

**Additional Information  
Related to Fire Service**

**Attachment 3**

# LAFCO 3238

## Executive Summary Questions

- 1. So, who is actually providing the service to the Getaway House property, RSFD or Calfire?**
  - a. Both Agencies would and do provide service to the Getaway Property.
    - a. Running Springs Fire Department would provide Fire, Rescue and Medical Services to the Getaway Property
    - b. Calfire: The Getaway property falls into a State Responsibility Area (SRA) for wildland fire. Therefore, any wildland fire or any threat to private land that would cause a wildland fire, such as a structure fire, refuse fire, electrical incident or any such incident, Calfire would have a responsibility to respond.
    - c. Calfire also has a Mutual Aid agreement with Running Springs Fire Department to assist in providing fire, rescue and BLS medical service within the Running Springs Jurisdiction.
- 2. What type of fire equipment does Calfire staff and are they there when a Calfire Mission Incident is in progress?**
  - a. Calfire Staffs Type III 4x4 Fire Engines that hold 500 gallons of water and pump rated at 500 GPM, which are equipped for wildland fires, structure firefighting and rescue. Calfire staffs 4 Type III Engines across the Mountain Top, Crestline, Skyforest, Running Springs and Big Bear. All Calfire Type III Fire Engines are staffed with 3-Fire Personnel. Calfire also has Type I Crews, Dozers and Aircraft for all wildland response on the SRA (State Responsibility Area) within Running Springs Jurisdiction.
- 3. What is the daily staffing and units covered by Running Springs Water District?**
  - a. Running Springs Fire Department is primarily a cross staff department and is supplemented by a PCF Staff. Running Springs has 2-Type I Fire Engines, 1 -Brush Engine, 3- Ambulances, 1- Squad and 2 Snow Cats available for service. All Equipment is cross staffed based on need.
  - b. The Running Springs Fire Department currently staffs 24hrs a day, 1- Type I and 1- ALS Ambulance with 4- personnel: 2 Fulltime Firefighter Paramedics and 2 PCF EMT or Paramedic Fire Firefighters. All Paid Call Staff are State Fire Firefighter 1 certified with EMT or Paramedic qualifications.
  - c. The Paid Call Firefighting Staff is designed to supplement or augment the Department's 24hr service. The PCF Staff is expected to backfill behind calls when staffing is depleted in the Running Springs Jurisdiction.
- 4. What special resources does Running Springs Water District have?**
  - a. Running Springs has 2-Type I Ambulances and 1-Type II Ambulance that provides EMS Service for EOA 19 which includes Running Springs, Arrowbear Lake, Green Valley Lake, Snow Valley and Hwy 330.
  - b. Running Springs has 2- Snow Cats for emergency services during the winter months.
  - c. The Running Springs Fire Department has Vehicle Extrication Equipment and Low Angle Rescue Equipment for first response needs. Any rescue incident that goes beyond a first response capability, requests will be made for appropriate resources to respond.

- d. All other type of resource needs that include, but not limited to: Hazard Materials Incidents, Large Wildfire Incidents, 2nd and 3<sup>rd</sup> Alarm Structure Fires, Wildland Firefighting Aircraft, Medic Air-Ambulance and Mass Casualty Incidents are all part of The Master Mutual Aid Agreement throughout the San Bernardino County.
- 5. The County Fire District has no Automatic Aid Agreement with Running Springs Water District.**
- a. Concerning Auto Aid Agreement with County Fire, the Running Springs Water District does have on file an Automatic Aid Agreement with CSA 38. This Agreement was established in 2001. Due to the reorganization or consolidation of County Fire, Running Springs assumes it could no longer be valid.
  - b. Due to the proximity of County Fire's responsibility areas such as Green Valley, Snow Valley and Smiley Park, Running Springs provides an Auto Aid Response with County Fire resources on all 1<sup>st</sup> Alarm Responses.
  - c. In addition, any responses into Running Springs' jurisdiction for different types of incidents is supplemented with other agencies from the local area. All resource needs are all based on requests through dispatch and or based on response plans. This process is utilized for other agencies to supplement their responses in the rural mountain areas.
- 6. Agreements with other Agencies should be attached to the LAFCO Staff Report.**
- a. See Attachments
- 7. What is the response time from the Big Bear Fire Authority to Running Springs?**
- a. From Station 281 on Big Bear Blvd in Big Bear Lake the response time to Running Springs would be approximately 18.6 miles/ 30mins.
  - b. From the closest San Bernardino County Fire Station, Station 91, the response time to Running Springs would be approximately 7.2 miles/ 12 minutes.
- 8. Does Calfire provide Advance life Support?**
- a. No, Calfire does not provide ALS Support within Running Springs. They provide a BLS Life support and assist Running Springs Paramedics on all Medical Aids within Running Springs jurisdiction. Running Springs Fire Department would need to establish an agreement with Calfire to provide ALS Support.
  - b. Calfire does have Paramedics but they are utilized in Contract cities such as Highland and Yucaipa.

**CALIFORNIA  
DISASTER AND CIVIL DEFENSE  
MASTER MUTUAL AID AGREEMENT**

This agreement made and entered into by and between the STATE OF CALIFORNIA, its various departments and agencies, and the various political subdivisions, municipal corporations, and other public agencies of the State of California;

***WITNESSETH:***

***WHEREAS***, it is necessary that all of the resources and facilities of the State, its various departments and agencies, and all its political subdivisions, municipal corporations, and other public agencies be made available to prevent and combat the effect of disasters which may result from such calamities as flood, fire, earthquake, pestilence, war, sabotage, and riot; and

***WHEREAS***, it is desirable that each of the parties hereto should voluntarily aid and assist each other in the event that a disaster should occur, by the interchange of services and facilities, including, but not limited to, fire, police, medical and health, communication, and transportation services and facilities, to cope with the problems of rescue, relief, evacuation, rehabilitation, and reconstruction which would arise in the event of a disaster; and

***WHEREAS***, it is necessary and desirable that a cooperative agreement be executed for the interchange of such mutual aid on a local, countywide, regional, statewide, and interstate basis;

***NOW, THEREFORE, IT IS HEREBY AGREED*** by and between each and all of the parties hereto as follows:

1. Each party shall develop a plan providing for the effective mobilization of all its resources and facilities, both public and private, to cope with any type of disaster.
2. Each party agrees to furnish resources and facilities and to render services to each and every other party to this agreement to prevent and combat any type of disaster in accordance with duly adopted mutual aid operational plans, whether heretofore or hereafter adopted, detailing the method and manner by which such resources, facilities, and services are to be made available and furnished, which operational plans may include provisions for training and testing to make such mutual aid effective; provided, however, that no party shall be required to deplete unreasonably its own resources, facilities, and services in furnishing such mutual aid.
3. It is expressly understood that this agreement and the operational plans adopted pursuant thereto shall not supplant existing agreements between some of the parties hereto providing for the exchange or furnishing of certain types of facilities and services on a reimbursable, exchange, or other basis, but that the mutual aid extended under this agreement and the operational plans adopted pursuant thereto, shall be without reimbursement unless otherwise expressly

provided for by the parties to this agreement or as provided in Sections 1541, 1586, and 1587, Military and Veterans Code; and that such mutual aid is intended to be available in the event of a disaster of such magnitude that it is, or is likely to be, beyond the control of a single party and requires the combined forces of several or all of the parties to this agreement to combat.

4. It is expressly understood that the mutual aid extended under this agreement and the operational plans adopted pursuant thereto shall be available and furnished in all cases of local peril or emergency and in all cases in which a *STATE OF EXTREME EMERGENCY* has been proclaimed.
5. It is expressly understood that any mutual aid extended under this agreement and the operational plans adopted pursuant thereto, is furnished in accordance with the "California Disaster Act" and other applicable provisions of law, and except as otherwise provided by law that: "The responsible local official in whose jurisdiction an incident requiring mutual aid has occurred shall remain in charge at such incident including the direction of such personnel and equipment provided him through the operation of such mutual aid plans." (Section 1564, Military and Veterans Code.)
6. It is expressly understood that when and as the State of California enters into mutual aid agreements with other states and the Federal Government, the parties to this agreement shall abide by such mutual aid agreements in accordance with the law.
7. Upon approval or execution of this agreement by the parties hereto all mutual aid operational plans heretofore approved by the State Disaster Council, or its predecessors, and in effect as to some of the parties hereto, shall remain in full force and effect as to them until the same may be amended, revised, or modified. Additional mutual aid operational plans and amendments, revisions, or modifications of existing or hereafter adopted mutual aid operational plans, shall be adopted as follows:
  - a. Countywide and local mutual aid operational plans shall be developed by the parties thereto and are operative as between the parties thereto in accordance with the provisions of such operational plans. Such operational plans shall be submitted to the State Disaster Council for approval. The State Disaster Council shall notify each party to such operational plans of its approval, and shall also send copies of such operational plans to other parties to this agreement who did not participate in such operational plans and who are in the same area and affected by such operational plans. Such operational plans shall be operative as to such other parties 20 days after receipt thereof unless within that time the party by resolution or notice given to the State Disaster Council, in the same manner as notice of termination of participation in this agreement, declines to participate in the particular operational plan.

- b. **Statewide and regional mutual aid operational plans shall be approved by the State Disaster Council and copies thereof shall forthwith be sent to each and every party affected by such operational plans. Such operational plans shall be operative as to the parties affected thereby 20 days after receipt thereof unless within that time the party by resolution or notice given to the State Disaster Council, in the same manner as notice of termination of participation in this agreement, declines to participate in the particular operational plan.**
  - c. **The declination of one or more of the parties to participate in a particular operational plan or any amendment, revision or modification thereof, shall not affect the operation of this agreement and the other operational plans adopted pursuant thereto.**
  - d. **Any party may at any time by resolution or notice given to the State Disaster Council, in the same manner as notice of termination of participation in this agreement, decline to participate in any particular operational plan, which declination shall become effective 20 days after filing with the State Disaster Council.**
  - e. **The State Disaster Council shall send copies of all operational plans to those state departments and agencies designated by the Governor. The Governor may, upon behalf of any department or agency, give notice that such department or agency declines to participate in a particular operational plan.**
  - f. **The State Disaster Council, in sending copies of operational plans and other notices and information to the parties to this agreement, shall send copies to the Governor and any department or agency head designated by him; the chairman of the board of supervisors, the clerk of the board of supervisors, the County Disaster Council, and any other officer designated by a county; the mayor, the clerk of the city council, the City Disaster Council, and any other officer designated by a city; the executive head, the clerk of the governing body, or other officer of other political subdivisions and public agencies as designated by such parties.**
8. **This agreement shall become effective as to each party when approved or executed by the party, and shall remain operative and effective as between each and every party that has heretofore or hereafter approved or executed this agreement, until participation in this agreement is terminated by the party. The termination by one or more of the parties of its participation in this agreement shall not affect the operation of this agreement as between the other parties thereto. Upon approval or execution of this agreement the State Disaster Council shall send copies of all approved and existing mutual aid operational plans affecting such party which shall become operative as to such party 20 days after**

receipt thereof unless within that time the party by resolution or notice given to the State Disaster Council, in the same manner as notice of termination of participation in this agreement, declines to participate in any particular operational plan. The State Disaster Council shall keep every party currently advised of who the other parties to this agreement are and whether any of them has declined to participate in any particular operational plan.

9. Approval or execution of this agreement shall be as follows:
  - a. The Governor shall execute a copy of this agreement on behalf of the State of California and the various departments and agencies thereof. Upon execution by the Governor a signed copy shall forthwith be filed with the State Disaster Council.
  - b. Counties, cities, and other political subdivisions and public agencies having a legislative or governing body shall by resolution approve and agree to abide by this agreement, which may be designated as "*CALIFORNIA DISASTER AND CIVIL DEFENSE MASTER MUTUAL AID AGREEMENT.*" Upon adoption of such a resolution, a certified copy thereof shall forthwith be filed with the State Disaster Council.
  - c. The executive head of those political subdivisions and public agencies having no legislative or governing body shall execute a copy of this agreement and forthwith file a signed copy with the State Disaster Council.
  
10. Termination of participation in this agreement may be effected by any party as follows:
  - a. The Governor on behalf of the State and its various departments and agencies, and the executive head of those political subdivisions and public agencies having no legislative or governing body, shall file a written notice of termination of participation in this agreement with the State Disaster Council and this agreement is terminated as to such party 20 days after the filing of such notice.
  - b. Counties, cities, and other political subdivisions and public agencies having a legislative or governing body shall by resolution give notice of termination of participation in this agreement and file a certified copy of such resolution with the State Disaster Council, and this agreement is terminated as to such party 20 days after the filing of such resolution.

***IN WITNESS WHEREOF*** this agreement has been executed and approved and is effective and operative as to each of the parties as herein provided.

Signed by: EARL WARREN  
GOVERNOR

On behalf of the State of California and all its  
Departments and Agencies

ATTEST:

November 15, 1950

Signed by: FRANK M. JORDAN  
SECRETARY OF STATE

**Note:**

There are references in the foregoing agreement to the California Disaster Act, State Disaster Council, and various sections of the Military and Veterans Code. Effective November 23, 1970, by enactment of Chapter 1454, Statutes 1970, the California Disaster Act (Sections 1500 ff., Military and Veterans Code) was superseded by the California Emergency Services Act (Sections 8550 ff., Government Code), and the State Disaster Council was superseded by the California Emergency Council.

Section 8668 of the California Emergency Services Act provides:

- (a) Any disaster council previously accredited, the State Civil Defense and Disaster Plan, the State Emergency Resources Management Plan, the State Fire Disaster Plan, the State Law Enforcement Mutual Aid Plan, all previously approved civil defense and disaster plans, all mutual aid agreements, and all documents and agreements existing as of the effective date of this chapter, shall remain in full force and effect until revised, amended, or revoked in accordance with the provisions of this chapter.

In addition, Section 8561 of the new act specifically provides:

"Master Mutual Aid Agreement" means the California Disaster and Civil Defense Master Mutual Aid Agreement, made and entered into by and between the State of California, its various departments and agencies, and the various political subdivisions of the state, to facilitate implementation of the purposes of this chapter.

Substantially the same provisions as previously contained in Section 1541, 1564, 1586 and 1587 of the Military and Veterans Code, referred to in the foregoing agreement, are now contained in Sections 8633, 8618, 8652 and 8643, respectively, of the Government Code.

