% or \$15,043 in 2015.
- Overall, revenues decreased by 1.20% or \$13,640 to \$1,124,831 in 2015. This overall decrease was a combination of a positive increase in revenues from assessments and a decrease of \$22,992 in recreation fees.
- In the fund statements, total expenditures decreased by 1.30% or \$12,435 to \$944,548 in 2015. The decrease was a combination of administrative expenses wages increasing and a decrease in amounts paid to recreation instructors.

**Using This Financial Report**

This annual report consists of a series of financial statements. The Statement of Net Position and the Statement of Activities provide information about the activities and performance of the District using accounting methods similar to those used by private sector companies. The Statement of Net Position includes all of the District's investments in resources (assets) and the obligations to creditors (liabilities). It also provides the basis for computing a rate of return, evaluating the capital structure of the District and assessing the liquidity and financial flexibility of the District. All of the current year's revenue and expenses are accounted for in the Statement of Activities. This statement measures the success of the District's operations over the past year and can be used to determine the District's profitability and credit worthiness.

**Government-wide Financial Statements**

**Statement of Net Position and Statement of Activities**

One of the most important questions asked about the District's finances is, "Is the District better off or worse off as a result of this year's activities?" The Statement of Net Position and the Statement of Activities report information about the District in a way that helps answer this question. These statements include all assets and liabilities using the *accrual basis of accounting*, which is similar to the accounting used by most private sector companies. All of the current year's revenues and expenses are taken into account regardless of when the cash is received or paid.

**Rim of the World Recreation and Park District  
Management's Discussion and Analysis  
For the Year Ended June 30, 2015**

These two statements report the District's *net position* and changes in them. Think of the District's net position - the difference between assets and liabilities - as one way to measure the District's financial health, or *financial position*. Over time, *increases or decreases* in the District's net position are one indicator of whether its *financial health* is improving or deteriorating. You will need to consider other non-financial factors; however, such as changes in the District's property tax base to assess the *overall health* of the District.

**Governmental Funds Financial Statements**

**Balance Sheet and Statement of Revenues, Expenditures and Changes in Fund Balance**

*Governmental funds* are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating a government's near term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balance provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

**Notes to the Basic Financial Statements**

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

**Rim of the World Recreation and Park District  
Management's Discussion and Analysis  
For the Year Ended June 30, 2015**

**Government-wide Financial Analysis**

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the District, assets of the District exceeded liabilities by \$1,801,381 as of June 30, 2015.

	<u>2015</u>	<u>2014</u>	<u>% change</u>	<u>\$ change</u>
<b>Assets:</b>				
Current and other	\$ 708,761	\$ 579,501	22.31%	\$ 129,260
Capital, net	<u>2,338,139</u>	<u>2,398,927</u>	-2.53%	(60,788)
<b>Total assets</b>	<u>3,046,900</u>	<u>2,978,428</u>	2.30%	
<b>Liabilities:</b>				
Current and other	118,962	178,674	-33.42%	(59,712)
Due in more than one year	<u>1,126,557</u>	<u>1,167,800</u>	-3.53%	(41,243)
<b>Total liabilities</b>	<u>1,245,519</u>	<u>1,346,474</u>	-7.50%	
<b>Net position:</b>				
Net investment in capital assets	1,861,329	1,907,616	-2.43%	(46,287)
Unrestricted (deficit)	<u>(59,948)</u>	<u>(275,662)</u>	-78.25%	215,714
<b>Total net position</b>	<u>\$ 1,801,381</u>	<u>\$ 1,631,954</u>	10.38%	

\$1,861,329 of the District's net position as of June 30, 2015, reflects its investment in capital assets (net of accumulated depreciation), less any related debt used to acquire those assets that is still outstanding. The District uses these capital assets to operate the District; consequently, these assets are *not* available for future spending. At the end of fiscal year 2015, the District showed a deficit balance in its unrestricted net position of \$59,948.

**Rim of the World Recreation and Park District  
Management's Discussion and Analysis  
For the Year Ended June 30, 2015**

The statement of activities shows how the government's net position changed during the fiscal year. In the case of the District, net position increased by \$169,427 for the fiscal year ended June 30, 2015.

Revenues:	2015	2014	% change	\$ change

Net position, ending	<u>\$ 1,801,381</u>	<u>\$ 1,631,954</u>		

**Governmental Funds Financial Analysis**

The focus of the District's *governmental funds* is to provide information on near-term inflows, outflows, and balances of *spendable* resources. Such information is useful in assessing the District's financing requirements. In particular, the *unreserved fund balance* may serve as a useful measure of the government's net resources for spending at the end of the fiscal year.