## **I. GENERAL OVERVIEW**

# **I. GENERAL OVERVIEW**

## **A. Introduction**

This Operational Plan is created and intended to be an integral part of the current State of California Fire and Rescue Emergency Plan.

## **B. Intent**

No community has the ability or resources sufficient to cope with all emergencies for which the potential exists. The Plan is designed to meet the anticipated needs of local agencies within their zones, to access resources of adjacent agencies within the area of the County, and to access the resources of other jurisdictions within OES Region VI, or beyond if necessary, to meet the needs of emergency incidents.

## **C. Purpose**

1. To provide for systematic mobilization, organization and operations of fire and rescue resources within each zone of the County of San Bernardino, to mitigate the effects of any disaster, to utilize the resources of OES Region VI, and beyond, if necessary.
2. To provide a comprehensive and compatible plan for expediting mobilization and response of available fire and rescue service resources within each local Zone, Area, Region or Statewide.
3. To provide for an annually updated fire and rescue service inventory of all personnel, apparatus and equipment in San Bernardino County.
4. To provide a plan, and/or communication facility, for the interchange and dissemination of fire rescue related data, directives, and information between fire officials of Local, Area, Region, and State agencies.

## **D. Planning Basis**

1. Fire and rescue officials must plan emergency operations to ensure utilization of available resources.

Rescue is defined as “those activities that can be carried out with the personnel and equipment normally available on fire apparatus.”

2. Basic to California’s emergency planning is a local and area wide system of mutual aid, in which each local jurisdiction relies first upon its own resources, but in which mutual assistance is available from adjacent local jurisdictions, other jurisdictions within our area, and the resources of OES Region VI, the State of California, or beyond, when necessary.
3. A formal structure is necessary for the provision of mutual aid.
4. No party shall be required to unreasonably deplete its own resources in furnishing mutual aid.
5. The responsible local official in whose jurisdiction an incident requiring mutual aid has occurred shall remain in charge at such incident, including the direction of personnel and equipment provided through mutual aid plans.

6. County-wide and local mutual aid operational plans shall be developed by the parties thereto and are operative between the parties thereto in accordance with such mutual aid plans.
7. The mutual aid extended under this operational plan, as adopted pursuant to the San Bernardino County Mutual Aid Agreement, shall be without reimbursement unless otherwise expressed to the requesting parties to the mutual aid agreement, at the time of the request, or by prior agreement between the requesting and providing agencies.
8. This operational plan provides a practical and flexible pattern for the orderly development and operation of day-to-day mutual aid on a voluntary basis between cities, cities and counties, fire districts, special districts, county fire departments and applicable state agencies.
9. In developing local mutual aid and emergency preparedness plans, provisions must be made for liability and property damage insurance coverage on apparatus and equipment used beyond the territorial limits of the political subdivision. Consideration must be given to the rights, privileges, and immunities of paid, volunteer, and auxiliary personnel in order that they may be fully protected while performing their duties under a mutual aid agreement or an emergency preparedness plan. Provision is made in state law to deal with these matters, and the procedure outlined therein should be followed to ensure maximum protection.
10. Political Subdivision Responsibilities:
  - a. Reasonably exhaust local resources before calling for outside assistance.
  - b. Render the maximum practicable assistance to all emergency stricken communities, under provisions of the San Bernardino County Mutual Aid Plan.
  - c. Provide a current annual inventory of all fire department qualified personnel, apparatus and equipment to the Operational Area Fire and Rescue Coordinator.
  - d. Provide for receiving and disseminating information, data and directives.
  - e. Coordinate and conduct necessary training to adequately perform functions and responsibilities during emergencies.
11. Operational Area Fire and Rescue Coordinator
  - a. Is responsible for coordinating all OES and/or local fire and rescue resources within the Operational Area during mutual aid operations.
  - b. If the emergency is within the jurisdiction of the Operational Area Fire and Rescue Coordinator, and overloads his communications facilities, he assigns dispatching of mutual aid equipment to an Alternate Area Fire and Rescue Dispatch Center.
  - c. Keeps the Regional Fire and Rescue Coordinator informed of all operations that may require resources from outside the operational area.
  - d. Evaluates requests for assistance, determines the local sources for such assistance, and initiates appropriate response. If the need is beyond Operational Area capability, requests assistance from the Regional Fire and Rescue Coordinator, and advises the requesting jurisdiction of the action.

- e. The Operational Area Fire and Rescue Coordinator is not responsible for any direct fire or other emergency operations except those which occur within the jurisdiction of the Coordinator's own department, agency, etc. The local official in whose jurisdiction the emergency exists shall remain in full charge of all fire and rescue resources, manpower, and equipment furnished for mutual aid operations.

## **E. Concept of Operations**

### **1. Mobilization Plan**

Fire and rescue mutual aid, rendered pursuant to the San Bernardino County Mutual Aid Agreement for Fire Departments and the California Master Mutual Aid Agreement, is based upon an incremental and progressive system of mobilization. Mobilization plans have been based on the concept of providing the local fire and rescue authority sufficient resources, without extraordinary depletion of fire defenses outside of the area of disaster. Under normal conditions, fire mutual aid plans are activated in ascending order; i.e. Local, Area (County), Region, and Inter-Region (State). Circumstances may occur that make mobilization of significant fire defense forces from within the area or region of disaster impractical and imprudent. Inter-regional (State) mutual aid is, therefore, not contingent upon mobilization of uncommitted resources within the region of the disaster.

#### **a. Local Fire and Rescue Resources**

Local fire and rescue resources include resources available through automatic and/or day-to-day mutual aid agreements with neighboring jurisdictions. Local mobilization plans are activated by requests to participating agencies and must provide for notification of the Operational Area Fire and Rescue Coordinator upon activation. The Operational Area Fire and Rescue Coordinator shall be notified of those committed resources to determine resource availability for subsequent response.

#### **b. Operational Area Fire and Rescue Resources**

Operational Area Fire and Rescue Resources are those which are made available to a participating agency through the approved and adopted San Bernardino County Mutual Aid Agreement. Mobilization of Operational Area resources is activated by the Operational Area Fire and Rescue Coordinator, or his representative, in response to a request for assistance from an authorized fire official of the participating agency in need. The Operational Area Coordinator must notify the Regional Fire and Rescue Coordinator of all area resources committed.

#### **c. Regional Fire and Rescue Resources**

Regional fire and rescue defense resources include all resources available to a participating agency through the approved and adopted Regional Fire and Rescue Mutual Aid Plan. Operational Area plans are significant elements of the regional plans.

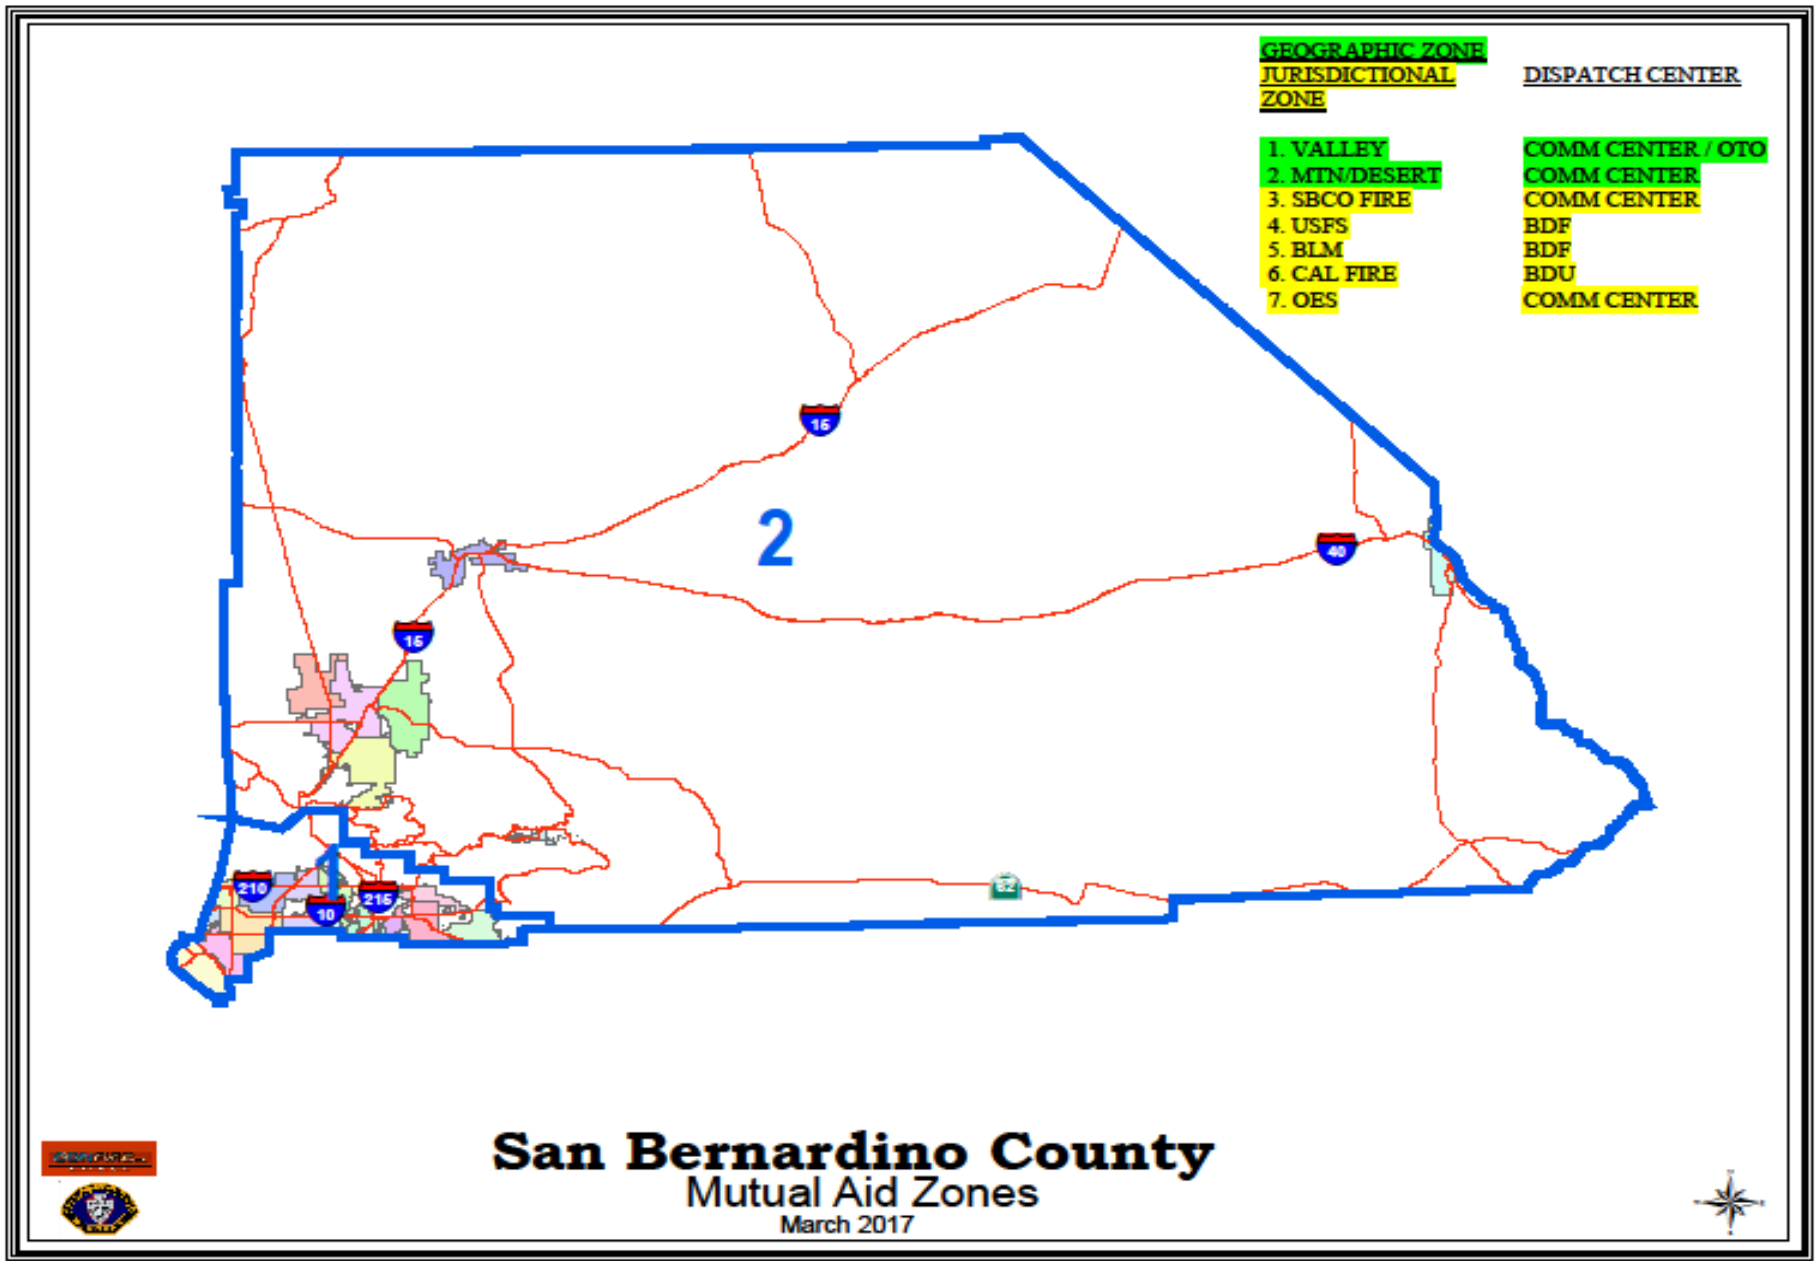

Mobilization of regional fire and rescue resources is directed by the Regional Fire and Rescue Coordinator in response to a request for assistance from an Operational Area Fire and Rescue Coordinator. Regional Fire and Rescue

Coordinators must notify the Chief, OES Fire and Rescue Division, of resources committed.

2. Dispatch Center

Fire and Rescue dispatch centers must be carefully selected and be adequately equipped for emergency operations. They should be in a facility which conducts 24-hour a day operation. They must be equipped to permit direct communications with all fire and rescue service agencies within their area of operations. They must be staffed with competent personnel and equipped with such maps, charts, records and operational data as are necessary to perform emergency operations. Alternate Fire and Rescue Dispatch Centers should have the same capability as primary centers, thus ensuring continued operations in the event of failure of the primary center.