As of June 30, 2015, the District's Governmental Fund reported a fund balance of \$589,799, of which \$519,189 is unassigned and available for future District expenditures. \$70,610 of fund balance has been assigned for various reserve accounts.

**Rim of the World Recreation and Park District

<b>Total expenditures</b>	<b>944,548</b>	<b>956,983</b>	<b>-1.30%</b>	<b>(12,435)</b>
Excess of revenues over expenditures	180,283	181,488		
<b>OTHER FINANCING SOURCES (USES)</b>				
Issuance of debt	500,000	-		
Refunding of debt	(491,311)	-		
Issuance of debt - withdrawal from pension plan	-	669,204		
<b>Total other financing sources (uses)</b>	<b>8,689</b>	<b>669,204</b>		
<b>SPECIAL ITEM</b>				
Withdrawal from retirement plan	-	(669,204)		
Net change in fund balance	188,972	181,488		
Fund balance, beginning of year	400,827	219,339		
Fund balance, end of year	<u>\$ 589,799</u>	<u>\$ 400,827</u>		

Overall fund financial statement revenues decreased by 1.20%. The decrease was mainly due to the decrease in recreation fee revenues. Expenditures decreased by 1.30%.

**Rim of the World Recreation and Park District  
Management's Discussion and Analysis  
For the Year Ended June 30, 2015**

**Capital Asset Administration**

Changes in capital assets for fiscal year 2015 were as follows:

	<u>2015</u>	<u>2014</u>	<u>% change</u>	<u>\$ change</u>
Capital assets not being depreciated	\$ 1,312,849	\$ 1,312,849	0.00%	\$ -
Capital asset being depreciated	2,060,882	2,060,882	0.00%	-
Less accumulated depreciation	<u>(1,035,592)</u>	<u>(974,804)</u>	6.24%	(60,788)
<b>Total capital assets, net</b>	<b><u>\$ 2,338,139</u></b>	<b><u>\$ 2,398,927</u></b>	-2.53%	(60,788)

At the end of fiscal year 2015, the District's investment in capital assets amounted to \$2,338,139 (net of accumulated depreciation). This investment in capital assets is primarily comprised of basic infrastructure assets and equipment. For more information regarding capital assets, please see Note 3 to the basic financial statements.

**Long-term Liabilities Administration**

Long-term liabilities for fiscal year 2015 were as follows:

	<u>2015</u>	<u>2014</u>	<u>% change</u>	<u>\$ change</u>
Note payable - Union Bank	\$ -	\$ 491,311	-100.00%	\$ (491,311)
Note payable - California Bank & Trust	476,810	-	100.00%	476,810
SBCERA loan	619,014	652,474	100.00%	(33,460)
Compensated absences	<u>30,733</u>	<u>24,015</u>	27.97%	6,718
<b>Total capital assets, net</b>	<b><u>\$ 1,126,557</u></b>	<b><u>\$ 1,167,800</u></b>	-3.53%	(41,243)

At the end of fiscal year 2015, the District had secured debt of \$476,810, of which \$465,595 is designated as long-term. Similarly, the District had \$30,733 in compensated absences, of which \$21,513 is designated as long-term. The District also entered into a loan agreement with the San Bernardino County Employees' Association to pay for the unfunded portion of the District's pension liability due to the District's termination from the plan. Of the SBCERA debt, \$585,554 is considered long-term. For additional information regarding long-term liabilities, please see Note 4 to the basic financial statements.

**Conditions Affecting Current Financial Position**

Management is unaware of any conditions, which could have a significant impact on the District's current financial position, net position or operating results in terms of past, present and future.

**Requests for Information**

This financial report is designed to provide the District's funding sources, customers, stakeholders and other interested parties with an overview of the District's financial operations and financial condition. Should the reader have questions regarding the information included in this report or wish to request additional financial information, please contact the District's General Manager at P.O. Box 8 – 26577 State Highway 18, Rimforest, CA 92378.

 Statement of Activities  
 For the year ended June 30, 2015**

**Net change in fund balance - total governmental fund** \$ 188,972

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense, or are allocated to the appropriate functional expense when the cost is below the capitalization threshold. This activity is reconciled as follows:

Depreciation expense (60,788)

Issuance of debt provides current financial resources to governmental funds, while the repayment of principal consumes financial resources of governmental funds. Neither transaction, however, has any effect on net position.

Principal payments 56,650  
 Payment of debt 491,311  
 Issuance of debt (500,000)

Compensated absences expenses reported in the statements of activities do not require the use of current financial resources and therefore are not reported as expenditures in the governmental funds.

Change in compensated absences (6,718)

**Change in net position of governmental activities** \$ 169,427

*The accompanying notes are an integral part of these financial statements.*

**Rim of the World Recreation and Park District  
Notes to the Basic Financial Statements  
For the year ended June 30, 2015**

**Note 1: Summary of Significant Accounting Policies**

The accounting policies of the Rim of the World Recreation and Park District (the District) conform to generally accepted accounting principles.

***Organization***

The District was established on December 5, 1985 by the issuance of the Certificate of Completion by the Local Agency Formation Commission (LAFCO). The District is governed by an elected Board of Directors, elected by District voters.

The District acquires and manages parks for public use, organizes and manages recreational activities, as well as assisting other groups and organizations with recreational endeavors. Childcare is also provided at various locations within the District to provide recreational activities for children as well as providing needed daytime child supervision for the individuals within the District.

The District's primary source of revenue comes from a \$22 per parcel special parcel tax for each non-exempt parcel (parcels located within Cedar Pines Park as well as government owned parcels are considered exempt) within the District boundaries. In addition, the District charges childcare fees, recreational fees for various programs as well as facilities use fees, including reimbursements for various costs such as ball field lighting. The District has no power to levy and collect taxes.

***Basis of accounting and measurement focus***

The *basic financial statements* of the District are composed of the following:

- Government-wide financial statements
- Fund financial statements
- Notes to the basic financial statements

***Government-wide financial statements***

Government-wide financial statements display information about the reporting government as a whole; except for any fiduciary activities (the District has no fiduciary activities). Those statements include separate columns for the governmental and business-type activities of the entity (including any blended component units), as well as its discretely presented component units. The District has no business-type activities or component units.

Government-wide financial statements are presented using the *economic resources measurement focus* and the *accrual basis of accounting*. Under the economic resources measurement focus, all (both current and long-term) economic resources and obligations of the reporting government are reported in the government-wide financial statements. *Basis of accounting* refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. Under the accrual basis of accounting, revenues, expenses, gains, losses, assets, and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place.

**Rim of the World Recreation and Park District  
Notes to the Basic Financial Statements  
For the year ended June 30, 2015**

**Note 1: Summary of Significant Accounting Policies (continued)**

Program revenues include charges for services and payments made by parties outside of the reporting government's citizenry if that money is restricted to a particular program. Program revenues are netted with program expenses in the statement of activities to present the net cost of each program.

Amounts paid to acquire capital assets are capitalized as assets in the government-wide financial statements, rather than reported as an expenditure. Proceeds from debt issued are recorded as a liability in the government-wide financial statements, rather than as *other financing source*. Amounts paid to reduce long-term indebtedness of the reporting government are reported as a reduction of the related liability, rather than as an expenditure.

***Net position flow assumption***

Sometimes the District will fund outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted - net position and unrestricted - net position in the government-wide and proprietary fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, then unrestricted resources as they are needed.

***Fund financial statements***

The underlying account system of the District is organized and operated on the basis of separate funds, each of which is considered to be a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, fund equity, revenues and expenditures or expenses, as appropriate. Governmental resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled.

Fund financial statements for the District's governmental fund are presented after the government-wide financial statements. These statements display information about major funds individually and non-major funds in the aggregate for governmental funds. Currently, the District has only one fund.

***Governmental funds***

In the fund financial statements, the governmental fund is presented using the *modified-accrual basis of accounting*. Revenues are recognized when they become *measurable* and *available*. *Measurable* means that the amounts can be estimated, or otherwise determined. *Available* means that the amounts were collected during the reporting period or soon enough thereafter to be available to finance the expenditures accrued for the reporting period. The District uses a sixty day availability period.

Revenue recognition is subject to the *measurable* and *availability* criteria for the governmental fund in the fund financial statements. *Exchange transactions* are recognized as revenues in the period in which they are earned (i.e., the related goods or services provided). *Locally imposed derived tax revenues* are recognized as revenues in the period in which the underlying exchange transaction upon which they are based takes place. *Imposed non-exchange transactions* are recognized as revenues in the period for which they were imposed. If the period of use is not specified, they are recognized as revenues when an enforceable legal claim to the revenues arises or when they are received, whichever occurs first. *Government-mandated and voluntary non-exchange transactions* are recognized as revenues when all applicable eligibility requirements have been met.