## **II. MUTUAL AID SYSTEM**

## II. MUTUAL AID SYSTEM

### A. SYSTEM OVERVIEW

San Bernardino County is the largest county in the United States. It is in the southeastern portion of California. With over 20,000 square miles, it covers more territory than the States of New Jersey, Massachusetts, Rhode Island and Delaware combined.

There are twenty-four incorporated cities in the County with the heaviest concentration of population in the west-central portion. The County population exceeds two million with additional temporary people utilizing the numerous recreational venues.

The County topography is varied and diverse, ranging from vast arid desert regions to mountainous forest lands, to the Inland Empire region within the valley. The topography and the climate are two factors that are responsible for some very interesting and troublesome fire and emergency situations.

To combat the emergency situations that may develop and that are beyond the control of any one agency, the County of San Bernardino, District Fire Agencies, and Municipal Fire Departments are signatories to the State of California Master Mutual Aid Plan. In addition, many of the agencies have developed local mutual aid and automatic aid agreements.

To maximize the resources within the County and to assist in the coordination of such resources, a Mutual Aid System has been developed that divides the County into seven zones, and they are as follows:

Zone 1	Valley Area
Zone 2	Mountain / Desert Area
Zone 3	San Bernardino County Fire Department (BDC)
Zone 4	United States Forest Service (USFS)
Zone 5	Bureau of Land Management (BLM)
Zone 6	CALFIRE (BDU)
Zone 7	Office of Emergency Services (OES)

- Zones 1 and 2 are geographical.
- Zones 3, 4, 5, and 6 are agency zones because their jurisdictional area interfaces with more than one geographical zone.
- Zone 7 consists of the OES equipment that is staged at departments from several zones.

As outlined in the California Fire and Rescue Emergency Plan, the responsibility for coordinating the Mutual Aid System in the County is assigned to the Operational Area Fire Coordinator (O AFC), who is selected from the fire officials of the entire County. The O AFC selects alternates as necessary.

Current assignments are as follows:

- ⇒ O AFC: Mark Hartwig, San Bernardino County Fire Department
- ⇒ Alternate: Don Trapp, San Bernardino County Fire Department
- ⇒ Alternate: Ivan Rojer, Rancho Cucamonga Fire Department

The O AFC selects an area dispatch center to implement the Mutual Aid System within the County to dispatch the State-owned equipment (OES).

The area dispatch is known as “Comm Center”. It is the San Bernardino CONFIRE JPA Communications Center located at 1743 West Miro Way in Rialto. Through the O AFC, it coordinates the interaction between the various zones when mutual aid is required from one zone to another.

Within each zone, a zone coordinator has been selected and coordinates the mutual aid activity within their respective zone.

Zone 1	Rob Elwell, Fire Chief, Ontario Fire Department
Zone 2	Jeff Willis, Fire Chief, Big Bear Fire Department
Zone 3	Don Trapp, Deputy Fire Chief, San Bernardino County Fire Dept.
Zone 4	Jaime Gamboa, Fire Management Officer, USFS – San Bernardino
Zone 5	Paul Gibbs, Fire Management Officer, Bureau of Land Management
Zone 6	Glenn Barley, Unit Chief, CALFIRE – San Bernardino Unit
Zone 7	Pete Mercado, OES Region VI Assistant Chief

## **B. ACTIVATING THE MUTUAL AID PLAN**

To ensure that all requests for Mutual Aid are handled expediently, it is necessary to follow established procedures.

### **1. REQUESTING FIRE AND RESCUE MUTUAL AID RESOURCES**

#### **A. Local Fire-Rescue Chief**

The Fire Chief, or senior fire and rescue official by other designated title, of each local entity providing public fire protection will serve as fire and rescue representative to their respective Zone Fire and Rescue Coordinator.

The Chief in whose jurisdiction the incident occurs requests his dispatch center to contact the Zone Coordinator to respond with mutual aid assistance. Wherever the incident is, or potentially will be, beyond the capabilities of the local agency, the requesting agency should specify the exact resource needed. This resource is generally provided by a request for strike teams with a specific capability, i.e., brush or structural. When there is a need for specialized equipment, the procedural request should still be made through the Zone Coordinator.

B. Zone Coordinator

The Zone Coordinator is elected by the local fire-rescue chiefs in a designated zone. Zones are established by the Operational Area Fire Coordinating Committee. Local agencies requesting assistance from outside their jurisdiction request their dispatch center to contact their Zone Coordinators. Zone Coordinators will then contact the Operational Area Fire and Rescue Coordinator.

When notified by the local jurisdiction that their resources are inadequate to cope with the emergency at hand, the following steps should be taken:

1. Activate local mutual aid plan.
2. Notify the Operational Area Fire and Rescue Coordinator.
3. Request needed resources.
4. Prepare to receive and utilize mutual aid requested/provided.

C. Operational Area Fire and Rescue Coordinator

The Operational Area Fire and Rescue Coordinator is selected by the representatives of local fire and rescue service entities within the Operational Area. The Coordinator shall appoint two or more alternate fire and rescue coordinators.

The Area Fire and Rescue Coordinator is notified whenever required resources exceed the capability of a zone, when more than one jurisdiction is involved in mutual aid, and when the incident is within the area but beyond the resources of the jurisdiction in which it occurs.

Zone Coordinators requesting assistance outside their zones request their dispatch centers to contact the Operational Area Coordinator, who will then process the request and provide the closest available resources to respond. Resources will be in the form of strike teams.

The Operational Area Fire and Rescue Coordinator will:

1. Evaluate conditions and resource availability within the operational area.
2. Coordinate the dispatch and requested resources from those available within the area.
3. Notify the Regional Fire and Rescue Coordinator and report conditions, situation, and resource status of the area.
4. Request mutual aid resources as needed to fulfill request initiated by local jurisdiction or to reinforce seriously depleted resources within the Operational Area.

D. Regional Fire and Rescue Coordinators

Regional Fire and Rescue Coordinators are selected for a three-year term by Operational Area Fire and Rescue Coordinators within their respective regions. They shall each appoint two or more alternate Regional Fire and Rescue Coordinators. They, or their alternates, will serve on the staff of the OES Regional Manager during a "state of war emergency" or "state of emergency" declared by the Governor.

Resources from OES Region VI are requested by the Area Fire and Rescue Coordinator when the resources of the area (San Bernardino County) are not adequate to meet the needs of a specific incident or potential incident.

The Regional Fire and Rescue Coordinator will, upon notification:

1. Evaluate conditions and resource availability within the Region.
2. Coordinate the dispatch of requested resources from those available within the region according to the adopted plan.
3. Notify the State Fire and Rescue Coordinator, reporting conditions, situation, and resource status of the region.
4. Request such mutual aid resources as are necessary to fulfill request(s) initiated by the stricken jurisdiction or to reinforce seriously depleted resources within the region.

E. State Fire and Rescue Coordinator

The State Fire and Rescue Coordinator (OES) is the Chief of the Fire and Rescue Division of the Office of Emergency Services and is a staff member of the Director of the Office of Emergency Services. The State Fire and Rescue Coordinator is responsible for taking appropriate action on requests for mutual aid received through Regional Fire and Rescue Coordinator channels, and having been notified, could render further assistance from other regions by mobilizing resources to meet anticipated needs.

The State Fire and Rescue Coordinator will, upon notification:

1. Evaluate conditions and resource availability throughout the state.
2. Notify Regional Fire and Rescue Coordinators through whom the regional fire and rescue resources are likely to be activated.
3. Select regions from which resources are to be mobilized to fulfill requests.
4. Coordinate the response of inter-regional mutual aid resources.
5. Activate OES and other state agency support personnel, apparatus and equipment necessary to handle contingencies of the emergency.

**C. COUNTY MUTUAL AID POLICY**

The San Bernardino County Fire Chiefs' Association Policy Statement offers guidelines for consistent application of issues that may affect the fire services within San Bernardino County.

**1. INCIDENT COMMAND SYSTEM ("ICS")**

It is the intent of the San Bernardino County Fire Chiefs' Association that the Incident Command System be utilized for the management of all fire agency emergency activities. All updates of the Incident Command System will be reviewed by the Operational Area Coordinating Committee for implementation.

For all emergencies, the current Field Operations Guide (ICS 420-1) shall be utilized.

## **2. INCIDENT COMMAND SYSTEM POSITION QUALIFICATIONS**

### **A. Qualifications**

1. All personnel assigned to emergency incidents through mutual aid shall be fully qualified for the position in which they are assigned in accordance with the California Incident Command Certification System (CICCS).
2. Each department shall provide the Operational Area Coordinator with a list of CICCS qualified personnel for inclusion in the Emergency Resource Database (ERD) on an annual basis, or as changes occur. The ERD is an inventory of all personnel and the positions for which they are qualified either as a Trainee or Qualified status. The ERD is an inventory of all personnel and the positions for which they are qualified either as a "TRAINEE" and/or "CERTIFIED".

### **B. Operational Guidelines and Local Mutual Aid**

1. Qualified personnel should be transitioned into overhead positions as soon as possible on initial attack incidents.
2. Qualified personnel and trainees should be assigned to incidents extending into the 2<sup>nd</sup> operational period whenever possible.
3. A written Incident Action Plan ("IAP") shall be used on incidents extending into the 2<sup>nd</sup> operational period.
4. A rotating list of available qualified personnel shall be utilized by the Op Area dispatch center to allocate the assignment of personnel when filling requests. This is done to allow all eligible personnel to maintain their mandatory response requirements for their qualified positions.

## **3. COMMUNICATION/DISPATCH CENTERS**

- A. Zone dispatch centers (both Agency and Geographical) are to inform and coordinate with Area Dispatch regarding the use within their zone of "VFIRE21, VFIRE22, VFIRE23, VFIRE24, VFIRE25 and VFIRE26" frequencies for emergency operations. This will provide for improved frequency utilization and coordination.
- B. To comply with Region VI information requests and the FIREScope 209 program, Zone dispatch centers are requested to provide situation information to the Area Dispatch on emergency incidents that are estimated to require the commitment of 15 or more single resources (excluding staff and overhead) for two or more hours.
- C. To comply with Region VI MACS Mode 3 and 4 operational procedures, Zone dispatch centers are requested to provide resource status reports (MACS 405) on an as-needed basis. In addition, Zone dispatch centers are requested to utilize the Resource Order form (MACS 420) when ordering and/or processing resource requests.

- D. Zone dispatch centers are encouraged to use local mutual aid resources (immediate need) within their respective zones before requesting resources (single increment and strike teams) from Area Dispatch.
- E. All mutual aid requests for local agency resources that are required to be ordered from another agency/geographical zone, or from out-of-county, other than those covered by initial response, mutual aid or automatic aid agreements, are to be communicated to and coordinated through Area Dispatch.
- F. All mutual aid requests originating in the County for OES resources are to be communicated to and coordinated through Area Dispatch.
- G. If a request for mutual aid is made in anticipation of an incident, such as a high-wind event, and the proposed immediate use of the resources is for station or area coverage, the requesting agency must specify this intended use upon making the request. Comm Center will then relay this information to the agency from which the resources are being requested.

**4. STRIKE TEAMS/TASK FORCES (ST/TF)**

- A. On out-of-county assignments, local resources should not be mixed with OES equipment.  
  
*\*Exception: OES and local resources may be mixed into Strike Teams or Task Forces for in-county assignments.*
- B. As a rule, requests for out-of-county ST/TF will be filled by the OES resources first. Emergency situations (immediate need) and specific resource requests may require exceptions.
- C. When local ST/TFs are assigned out of the county for an extended period, a zone liaison and/or an alternate area coordinator may be assigned to the Operations Coordination Center (“OCC”) in Riverside to interface with the OES representatives.
- D. When local ST/TFs are assigned to an incident within San Bernardino County for an extended period, a zone liaison and/or alternate area coordinator may be assigned to the incident to interface with the Incident Management Team.
- E. The selection of an OES Strike Team Leader will be on a weekly zone rotational basis as determined by the Operational Area Coordinating Committee. A Strike Team Leader Trainee may accompany each strike team.
- F. Local resource ST/TF Leader rotational selection is to be determined by each Zone Coordinator. A Strike Team Leader Trainee may accompany each strike team or task force.
- G. When local Strike Teams/Task Forces are made up from more than one (1) zone, the Strike Team Leader is to be selected from the XBO Daily Situation Report strike team leader rotation process.
- H. A request for three (3) or more single resources from a zone for out of zone or out of county assignment will respond as a task force until such time that all

other requirements of a strike team are met, (i.e.-5 like units with common communications and a leader) and then be made into a strike team.

*\*Exception: Operational area is authorized to directly order/fill initial attack/immediate need engine requests with up to five (5) strike teams or task forces from one adjacent OES Operational Area/Region based on the closest resource concept.*

- I. When assigned out-of-the-area or on local major incidents, leaders of strike teams ordered through the Op Area dispatch center (Comm Center), shall contact them daily to advise their status. This information will then be relayed to the home departments of those units assigned to the team.
- J. Whenever possible, Comm Center will work with agencies providing mutual aid resources to ensure that at least one (1) engine company in a Type-I strike team or taskforce is equipped and capable of delivering Advanced Life Support (ALS) care.
- K. All personnel assigned to engine companies as a mutual aid resource shall comply with San Bernardino County (XBO) Region VI Engine ST/TF Code of Conduct (See Attachment "B" located on page 22 of this document: SAN BERNARDINO COUNTY (XBO), Region VI, ENGINE ST/TF CODE of CONDUCT.)
- L. Crew Rotation
  - 1. Fourteen (14) day assignments exclude travel days. Twenty-one (21) day assignments include all travel days.
  - 2. Personnel on mutual-aid assignments shall be prepared for a minimum fourteen (14) day deployment. An exception may be made for personal emergencies.
  - 3. Strike Team Leaders should anticipate a rotation of personnel and apparatus based upon the schedule in Table 1 (page 15).
  - 4. All rotations must be coordinated with the appropriate Zone and Operational Area Coordinator and the Operational Area Dispatch center.
  - 5. All rotations must be coordinated with the OES Representative and/or Incident.

**Table 1: Strike Team/Task Force Crew Rotation Matrix**

	<b>Crew Rotation</b>	<b>Maximum Deployment</b>	<b>Apparatus Rotation</b>
<b>OES</b>	14 Days *	21 Days **	OES Discretion
<b>Type 1 – 3 Strike Team Task Force</b>	14 Days *	---	Agency Discretion
<b>Single Resource Crew</b>	14 Days *	---	Agency Discretion
<b>Single Resource Overhead</b>	14 Days or Agency Discretion	21 Days or Agency Discretion	N/A
<b>Incident Mgt Team</b>	N/A	N/A	N/A

\* CFAA may pay for rotations after 7 days

\*\* Must be approved through Operational Area Coordinator and local Fire Chiefs with units assigned to the Incident.