Rim of the World Recreation and Park District  
Notes to the Basic Financial Statements  
For the year ended June 30, 2015

**Note 1: Summary of Significant Accounting Policies (continued)**

In the fund financial statements, governmental funds are presented using the *current financial resources measurement focus*. This means that only current assets and current liabilities are generally included on their balance sheets. The reported fund balance is considered to be a measure of "available spendable resources." Governmental fund operating statements present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets. Accordingly, they are said to present a summary of sources and uses of "available spendable resources" during a period.

Because of their spending measurement focus, expenditure recognition for governmental fund types excludes amounts represented by noncurrent liabilities. Since they do not affect net current assets, such long-term amounts are not recognized as governmental fund type expenditures or fund liabilities.

Amounts expended to acquire capital assets are recorded as *expenditures* in the year that resources were expended, rather than as fund assets. The proceeds of debt issued are recorded as *other financing sources* rather than as a fund liability. Amounts paid to reduce long-term indebtedness are reported as fund expenditures.

***Fund balance flow assumptions***

Sometimes the District will fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance). In order to calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements a flow assumption must be made about the order in which the resources are considered to be applied. It is the government's policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

***Accounts receivable***

Accounts receivable are reported at their estimated net realizable value. The allowance for doubtful accounts is estimated based on the District's historical losses and existing economic conditions. Because of the inherent uncertainty in estimating bad debts, it is reasonably possible that the estimates used to calculate the allowance will change in the near term. Currently, accounts receivable are reported in the financial statements as follows:

Accounts receivable	\$	18,413
Allowance for uncollectible accounts		(11,314)
Net realizable value	\$	7,099

***Fund classifications***

The following fund is presented as a major fund in the accompanying basic financial statements:

The *General Fund* is used to account for all activity not required to be accounted for in another fund.

**Rim of the World Recreation and Park District  
Notes to the Basic Financial Statements  
For the year ended June 30, 2015**

**Note 1: Summary of Significant Accounting Policies (continued)**

***Fair value investments***

GASB Statement No. 31 establishes fair value standards for investments in participating interest earning investment contracts, external investment pools, equity securities, option contracts, stock warrants and stock rights that have readily determinable fair values. Accordingly, the District reports its investments at fair value in the balance sheet. All investment income, including changes in the fair value of investments, is recognized as revenue in the operating statement.

***Cash and investments***

Cash and investments are reported in the accompanying balance sheet at fair value. Changes in fair value that occur during a fiscal year are recognized as *investment earnings* reported for that fiscal year. *Investment earnings* include interest earnings, changes in fair value, and any gains or losses realized upon the liquidation or sale of investments.

***Capital assets***

Capital assets of \$5,000 or more are capitalized with a useful life of over one year. Capital assets are recorded at cost for asset purchases where historical records are available and at an estimated historical cost where no historical records exist. Contributed capital assets are valued at their estimated fair market value at the date of the contribution.

The estimated useful lives of capital assets using the straight-line method of depreciation are as follows:

Category	Useful life
Buildings and improvements	10 – 50 years
Machinery and equipment	2 – 20 years

***Compensated absences***

Salaried full-time employees earn personal time off benefits, and can accumulate a balance from year to year. The amount payable in future years when used by the District's employees amounted to \$30,733 at June 30, 2015.

***Use of estimates***

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenditures during the reporting period. Accordingly, actual results could differ from these estimates.

***Property taxes/assessments***

The County of San Bernardino (County) bills and collects property taxes/assessments on behalf of numerous special districts and incorporated cities, including the District. The District's collections of current year taxes/assessments are received through periodic apportionments from the County.

**Rim of the World Recreation and Park District  
Notes to the Basic Financial Statements  
For the year ended June 30, 2015**

**Note 1: Summary of Significant Accounting Policies (continued)**

The County's tax calendar is from July 1 to June 30. Property taxes/assessments attach a lien on the property on March 1. Taxes/assessments are levied on July 1 and are payable in two equal installments on November 1 and February 1, and become delinquent after December 10 and April 10, respectively.