**5. IMMEDIATE NEED STRIKE TEAM/TASK FORCE PROCEDURES**

See attachment “A” located on page 20 of this document: Immediate Need STRIKE TEAM/TASK FORCE Procedures.

**6. ICS POSITION ASSIGNMENTS**

A. Strike Team /Task Force Documentation and Equipment Requirements:

1. Equipment

- a. The Strike Team Leader shall have his/her own department vehicle complete with the following equipment:
  - i. Mobile radio programmed with all VHF frequencies contained in the Fire Service Field Operations Guide (MACS 441-1 Appendix A, Communications).
  - ii. Portable radio programmed with all VHF frequencies contained in the Fire Service Field Operations Guide (MACS 441-1 Appendix A, Communications).
  - iii. Cellular phone
  - iv. ICS forms
  - v. Current edition of Thomas Bros California map book
  - vi. Flagging tape
  - vii. Food and drinking water for a 24-hour period

viii. FIRESCOPE Field Operations Guide (FOG)

- B. Use of Private Resources
  - 1. Any use of private resources, utility companies, etc. during emergency operations shall be done in accordance with FIRESCOPE guidelines.
- C. Requirements
  - 1. All ICS positions are responsible for the completion and submittal of ICS and OES forms.
  - 2. The following forms are required in San Bernardino County:
    - a. Form 42 (Emergency Activity Record) for all resources in a Strike Team or a Task Force and overhead positions.
    - b. ICS Form 214 (Unit Log) for overhead positions and Strike Team leaders.
    - c. If necessary, a CDF FC-121 form (Fire Assignment Evaluation) or ICS Form 224 (Crew Performance Rating) or ICS Form 225 (Incident Personnel Performance Rating), whichever is applicable.
    - d. Each local agency is responsible for the submittal and tracking (and recovery) of mutual aid and OES forms.
  - 3. In addition, the ICS position is responsible for:
    - a. Reviewing common responsibilities (Field Operations Guide, page 1-2)
    - b. Reviewing assignments with subordinates and assign tasks.
    - c. Monitoring work progress and make changes when necessary.
    - d. Coordinating activities with adjacent Strike Teams, Task Forces and/or single resources.
    - e. Traveling to and from active assignment area with assigned resources.
    - f. Retaining control of assigned resources while in available or out-of-service status.
  - 4. Within 24-hours of the initial response of a strike team to a mutual aid request, the ICS position assignee or strike team leader will notify the Zone Coordinator's dispatch center and the Operational Area Fire and Rescue Dispatch Center by telephone or radio of the following:
    - a. Their location, assignments of the team and if any relief is required.

- b. If relief is needed in accordance with the California Fire Assistance Agreement (“CFAA”), the local agency Fire Chief will coordinate with the Operational Area Coordinator.
- 5. It is understood that the ICS position has the ultimate responsibility for the fitness of his/her personnel. Determinations regarding the length of continued duty allowable should be made based on whether the personnel are receiving adequate food and rest between operational assignments.
- 6. Assignments could last up to 21 days depending on the incident jurisdiction. The removal and replacement of personnel on strike teams is a difficult job of coordination. It is desirable to leave the Strike Team intact if personnel are well fed and rested between work assignments. Final determination regarding relief of a strike team rests with the Strike Team Leader and respective Department policy and procedures.

## **7. PROCESS FOR PROPER REFUSAL OF RISK**

- A. Every individual has the right and obligation to report safety problems and contribute ideas regarding their safety. Supervisors are expected to give these concerns and ideas serious consideration. When an individual feels an assignment is unsafe they also have the obligation to identify, to the degree possible, safe alternatives for completing that assignment. Turning down an assignment is one possible outcome of managing risk.
  - 1. A “turn down” is a situation where the individual has determined they cannot undertake an assignment as given **and** they are unable to negotiate an alternative solution. The turn down of an assignment must be based on the assessment of risks and the ability of the individual and the organization to control those risks.
  - 2. The process for turning down an assignment under these circumstances will follow the model set forth by the National Wildfire Coordinating Group in the Fireline Handbook/Incident Response Pocket Guide (NWCG Handbook, PMS 461, NFES 001077, January 2014 Ed.)

## **8. PARAMEDIC CERTIFIED PERSONNEL – MUTUAL AID**

- A. In accordance with Title 22, Article 5, 100166; Accreditation to Practice sections 1797.7, 1797.107, 1797.172, 1797.185 and Health and Safety Code sections 1797.7, 1797.172, 1797.185 and 1797.214, the following applies to qualified/certified paramedics while assigned to mutual aid incidents.
  - 1. During a mutual aid response into another jurisdiction, a paramedic may utilize the scope of practice for which they are trained and accredited according to the policies and procedures established by their local accrediting EMS Agency.

2. When operating outside of the ICEMA region (San Bernardino County, Inyo County, and Mono County) paramedics shall use the current ICEMA approved protocol, including those skills and medications allowed during Radio Communication Failure (RCF).
3. All medical assessment and treatment shall be documented in accordance with ICEMA protocol. If the medical care is rendered while the unit is checked in to the incident, a copy of the documentation shall be left with the incident's base camp medical unit leader.
4. The completed original ICEMA form O1A (or ePCR) shall be filed with the paramedic's own department/agency after their return, prior to their release from duty.
5. Local agencies should confer with their local medical director, and review their local EMS agency policies for related subject matter.
6. Web site for State EMS Authority:  
*<http://www.emsa.cahwnet.gov/legislation/legislation.asp>*

## 9. STRIKE TEAM NUMBER PROCEDURE

### A. Single Agency Strike Teams (Example: San Bernardino County Fire)

**Restat Format:** BDC ST-6230-A (numbers run from 6230 to 6239 for BDC)  
**Radio Call:** "BDC Strike Team Sixty-Two-Thirty-Alpha"  
*[Note: This is when the strike team responds out-of-county]*

### B. Mixed Agency Zone Strike Team (Example: Zone 2)

**Restat Format:** XBO ST-6220-A (numbers from 6220 to 6229 for Zone 2)  
**Radio Call:** "XBO Strike Team Sixty-Two-Twenty-Alpha"

### C. CALFIRE Strike Teams

**Restat Format:** BDU ST-9350-C (Engine numbers run 9350 to 9357; dozer numbers un 9358 to 9359)  
**Radio Call:** "BDU Strike Team Ninety-Three-Fifty-Charley"

### D. U.S. Forest Service Strike Teams

**Restat Format:** BDF ST-6600-C (Engine numbers run 6600 to 6630)  
**Radio Call:** "BDF Strike Team Sixty-Six-Zero-Zero-Charley"

## 10. STRIKE TEAM NUMBER ASSIGNMENTS

### San Bernardino County Local Resources

6200 – 6209 Unassigned  
 6210 – 6219 Zone 1  
 6220 – 6229 Zone 2  
 6230 – 6239 Zone 3

CALFIRE - San Bernardino Unit

9350 – 9357 Engines

9358 – 9359 Dozers

United States Forest Service San Bernardino National Forest

6600 – 6630

Office of Emergency Services Region VI

6800 – 6809 Riverside County Area

6810 – 6814 Imperial County Area

6815 – 6816 Inyo County Area

6817 – 6819 Mono County Area

6820 – 6829 San Bernardino County Area

6830 – 6839 Unassigned

6840 – 6849 San Diego County Area

6850 – 6859 Unassigned

6860 – 6869 Region VI

**11. STRIKE TEAM ALPHABETICAL LETTERING**

A – Engine Type 1

B – Engine Type 2

C – Engine Type 3

D – Engine Type 4

E – Engine Type 5

F – Engine Type 6

FF- Engine Type 7

G – Crew Type 1

H – Crew Type 2

I – Crew (expansion of category)

J – Crew (expansion of category)

K – Dozer Type 1

L – Dozer Type 2

M – Dozer Type 3

N – Dozer (expansion of category)

O – Dozer (expansion of category)

P through V – Unassigned (reserved for future expansion)

W – Water Tender

X through Z – Unassigned (reserved for future expansion)

## **ATTACHMENT A**

### **IMMEDIATE NEED STRIKE TEAM/ TASK FORCE PROCEDURES WITHIN SAN BERNARDINO COUNTY OPERATIONAL AREA ONLY Revised April 2018**

#### **PURPOSE**

The purpose of this policy is to provide guidance to strike team leaders, incident commanders and Operational Area fire chiefs as to the procedures in which an immediate need Strike Team/Task Force (ST/TF) shall be deployed for emergency assignments within the San Bernardino County Operational Area (OA).

This policy does not address ST/TF requests for planned-need nor does it pertain to ST/TF requests for assignments out of the Operational Area or Mutual Aid Region.

This policy pertains to all Immediate Need ST/TF requests within the San Bernardino County Operational Area. It should be further noted that ST/TFs needed for other operational-periods should not be ordered as immediate need.

#### **DEFINITION**

An immediate need strike team is defined as five like-type fire engines, with common communications, and a qualified strike team leader who can respond to an immediate need request within five (5) minutes of receiving the request for mobilization. These same parameters define an immediate need task force, with the exception that the resources assigned to the task force may not be of the same resource typing.

An immediate need ST/TF requested within the San Bernardino County Operational Area should be filled with San Bernardino County Operational Area resources, if available and dispatched directly to the scene. Personnel shall be trained according to the California Incident Command Certification System (CICCS) for their assignments and they shall be provided all necessary Personal Protective Equipment (PPE) prior to mobilization. Radio frequency availability shall be in accordance with the FIRESCOPE Field Operations Guide (FOG) 420-1.

#### **POLICY**

The decision for requesting immediate need ST/TFs resides with the Incident Commander of the incident requesting assistance. Immediate need ST/TFs will be requested when there is an imminent threat to life or property, and in instances where staging apparatus or forming-up ST/TFs for synchronized mobilization is not in the best interest of public safety.

When an Immediate Need ST/TF is requested, the following actions shall take place.

- The appropriate dispatch center, following their existing policies, shall fill the order for immediate need resources based on the type of request received (Strike Team or Task Force) with the CLOSEST RESOURCE CONCEPT and notify the Zone Coordinator.
- All units shall respond within five (5) minutes and shall respond directly to the Incident Command Post (ICP) or designated staging area unless otherwise specified prior to arrival.
- The first arriving unit from the Immediate Need ST/TF shall act as the Team Liaison (TL) and obtain a safety briefing from the most appropriate personnel on-scene (example, the Incident Commander, the Operations Section Chief, Division/Group Supervisor and/or Incident Safety Officer). The TL shall also advise that the additional arriving units from the ST/TF should be assigned to the same division/group as appropriately based on current conditions.

- The TL shall make every attempt to contact the responding ST/TF and provide assignment information and best-known communications channel (FIREScope Field Ops Guide 420-1) and frequency/talk group prior to unit deployment.
- The TL shall pass along and document on their ICS Form 214, the safety briefing for the next arriving ST/TF units until relieved by the Strike Team Leader (STL).
- As subsequent units arrive, they shall contact the TL for their assignment unless otherwise directed by the incident personnel.
- When the STL arrives at the incident, his/her first priority is to make contact with the appropriate personnel for an updated safety briefing and tactical assignment, and then proceed to his/her resources at their current location.
- The County Fire Chiefs' Association has a standing policy of allowing five (5) single resource engines the ability to mobilize along the San Bernardino County / Riverside County line to support our neighboring county without sending them in a strike team or task force configuration, and without overhead (STL). This policy does not change the ability for these resources to be requested or mobilized along the county line.

## **SAFETY BRIEFINGS**

Safety briefing should include the following topics, and the engine captains and STL shall document on their respective ICS Form 214.

- Personal safety
- Proper PPE
- 18 Watch Out Situations
- Ten Standard Fire Orders
- Look Out, Communications, Escape Routes, Safety Zones (LCES)
- Current drought/weather conditions
- Tree mortality issues if in forest areas and fuel conditions
- Extreme fire behavior experienced in recent years within the XBO OA

## **SPECIAL EMPHASIS**

Special emphasis shall be given in the following areas.

- Engine captains shall make every effort to obtain the STL's cell phone number while enroute from their respective dispatch center. **DO NOT MAKE IT THE RESPONSIBILITY OF THE STL TO PROVIDE HIS/HER PHONE NUMBER.**
- Engine Captains shall provide their personnel safety briefings while enroute to the emergency and document those briefings on their respective ICS Form 214's.
- As feasible, the STL's obtain a safety briefing prior to engagement, and shall pass that briefing along to all units as they arrive and document the briefings.

**ATTACHMENT B**

SAN BERNARDINO COUNTY (XBO), Region VI  
ENGINE ST/TF  
CODE of CONDUCT

1. Regard assignments as any other emergency response, this is not a vacation.
2. Utilize clear-text communications. Keep radio traffic between units to a minimum.
3. Crews shall maintain a state of readiness when assigned or available.
4. Know who you are assigned to. Maintain crew accountability.
5. Limit the procurement of equipment to what is needed. All equipment shall be checked out by the STLD/TFLD or designee.
6. All equipment issued at the incident must be returned before you are demobilized. Theft of equipment is a crime.
7. Maintain and wear all proper safety clothing whenever assigned. Wear the proper uniform or attire while in the incident base.
8. Recreation will be limited to out-of-service hours and shall consist of those activities approved by the STLD/TFLD.
9. No alcohol or illicit drugs will be transported or consumed at any time.
10. Cell phone usage for personal calls shall be restricted to periods when resources are available or out of service (non-assigned periods).
11. Do not enter any residence without the owner's permission except to search or defend the structure. Respect the property of the residents you are protecting. If you enter a private residence or business, leave a note identifying your ST/TF and detailing your actions taken.
12. All Firefighters shall be empowered to halt any unsafe or hazardous acts in which the risks outweigh the benefits.
13. Wear seatbelts whenever in moving vehicles traveling to, from, or on any incident.
14. Attend safety briefings prior to assignments, if possible. Emphasize a safe working environment for all members.
15. Assess personnel for injuries during and after work periods. Report all injuries immediately.
16. Always act in a professional manner.
17. Your actions are a reflection of your organization, XBO County, and the Fire Service as a whole.
18. Violation of these rules may be grounds for dismissal from the ST/TF assignment.

I, the undersigned, have read and fully understand the above rules.

## **OPERATIONAL AREA ZONES**

### **ZONE 1 – VALLEY AREA**

Zone 1 is comprised of all agencies in the Valley of San Bernardino County, generally from the Los Angeles / San Bernardino County Line on the West to the Riverside / San Bernardino County Line on the East. Resources available from within Zone 1 include Type 1 and Type 3 Engines, Truck Companies, Water Tenders, ALS squads, Airport Crash Rescue Units, Foam Units, Bomb Squad / EOD, Breathing Support Units, Canine Detection, Mobile Command Posts, Hazardous Materials Units, Medium & Heavy Rescue Units, Illumination Unit, Mass Casualty Units, Mass Decon Units, Inflatable Rescue Boats, Swift Water Rescue Units, Thermo Gel Units

#### **Participating Fire Agencies:**

Chino Valley Fire Protection District  
Chino Institute for Men Fire Department  
Chino Institute for Woman Fire Department  
Colton Fire Department  
Highland Fire Department (Contract w/ CALFIRE)  
Loma Linda Department Fire Department  
Montclair Fire Department  
Mt. Baldy Fire Department  
Ontario Fire Department  
Rancho Cucamonga Fire Protection District  
Redlands Fire Department  
Rialto Fire Department  
San Manuel Fire Department  
Yucaipa Fire Department (Contract w/ CALFIRE)

#### **Specialized Equipment:**

Airport Crash Rescue Units – 6  
3% AFFF Foam Tender – 1  
EOD / Bomb Squad – 1  
Breathing Support Unit – 4  
Canine Bomb Detection – 6  
Canine Flammable Liquid Detection – 2  
Command Post Units – 2  
Hazardous Materials Unit – 5  
Heavy Rescue – 2  
Illumination Unit – 1  
Mass Casualty Unit – 2  
Medium Rescues – 3  
Mass Decontamination Unit – 2  
Rescue Boat – 3  
Swift Water Rescue Unit – 1  
Thermo Gel Units – 7 Engines, 2 Brush Engines, 1 Water Tender

The above agencies adhere to the State Master Mutual Aid System. Request for strike teams, task forces, and specialized equipment are processed through the San Bernardino County Communications Center and the Ontario Communications Center in accordance with the standard mutual aid procedures as developed by the San Bernardino Operational Area Fire and Rescue Coordinator.

The Ontario Communications Center serves the cities of Ontario, Chino, Chino Hills and Ontario International Airport. The Ontario Zone 1 Dispatch Center, known as "Ontario", is located at 415 East "B" Street, Ontario.

The San Bernardino County ConFire Communications Center, known as “Comm Center”, serves as the Zone 1 Emergency Communications Center and is located at 1743 W. Miro Way, Rialto. They are responsible for the dispatch functions of the Consolidated Fire Agencies of the San Bernardino Valley Joint Powers Authority (CONFIRE), whose members in Zone 1 include the Colton Fire Department, Loma Linda Fire Department, Montclair Fire Department, Rancho Cucamonga Fire District, Redlands Fire Department, and Rialto Fire Department.

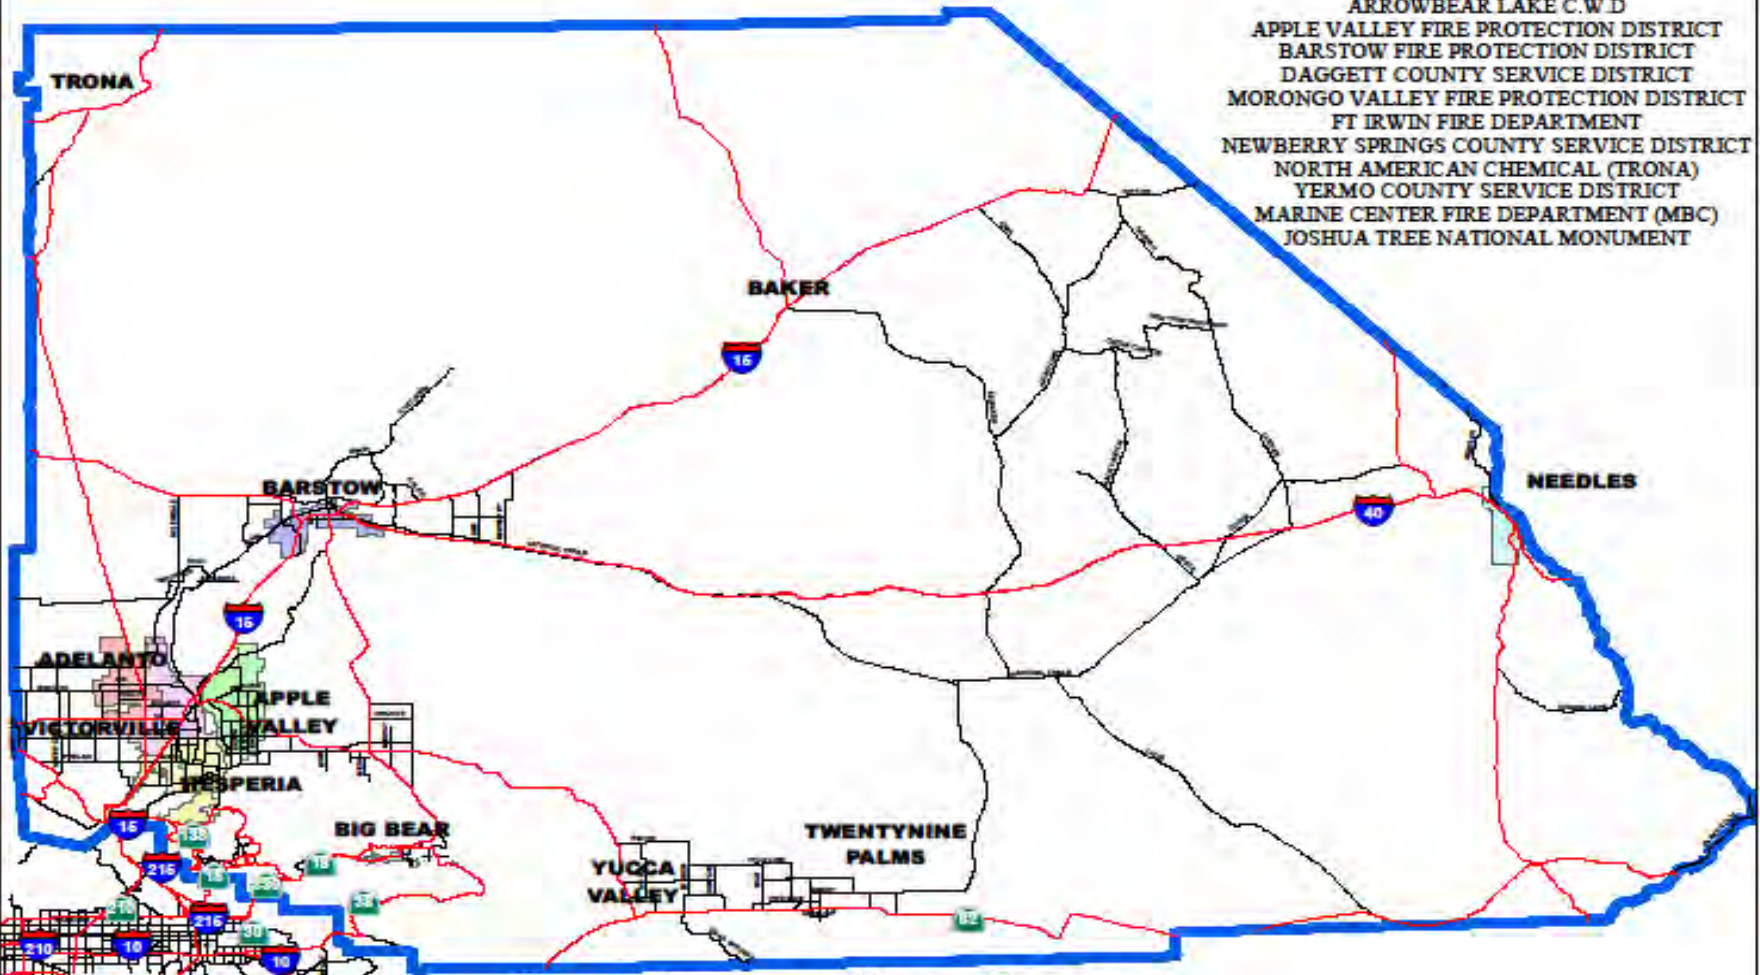

CAL-FIRE dispatches for the cities of Highland and Yucaipa. The CALFIRE dispatch center is located at 3800 N. Sierra Way in the City of San Bernardino.

The Forest Service areas in the mountains east of Mt. Baldy are dispatched from their own interagency dispatch center located at 602 S. Tippecanoe Avenue in San Bernardino. The Forest Service areas around Mt. Baldy are dispatched by the Angeles National Forest Dispatch Center located in Los Angeles County at 4503 W. William Barnes Avenue in Lancaster.

The local West Valley agencies are members of a comprehensive automatic aid system, which includes response by the nearest units regardless of agency boundaries on initial alarm through multiple alarm situations. The mutual aid agreement also includes responses to and from areas within Los Angeles County, specifically those areas on the border of Los Angeles County and fire stations covering the cities of Claremont and Pomona; responses with the CALFIRE; and automatic initial and multiple alarm responses with the San Bernardino County Fire Department. Mt. Baldy has similar agreements with CALFIRE, United States Forest Service, and Los Angeles County.

ZONE 2 AGENCIES

- BIG BEAR FIRE DEPARTMENT
- RUNNING SPRINGS C.W.D.
- ARROWBEAR LAKE C.W.D.
- APPLE VALLEY FIRE PROTECTION DISTRICT
- BARSTOW FIRE PROTECTION DISTRICT
- DAGGETT COUNTY SERVICE DISTRICT
- MORONGO VALLEY FIRE PROTECTION DISTRICT
- FT IRWIN FIRE DEPARTMENT
- NEWBERRY SPRINGS COUNTY SERVICE DISTRICT
- NORTH AMERICAN CHEMICAL (TRONA)
- YERMO COUNTY SERVICE DISTRICT
- MARINE CENTER FIRE DEPARTMENT (MBC)
- JOSHUA TREE NATIONAL MONUMENT

**San Bernardino County**  
Mutual Aid Zone 2 Mountain/Desert

March 2017

## **OPERATIONAL AREA ZONES**

### **ZONE 2 – MOUNTAINS and DESERT AREA**

Zone 2 is comprised of agencies in the San Bernardino Mountains, North Desert and Morongo basin areas. It also includes agencies in the Searles Valley and Trona areas. Resources available from within Zone 2 include Type 1, 2, 3 and 6 engines, snow cats, breathing support units, ALS and BLS squads, ALS and BLS rescues, MCI trailer and water tenders. Zone 2 agencies employ a combination of full-time, reserve, paid-call and volunteer firefighters.

#### **Participating Fire Agencies:**

- Apple Valley Fire Protection District
- Arrowbear Lake Fire Department
- Barstow Fire Protection District
- Barstow Marine Corps Logistics Base.
- Big Bear Fire Authority
- China Lake Naval Air Weapons Station
- Daggett Community Service District
- Fort Irwin Fire Department
- Morongo Valley Community Services District
- Newberry Springs Community Service District
- Running Springs Fire Department
- Searles Valley Minerals Fire Department (Trona)
- Twentynine Palms Combat Center Fire Department
- Yermo Community Service District