***Fund equity***

The District reports its fund balance in accordance with GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*. The following classifications describe the relative strength of the spending constraints placed on the purposes for which resources can be used:

- Nonspendable – amounts that are not in a spendable form (such as inventory) or are required to be maintained intact.
- Restricted – amounts constrained to specific purposes by their providers (such as grantors, bondholders and higher levels of government), through constitutional provisions or by enabling legislation.
- Committed – amounts constrained to specific purposes by a government itself, using the highest level of decision-making authority; to be reported as committed, amounts cannot be used for any other purpose unless the government takes the same highest level action to remove or change the constraint.
- Assigned – amounts a government intends to use for a specific purpose; intent can be expressed by the governing body or by an official or body to which the governing body delegates the authority.
- Unassigned – amounts that are for any purpose; positive amounts are reported only in a general fund.

The District Board (the highest level of authority), establishes (and modifies or rescinds) fund balance commitments by passage of an ordinance or resolution. The Board has not formally authorized any individual or body to assign fund balance, and therefore, all assignments of fund balance are authorized by the Board.

***Deferred inflows and outflows***

Deferred outflows of resources are transactions that result in the consumption of net assets in one period that are applicable to future periods and are not considered assets as described by the statement. Deferred outflows of resources are required to be presented separately after assets on the statement of net position.

Deferred inflows of resources are transactions that result in the acquisition of net assets in one period that are applicable to future periods and are not considered to be liabilities as described by the statement. Deferred inflows of resources are required to be presented separately after liabilities on the statement of net position.

The statement defines net position as the residual of all other elements presented in a statement of financial position. It is the difference between (a) assets and deferred outflows of resources and (b) liabilities and deferred inflows of resources.

**Rim of the World Recreation and Park District  
Notes to the Basic Financial Statements  
For the year ended June 30, 2015**

**Note 2: Cash and Investments**

Cash and investments as of June 30, 2015 are classified in the accompanying financial statements as follows:

Statement of net position:

Cash	\$	669,513
Total cash and investments	\$	669,513

Cash and investments as of June 30, 2015 consist of the following:

Bank deposits	\$	669,213
Petty cash and undeposited funds		300
Total cash and investments	\$	669,513

***Equity in the cash and investment pool of the County of San Bernardino***

Cash and investments includes the cash balance of monies deposited with the County of San Bernardino Treasurer which are pooled and invested for the purpose of increasing earnings through investment activities. Interest earned on pooled investments is deposited to the District's account based upon the District's average daily deposit balance during the allocation period. Cash and cash equivalents are shown at the fair value as of June 30, 2015. During the current year, the District removed all of its funds with the County pool and deposited them with California Bank & Trust.

**Investments authorized by the California Government Code and the District's investment policy**

The table below identifies the *investment types* that are authorized for the District by the California Government Code and the District's investment policy. The table also identifies certain provisions of the California Code (or the District's investment policy, if more restrictive) that address *interest rate risk* and *concentration of credit risk*. This table does not address investments of debt proceeds held by bond trustees that are governed by the provisions of debt agreements of the District, rather than the general provisions of the California Government Code or the District's investment policy.

**Rim of the World Recreation and Park District  
Notes to the Basic Financial Statements  
For the year ended June 30, 2015**

**Note 2: Cash and Investments (continued)**

Investment types authorized by investment policy	Maximum maturity*	Maximum percentage of portfolio*	Maximum investment in one issuer*
Bonds issued by the District	5 years	None	None
US Treasury bills, notes and bonds	5 years	None	None
Registered State warrants, notes or bonds	5 years	None	None
Local Agency debt	5 years	None	None
US Agency obligations	5 years	None	None
Bankers acceptances	180 days	40%	30%
Commercial paper	180 days	15%	10%

Repurchase agreements	1 year	None	None
Reverse repurchase agreements	92 days	20%	None
Corporate medium term notes	5 years	30%	None
Money market mutual funds	N/A	20%	10%
Collateralized bank deposits	5 years	None	None
Mortgage pass through securities	5 years	20%	None

\* = Based on state law requirements or investment policy requirements, whichever is more restrictive.

**Disclosure relating to interest rate risk**

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment the greater the sensitivity of its fair value to changes in market interest rates. One of the ways that the District manages its exposure to interest rate risk is by diversifying its investment maturities evenly over time as necessary to provide the cash flow and liquidity needed for operations. At June 30, 2015, the District only held deposits with financial institutions.

***Disclosures relating to interest rate risk, credit risk and custodial credit risk***

At June 30, 2015, the District had aggregate deposits of \$699,513 with California Bank & Trust subject to FDIC insurance and collateralized by the bank.