#### **Specialized Equipment:**

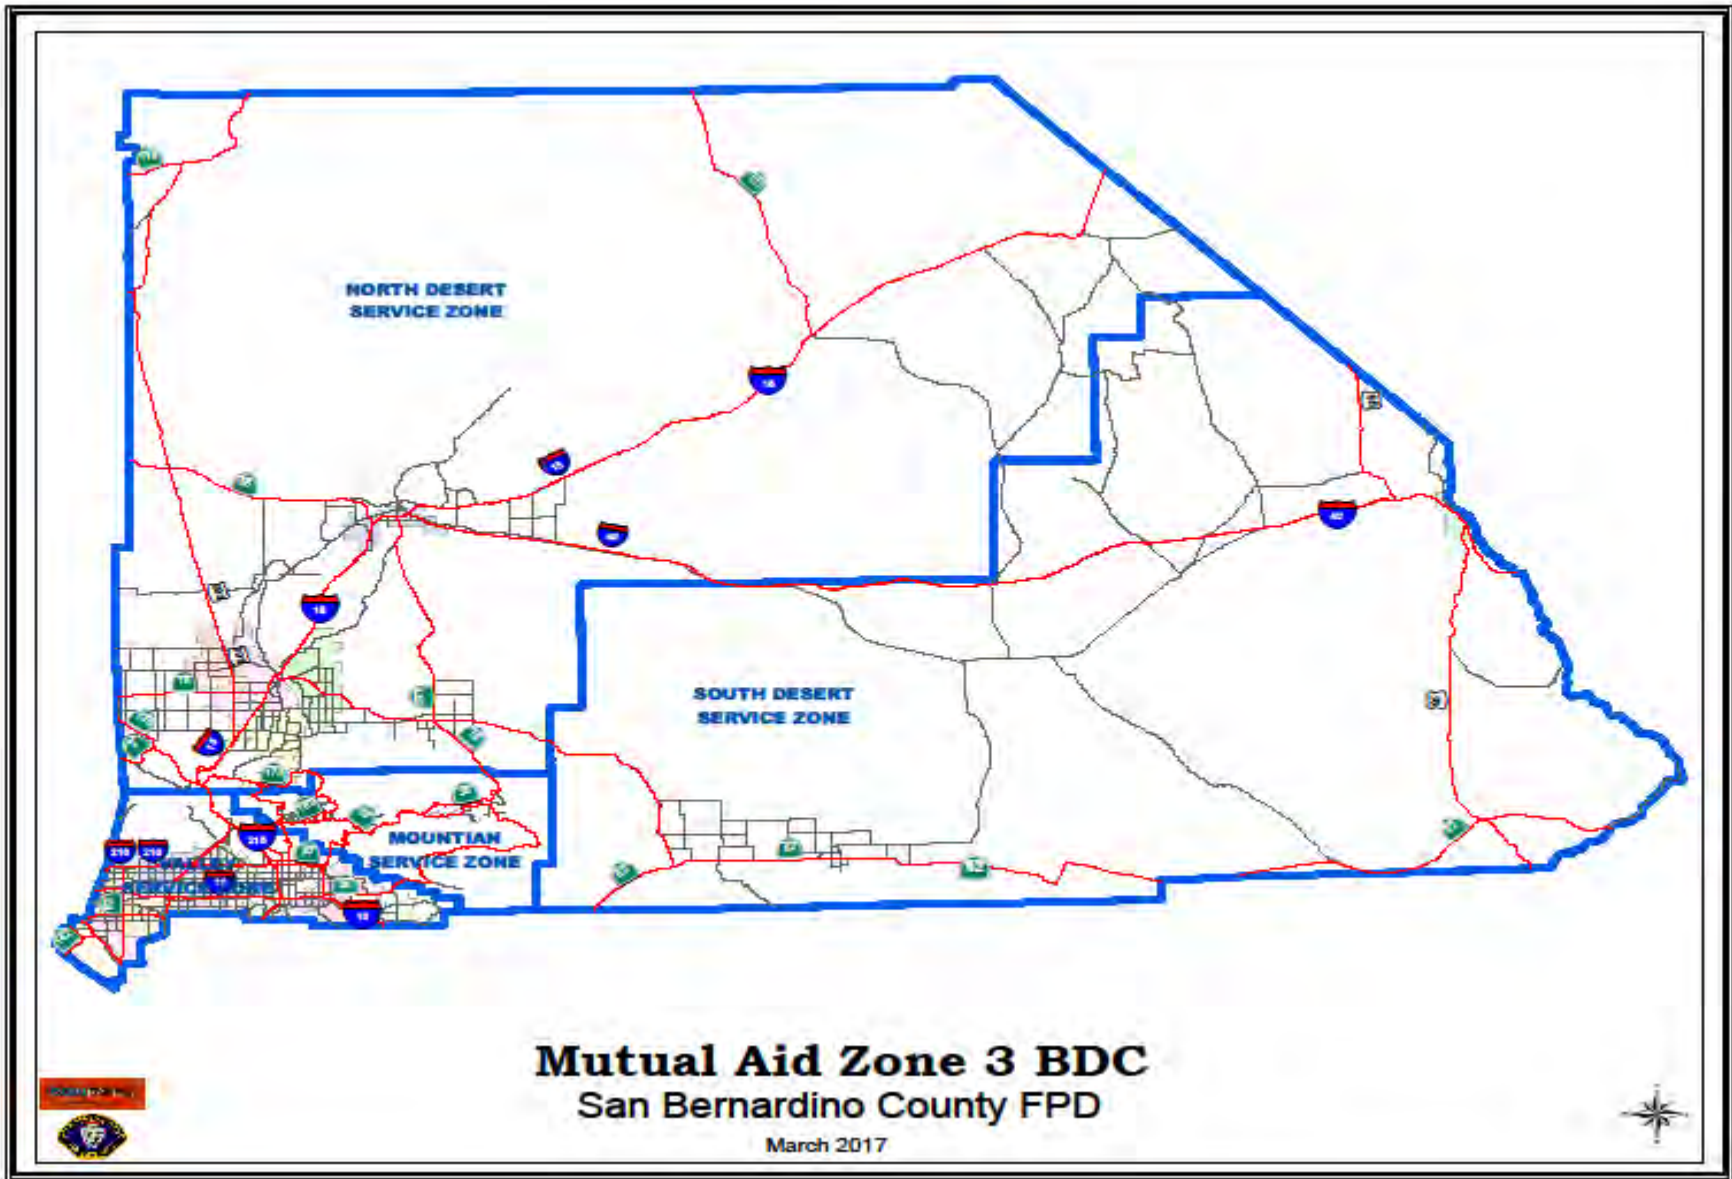

- Thermo Gel Units – 2
- Hazardous Materials Units – 3
- Command Post Units – 1
- Breathing Support Units – 2
- Medium Rescue Units – 3
- Snow Cats - 3
- CAFS Units – 2
- Loaders – 1
- MCI Trailers – 4
- Light Unit – 1
- Airport Crash Rescue Unit - 3

The above agencies adhere to the State Master Mutual Aid System. Request for strike teams, task forces, and specialized equipment are processed through the San Bernardino County Communications Center (“Comm Center”) located in Zone 1 in accordance with the standard mutual aid procedures as developed by the San Bernardino Operational Area Fire and Rescue Coordinator.

The San Bernardino County ConFire Communications Center known as “Comm Center”, located in zone 1 at 1743 W. Miro Way, Rialto, is the Zone 2 Emergency Dispatch Center and provides dispatching service for Big Bear Fire Authority, Running Springs, Trona, Apple Valley, and Morongo Valley Community Services District. Barstow Fire, Fort Irwin Fire and the Barstow Marine Base are provided communications services by their own dispatch centers.

CAL-FIRE provides dispatch services to Arrowbear, Daggett Fire, Newberry Springs Fire and Yermo Fire. Their dispatch center is located at 3800 N. Sierra Way, San Bernardino.

The mountain agencies are members of a comprehensive automatic aid system, which includes responses by the nearest units regardless of agency boundaries on initial alarm through multiple alarm situations.

## **OPERATIONAL AREA ZONES**

### **ZONE 3 - SAN BERNARDINO COUNTY FIRE DISTRICT**

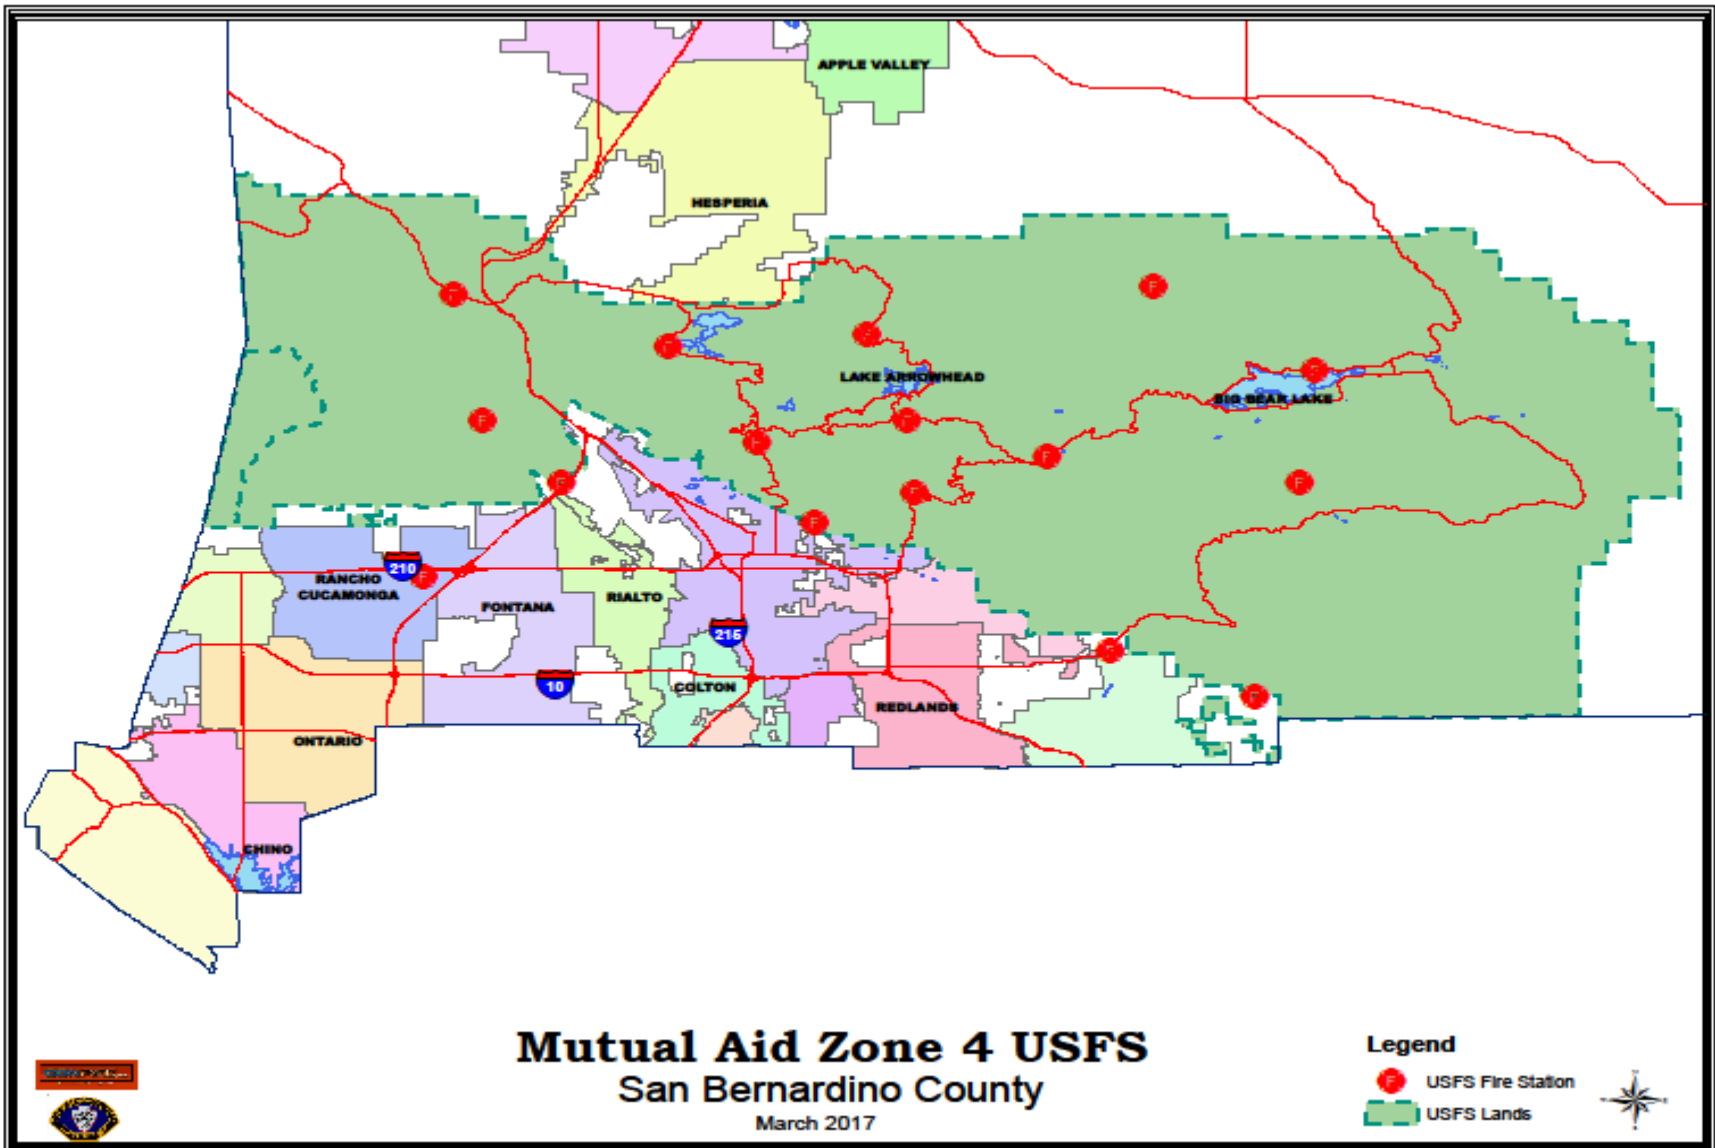

The San Bernardino County Fire District encompasses approximately 19,278 square miles of the County of San Bernardino. The Department is divided into four geographic regional service zones with a centralized management structure based in San Bernardino. The County Fire District also contracts to provide fire protection services for the Cities of Adelanto, Fontana, Hesperia, and Victorville.

The County Fire District currently provides emergency service and management from 71 fire stations that offer all-risk, emergency response within their respective communities and throughout the County. Each Regional Service Zone has equipment and trained personnel for Hazmat, USAR, and other specialized equipment for emergency incident response needs. The District provides staffed resources including Dozers, Type 2 I.A. and Inmate Hand crews. A cooperative agreement with the County Sheriff's Department provides Fire/Rescue/EMS helicopters. This is a combination department utilizing full-time, seasonal, and paid call personnel.

The County Fire District Headquarters is located at 157 West Fifth Street, 2<sup>nd</sup> floor, San Bernardino, CA 92415-0451.

The District has numerous automatic and mutual aid agreements with most of the allied response and fire agencies within San Bernardino County.

The Dispatch Center for the San Bernardino County Fire District is the County Communications Center (Comm. Center) located at 1743 W. Miro Way, Rialto, CA 92376

## **OPERATIONAL AREA ZONES**

### **ZONE 4 – USFS SAN BERNARDINO NATIONAL FOREST**

Zone 4 includes all National Forest land in San Bernardino County and is administered by the Forest Supervisor of the San Bernardino National Forest. All their fire resources are administered and supervised by the Forest's Fire Management Officer (Chief) in the supervisor's office.

The Headquarters and Interagency Dispatch Center for Zone 8 are located at 602 S. Tippecanoe Avenue in San Bernardino. They have 17 stations in the County and their combined resources include both full-time and seasonal personnel. Equipment available to them include type 3 and 4 engines, water tenders, helicopters, bulldozers, air tankers, heli-tankers and both hot-shot and standard hand crews. Equipment availability varies, depending on whether we're in fire season or not.

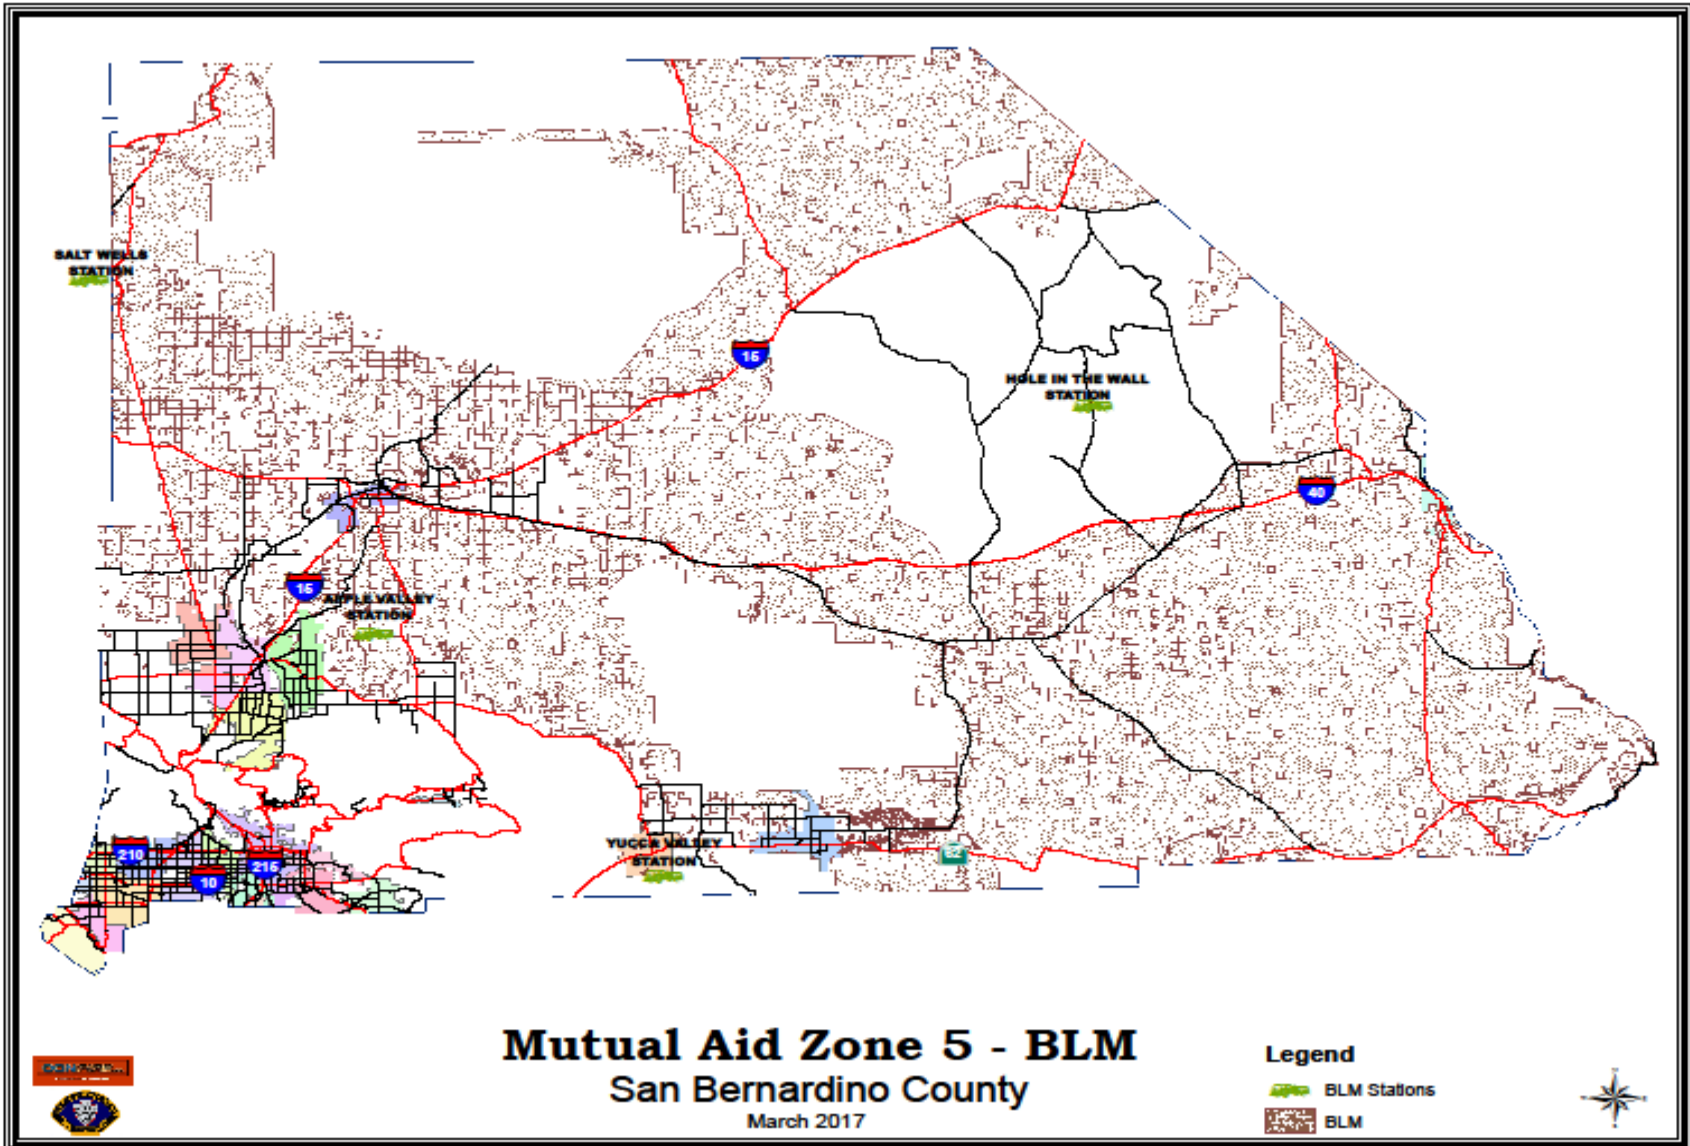

All of their Chief Officers, engines, prevention patrols and aircraft are equipped with synthesizer radios that have the capability to communicate with all fire agencies in the County except those which are in the 800-mhz frequency range.

Within the Forest administrative boundary, wildland fire protection for State Responsibility lands as defined in the Cooperative Agreement with CALFIRE is provided by the United States Forest Service. Zones 1 through 4 work closely with the USFS on fire responses that threaten or burn USFS lands.

The San Bernardino National Forest Interagency Dispatch Center adheres to the State Master Mutual Aid System. Request for strike teams, task forces, and specialized equipment are processed in accordance with the standard mutual aid procedures as developed by the United States Government, State of California and by the San Bernardino Operational Area Fire and Rescue Coordinator.

They have mutual aid agreements with the following fire agencies in San Bernardino County.

- Rancho Cucamonga
- Apple Valley
- San Bernardino County
- Big Bear Fire Authority
- Running Springs
- Highland / CALFIRE
- Yucaipa / CALFIRE
- Colton
- Loma Linda
- Redlands
- San Manuel

## OPERATIONAL AREA ZONES

### **ZONE 5 – CALIFORNIA DESERT INTERAGENCY FIRE PROGRAM (CDIFP); BUREAU OF LAND MANAGEMENT (BLM) AND NATIONAL PARK SERVICE (NPS)**

The CDIFP consists of the BLM's California Desert District, Death Valley/Joshua Tree National Parks and the Mojave National Preserve. The CDIFP is responsible for Zone 5 fire responses. It consists of approximately 15 million acres of public lands on the BLM and NPS of which only 500,000 BLM acres are under agreement to CALFIRE. The District consists of public lands located in Imperial, Riverside, San Diego, Los Angeles, Kern, Inyo and San Bernardino Counties. All BLM lands in San Bernardino County are within the California Desert District and Colorado River District boundaries. BLM/NPS currently have four (4) stations within the County:

- Hole In The Wall – located 20 miles north of the town of Essex in the Mojave National Preserve (two (2) Type III Engines one (1) BLM one (1) NPS)
- Apple Valley – located in the northern portion of the Town of Apple Valley (two (2) Type III engines, 1 Type 6 Engine, 1 Support 2 3500 gal Water Tender and 1 Type 2 Helicopter)
- Salt Wells – (two (2) Type 3 Engines) located 5 miles east of Ridgecrest. One of these Engines will be designated to cover the Olancho Station as needed.
- Black Rock – located in the Joshua Tree National Park just south of Yucca Valley (two (2) Type III Engines one (1) BLM one (1) NPS)
- Morongo – Co-located with the Morongo Indian Reservation Fire Department at their fire station they have 1 Type III fire engine.

They have Field Offices located in Barstow, Palm Springs, Ridgecrest, Needles and El Centro.

CDIFP is an interagency wildland fire protection organization. Outside of fire season, their equipment is available but long delays can be expected.

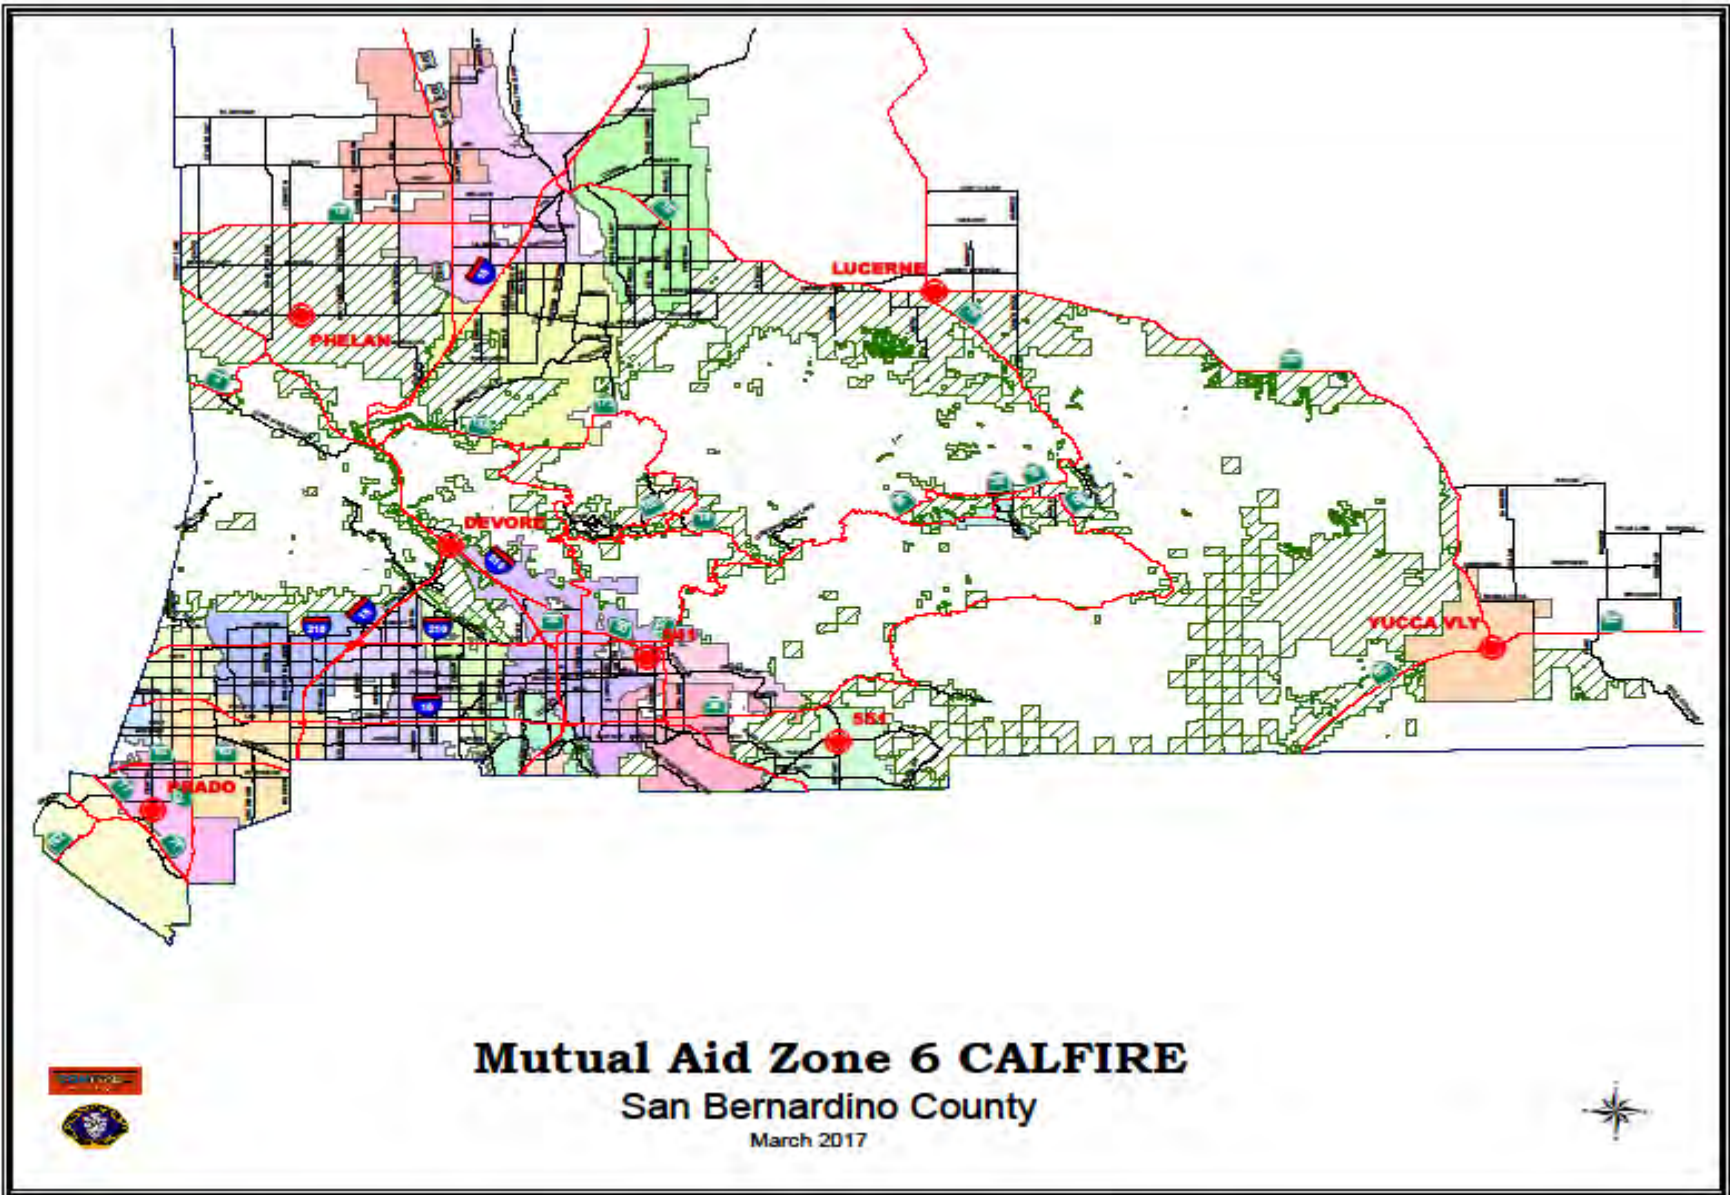

Their District Headquarters is located at 22835 Calle San Juan De Los Lagos in Moreno Valley. Their dispatch center is the Federal Interagency Communications Center located at San Bernardino National Forest Headquarters 602 S. Tippecanoe Avenue in San Bernardino. They have engines, water tenders and a Type 2 water dropping helicopter with on-board fly crew available.