**Rim of the World Recreation and Park District**  
**Notes to the Basic Financial Statements**  
**For the year ended June 30, 2015**

**Note 2: Cash and Investments (continued)**

***Disclosures relating to credit risk***

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. The District holds no investments subject to credit risk.

***Custodial credit risk***

Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. The custodial credit risk for investments is the risk that, in the event of failure of the counterparty (e.g., broker-dealer) to a transaction, a government will not be able to recover the value of its investment or collateral securities that are in the possession of another party. The California Government Code and the District's investment policy do not contain legal or policy requirements that would limit the exposure to custodial credit risk for deposits or investments, other than the following provisions for deposits.

The California Government Code requires that a financial institution secure deposits made by state or local governmental units by pledging securities in an undivided collateral pool held by a depository regulated under state law (unless so waived by the governmental unit). The market value of the pledged securities in the collateral pool must equal at least 110% of the total amount deposited by the public agencies. California law also allows financial institutions to secure District deposits by pledging first trust deed mortgage notes having a value of 150% of the secured public deposits.

***Concentration of credit risk***

The investment policy of the District contains no limitations on the amount that can be invested in any one issuer beyond that stipulated by the California Government Code. There were no investments in any one issuer (other than U.S. Treasury securities, mutual funds and external investment pools) that represent 5% or more of *total District investments* for the year ended June 30, 2015.

**Rim of the World Recreation and Park District  
Notes to the Basic Financial Statements  
For the year ended June 30, 2015**

**Note 3: Capital Assets**

Changes in capital assets for the fiscal year ended June 30, 2015, were as follows:

	Beginning balance	Additions	Deletions	Ending balance
<b><i>Governmental activities</i></b>				
Capital assets not being depreciated:				
Land	\$ 574,257	\$ -	\$ -	\$ 574,257

<b>Total capital assets being depreciated</b>	<b>2,060,882</b>	<b>-</b>	<b>-</b>	<b>2,060,882</b>
Less accumulated depreciation	(974,804)	(60,788)	-	(1,035,592)
<b>Total capital assets being depreciated, net</b>	<b>1,086,078</b>	<b>(60,788)</b>	<b>-</b>	<b>1,025,290</b>
<b>Total capital assets, net</b>	<b>\$ 2,398,927</b>	<b>\$ (60,788)</b>	<b>\$ -</b>	<b>\$ 2,338,139</b>

Depreciation expense has been charged to the following functions as follows:

Administration	\$ 9,379
Recreation	46,409
Childcare	5,000
<b>Total depreciation expense</b>	<b>\$ 60,788</b>

**Rim of the World Recreation and Park District  
Notes to the Basic Financial Statements  
For the year ended June 30, 2015**

**Note 4: Long-Term Liabilities**

Changes in long-term debt for the fiscal year ended June 30, 2015, were as follows:

	Beginning balance	Additions	Deletions	Ending balance	Current portion
Note payable - Union Bank	\$ 491,311	\$ -	\$ (491,311)	\$ -	\$ -
Note payable - California Bank & Trust	-	500,000	(23,190)	476,810	11,215
SBCERA loan	652,474	-	(33,460)	619,014	33,460
Compensated absences	24,015	6,718	-	30,733	9,220
Total long-term liabilities	<u>\$ 1,167,800</u>	<u>\$ 506,718</u>	<u>\$ (547,961)</u>	<u>\$ 1,126,557</u>	<u>\$ 53,895</u>

Outstanding at  
June 30, 2015

**Note payable - Union Bank**

In November 2005, the District refinanced its \$600,000 note payable, which was due on March 3, 2006, for \$606,000. The note requires monthly payments of \$4,037 based on a 25 year amortization schedule at an interest rate of 6.35%. See below.

\$ -

**Note payable - California Bank & Trust**

In July 2014, the District refinanced its \$606,000 note payable with Union Bank with a note payable from California Bank & Trust. The new note requires monthly payments of \$3,058 based on a 10 year amortization schedule at a variable interest rate based on the lender's LIBOR/Swap rate which as of the date of the note was 5.379%. At no time shall the rate be below 5.200%. At the end of the tenth year, a balloon payment of approximately \$378,347 is due and payable. Real property and improvements at 26577 State Highway 18, RimForest, CA are collateral for the note.

476,810

**Loan payable - San Bernardino County Employees' Retirement Association**

On December 2, 2013, the District elected to terminate its participation in the San Bernardino County Employees' Retirement Association (SBCERA). As a result, SBCERA calculated an unfunded termination liability as of May 31, 2013 which amounted to \$669,204. On January 27, 2014, the District entered into a loan agreement with SBCERA to pay off the unfunded balance. The agreement requires monthly payments of \$2,788 over a twenty year period, beginning January 2014. The loan does not carry an interest rate.

619,014

Total notes and loans payable

\$ 1,095,824

2021-2024	413,956	82,765
<b>Totals</b>	<b>\$ 476,810</b>	<b>\$ 203,382</b>

The annual requirements to amortize the SBCERA loan payable outstanding as of June 30, 2015, including interest payments to maturity, are as follows:

<u>Fiscal year ending June 30,</u>	<u>Principal</u>	<u>Interest</u>
2016	\$ 33,460	\$ -
2017	33,460	-
2018	33,460	-
2019	33,460	-
2020	33,460	-
2021-2025	167,300	-
2026-2030	167,300	-
2031-2035	117,114	-
<b>Totals</b>	<b>\$ 619,014</b>	<b>\$ -</b>

**Note 5: Employees' Retirement Plans**

Currently, the District participates in the following retirement plans:

*Accumulation Program for Part-time and Limited Service Employees (APPLE) – defined contribution*

The District currently offers a defined contribution plan for employees classified as part-time, seasonal or temporary and who are not eligible to participate in the PERS 457 plan. The plan is administered by Keenan & Associates and MidAmerica Administrative Services. The District contributes 3.75% percent of the employee's compensation. In addition, each participant is required to contribute 3.75% of their salary. During the current fiscal year, the District contributed \$6,372 to the plan.

*PERS 457 Plan – defined contribution*

The District offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. Currently, the District contributes 10% of the employee salary. Pursuant to the IRC 457 subsection (g): all amounts of compensation deferred under the plan, all property, or rights are solely the property and rights of the employee and beneficiaries of the plan. Deferred compensation funds are not subject to claims of the District's general creditor; consequently the assets and related liabilities of the plan are not included within the District's financial statements. The District contributed \$22,549 to the plan in the current fiscal year.

**Rim of the World Recreation and Park District**  
**Notes to the Basic Financial Statements**  
**For the year ended June 30, 2015**

**Note 6: Commitments and Contingencies**

The District, from time to time, receives federal and state grants for specific purposes that are subject to review and audit by the grantor agencies. Such audits could lead to requests for reimbursements to the grantor agency for expenditures disallowed under the terms of the grant. District management believes such disallowances, if any, would not have a material effect on the District's financial position.

**Note 7: Risk Management**

The District is exposed to various risks of loss related to torts: theft of, damage to and destruction of assets; errors and omissions; natural disasters for which the District carries commercial insurance.

*Insurance pooling* - The District participates in the California Association for Park and Recreation Indemnity (CAPRI) insurance program. CAPRI is a joint powers agency comprised of California special districts.

- *General liability (including public officials errors and omissions, auto and employment practices)* – Coverage with a \$1,000,000 limit per occurrence. CAPRI also purchases an excess policy with limits of \$25 million excess of \$1,000,000. There is a deductible for general liability claims of up to \$100,000 per occurrence, per member.
- *Crime* – Coverage with of \$1,000,000 per member district because of employee theft. For each covered claim, there is a deductible of \$1,000 per occurrence, per member.
- *All risk property loss* – Coverage with an annual aggregate limit of \$1,000,000,000, subject to a deductible up to \$25,000 per member. Earthquake coverage has an annual aggregate limit shared by all members of \$5,000,000 per occurrence and flood with an annual limit of \$10,000,000. The deductible for all loss or damage arising from the risks of earthquake is \$50,000 per occurrence or 5% of the value of the building, contents and/or structure damage, whichever is greater. The deductible for all loss or damage arising from the risk of flood is \$20,000.

Major loss risks are covered by umbrella policies, but several losses and multiple deductible losses to the group could result in additional assessments to the District. The pool has substantial reserves and has not requested additional assessments of members since the District began participation. Management considers the likelihood of such an assessment to be remote.

Workers compensation coverage is provided by the Special District Risk Management Authority (SDRMA). SDRMA is an intergovernmental risk sharing joint powers authority, created pursuant to California Government Code Sections 6500 et. seq. SDRMA provides statutory limits per occurrence for workers compensation and \$5,000,000 for employer's liability coverage with no member deductible.

There have been no significant reductions in insurance coverage from the prior year.

Rim of the World Recreation and Park District  
Notes to the Basic Financial Statements  
For the year ended June 30, 2015

**Note 8: Rental Agreements**

The District is currently the lessor of unused office space in its Rimforest office building and various cell phone tower sites. The anticipated future revenues for the various leases are as follows:

Fiscal year ending June 30,	Amount
2016	\$ 80,320
2017	81,978
2018	83,855
2019	85,752
2020	91,271
Total	<u>\$ 423,176</u>

The cell tower leases operate under five year renewable contracts. As of June 30, 2015, each lease has been renewed at least once. However, there is no guarantee the leases will be renewed in the future.

We have audited the financial statements of the governmental activities and each major fund of the Rim of the World Recreation and Park District (District) for the year ended June 30, 2015. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated June 9, 2015. Professional standards also require that we communicate to you the following information related to our audit.

*Qualitative Aspects of Accounting Practices*

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the District are described in Note 1 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2015. We noted no transactions entered into by the District during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the District's financial statements was:

Depreciation expense is the allocation of capital asset costs over the estimated useful life of a particular asset. The actual life of a single asset may vary significantly based on a variety of unknown factors, such as defects in quality of manufacturing or materials used in the asset. Assets may last longer or shorter than anticipated resulting in disproportionate allocation of expense to various accounting periods. We evaluated the useful lives of assets employed by the District to determine if the lives utilized appeared reasonable based on the asset classes in service.

The financial statement disclosures are neutral, consistent, and clear.

*Difficulties Encountered in Performing the Audit*

We encountered no significant difficulties in dealing with management in performing and completing our audit.

STABILITY. ACCURACY. TRUST.

### *Corrected and Uncorrected Misstatements*

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to each opinion unit's financial statements taken as a whole.

### *Disagreements with Management*

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

### *Management Representations*

We have requested certain representations from management that are included in the management representation letter dated October 20, 2015.

### *Management Consultations with Other Independent Accountants*

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the District's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

### *Other Audit Findings or Issues*

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the District's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

### Other Matters

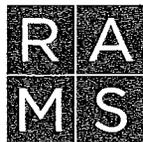

We applied certain limited procedures to Management's Discussion and Analysis and budgetary comparison schedules, which are required supplementary information (RSI) that supplement the basic financial statements. Our procedures consisted of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We did not audit the RSI and do not express an opinion or provide any assurance on the RSI.

### Restriction on Use

This information is intended solely for the use of the Board of Directors and management of the District and is not intended to be, and should not be, used by anyone other than these specified parties.

We have performed the procedures enumerated below to the accompanying Appropriations Limit worksheet of the Rim of the World Recreation and Park District (the District) for the year ended June 30, 2015. These procedures, which were agreed to by the District and the League of California Cities (as presented in the publication entitled *Agreed-upon Procedures Applied to the Appropriations Limitation Prescribed by Article XIII-B of the California Constitution*), were performed solely to assist the District in meeting the requirements of Section 1.5 of Article XIII-B of the California Constitution. The District's management is responsible for the Appropriations Limit worksheet. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of those parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

The procedures performed and our findings were as follows:

1. We obtained the completed worksheets and compared the limit and annual adjustment factors included in those worksheets to the limit and annual adjustment factors that were adopted by resolution of the Board of Directors. We also compared the population and inflation options included in the aforementioned documents to those that were selected by a recorded vote of the Board of Directors.

Finding: No exceptions were noted as a result of our procedures.

2. For the accompanying Appropriations Limit worksheet, we added last year's limit to total adjustments and agreed the resulting amount to this year's limit.

Finding: No exceptions were noted as a result of our procedures.

Quality Center*

California Society of  
Certified Public Accountants

3. We agreed the current year information presented in the accompanying Appropriations Limit worksheet to the other documents referenced in #1 above.

Finding: No exceptions were noted as a result of our procedures.

4. We agreed the prior year appropriations limit presented in the accompanying Appropriations Limit worksheet to the prior year appropriations limit adopted by the Board of Directors during the prior year.

Finding: No exceptions were noted as a result of our procedures.

We were not engaged to, and did not, perform an examination, the objective of which would be the expression of an opinion on the accompanying Appropriations Limit worksheet. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you. No procedures have been performed with respect to the determination of the appropriation limit for the base year, as defined by the League publication entitled *Article XIII-B of the California Constitution*.

This report is intended solely for the information and use of the Board of Directors and management of the Rim of the World Recreation and Park District and is not intended to be and should not be used by anyone other than these specified parties. However, this report is a matter of public record and its distribution is not limited.