They employ a combination of full-time and seasonal personnel.

They have aid agreements with the following fire agencies in San Bernardino County.

- Automatic aid to CALFIRE for areas that are a threat to public lands
- Automatic aid to the San Bernardino National Forest
- Automatic aid to the Southern California Agency BIA
- Automatic aid to the Joshua Tree NP, Death Valley NP & Mojave National Preserve
- Automatic aid to Apple Valley
- Automatic aid to San Bernardino County
- Zones 2 & 3 work closely with BLM on fire responses that threaten or burn BLM lands

The Federal Interagency Communications Center (FICC) adheres to the State Master Mutual Aid System. Request for strike teams, task forces, and specialized equipment are processed in accordance with the standard mutual aid procedures as developed by the United States Government, State of California and by the San Bernardino Operational Area Fire and Rescue Coordinator.

## **OPERATIONAL AREA ZONES**

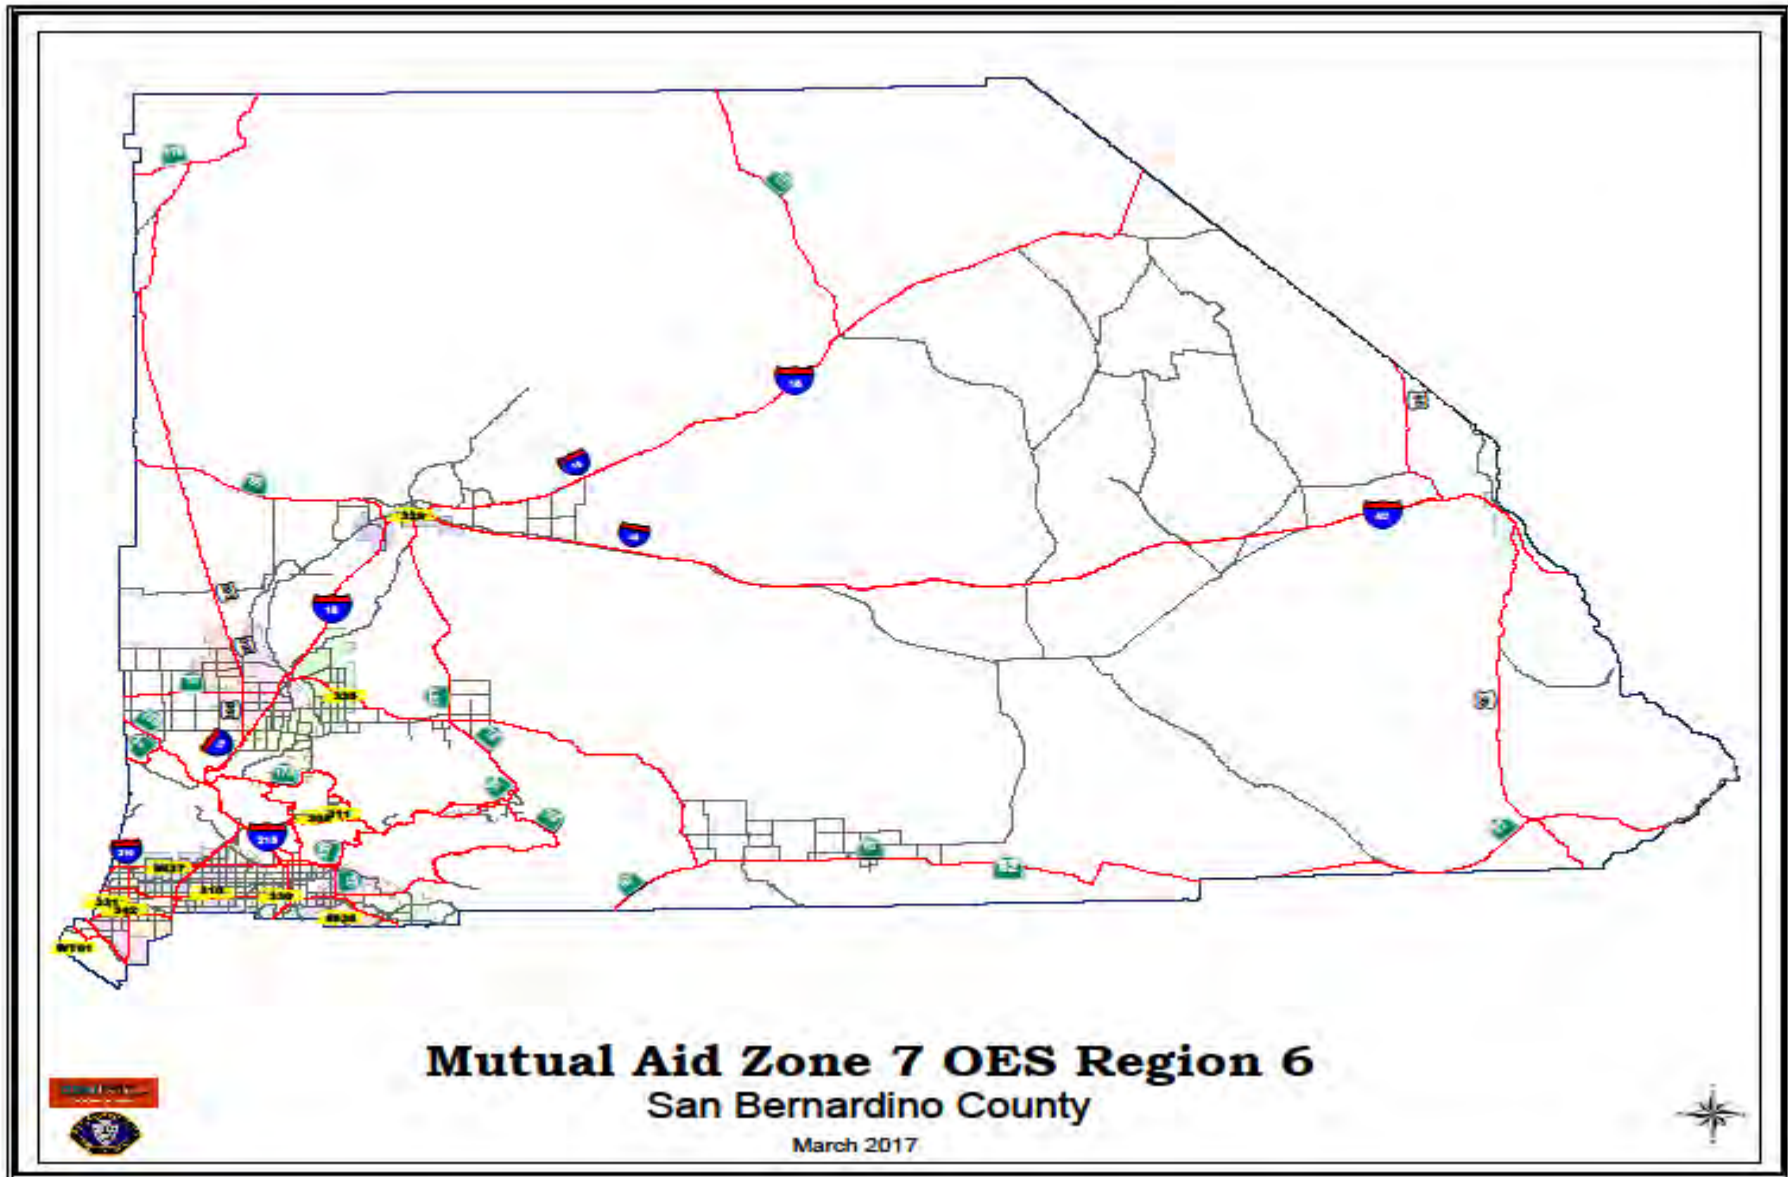

### **ZONE 6 – CALFIRE**

Zone 6 is a county-wide, agency specific, zone that includes all resources and state responsibility areas protected by CALFIRE – San Bernardino Unit. The department is responsible for the fire protection, fire prevention, maintenance, and enhancement of the state's forest, range, and brushland resources, contract fire protection, associated emergency services, and assistance in civil disasters and other non-fire emergencies. CALFIRE Direct Protection Area (DPA) can include any combination of SRA, Federal Responsibility Area (FRA), or Local Responsibility Area (LRA), depending upon the contractual situation. For wildland fire protection DPA excludes LRA lands not intermingled in small blocks with SRA. Each geographical zone has state DPA lands within its boundaries which require close coordination with all fire agencies.

The Headquarters and Emergency Command Center for Zone 6 is located at 3800 N. Sierra Way in San Bernardino. The department has 4 conservation camps and 13 fire stations in the Unit that house 19 hand crews, 16 engines with the ability to upstaff to 22 engines, 2 bulldozers and 2 bulldozer tenders and one type 2 (hoist capable) helicopter with crew. Staffing preparedness levels vary from winter preparedness through transitional preparedness to Peak levels year around.

They employ a combination of full-time and reserve firefighters.

The CALFIRE Emergency Command Center adheres to the State Master Mutual Aid System. Request for strike teams, task forces, and specialized equipment are processed in accordance with the standard mutual aid procedures as developed by the State and by the San Bernardino Operational Area Fire and Rescue Coordinator. Local Fire Chiefs may request assistance from the STATE for STATE resources under the provisions of the California Fire Service and Rescue Emergency Mutual Aid System's Mutual Aid Plan via CALFIRE Master Mutual Aid. The CALFIRE dispatch center, located in Zone 2 at 3800 N. Sierra Way, San Bernardino is the Zone 6 Emergency Dispatch Center.

## OPERATIONAL AREA ZONES

### ZONE 7 – OFFICE OF EMERGENCY SERVICES

The State of California, Fire and Rescue Emergency Plan, consists of a mutual aid system that includes Cal OES owned fire and rescue resources that are operated by local agencies and can be mobilized during emergency situations throughout the State.

OES owned resources are distributed to several agencies. For effective coordination into the County system, the OES equipment has been placed into its own zone. This equipment may be called to emergencies outside of Region 6.

The dispatch of OES equipment in the County for mutual aid assignments is done by the San Bernardino County ConFire Communications Center, known as “Comm. Center” (Op Area Dispatch) which is located in Zone 1 at 1743 W. Miro Way in Rialto.

Zone 7 is coordinated by the OAFRC (Operational Area Fire and Rescue Coordinator), and the current distribution of equipment is as follows:

Motorized Fire Equipment	Agency Assignment	Location
OES 309	San Bernardino County Fire Department - Crestline	Zone 3
OES 310	San Bernardino County Fire Department – Fontana	Zone 3
OES 311	San Bernardino County Fire Department – Victorville	Zone 3
OES 328	Barstow Fire Department	Zone 2
OES 330	Colton Fire Department	Zone 1
OES 331	Montclair Fire Department	Zone 1
OES 335	Apple Valley Fire Protection District	Zone 2
OES 342	Ontario Fire Department	Zone 1
OES WT61	Chino Valley Independent Fire District	Zone 1
OES 8637	Rancho Cucamonga Fire Protection District	Zone 1
OES 8638	Redlands Fire Department	Zone 1

### **III. COMMUNICATIONS**

### III. COMMUNICATIONS

It is anticipated that this system will allow for growth of this County's Fire Service through the year 2020. This plan utilizes portions of the old county-wide system and also includes a new common designator plan for all suppression and rescue equipment within the County.

Each fire station within the County has been assigned a distinct number. Each piece of equipment has been assigned a distinct plain language designator. Additional like equipment in the same station will have an alphabetical letter starting with "A", placed behind the equipment number indicating that there is like equipment within that station. Reserve equipment will also have an alphabetical letter such as "R" placed behind the equipment number indicating the equipment's status and station assignment. With several hand crews assigned to one specific station, the call sign for each crew will be through a number system. The station assignment will be followed by a crew number.

Administrative staff would continue using the current department number assignments and would be placed on one-hundred block designations (see below). However, all staff would use a plain language designator along with the number assignment (see examples below):

- 00 Fire Chief (personal designation)
- 01-49 Administrative (Deputy Chief and below)
- 50-89 Prevention (Inspectors, Arson Investigators, Training)
- 90-99 Mechanics

#### ADMINISTRATION EXAMPLES

---

"Chief 4700"	Barstow Fire Chief
"Division 1809"	Ontario Division Chief
"Prevention 258"	San Bernardino County Fire Prevention Officer
"Battalion 2805"	Big Bear Fire Authority Battalion Chief
"Repair 790"	Redlands Fire Mechanic
"Deputy 1101"	Loma Linda Deputy Chief

#### SUPPRESSION, RESCUE AND SUPPORT EQUIPMENT EXAMPLES

##### San Bernardino County Station 221

"Station 221"	"Medic Engine 221"	"Squad 221"
"Engine 221A"	"Air Light 221"	"Engine 221R"
"Water Tender 221"	"Truck 221"	"Utility 221"

##### Victorville Fire Station 311

"Station 311"	"Medic Engine 311"	"Engine 311A"
"Medic Truck 311"	"Water Tender 311"	"Brush Engine 311"

##### Hand Crews

Inmate Crews		Paid Crews	
"Crew 15-1"	"Crew 15-2"	"Crew 6-1"	"Crew 6-2"

**SAN BERNARDINO COUNTY  
FIRE CHIEFS' ASSOCIATION  
VHF TACTICAL FREQUENCY PLAN**

The attached frequency grid is designed to work throughout all the fire jurisdictions within San Bernardino County. For it to function smoothly, it requires the complete coordination of all the fire dispatch centers in the County.

These dispatch centers include:

- ConFire JPA Communications "Comm Center"
- Ontario Fire Communications "Ontario"
- Cal-Fire BDU Emergency Command Center "San Bernardino"
- Federal Inter-Agency Dispatch Center "San Bernardino"

The channel names and their assigned frequencies are listed below:

<b>CHANNEL</b>	<b>FREQUENCY</b>	<b>TONE</b>

	CCC	BIG RIVER	3-CMD-9	VFIRE21 <sup>3</sup>	BDC V15	BDC V17	BDC V19

Notes: <sup>1</sup> CDF is assigned Command 1,2, or 3 by OSSC at time of dispatch based on availability

<sup>2</sup> CalFire is also authorized to use BDC V19 if requested.

<sup>3</sup> VFIRE21 is permitted as a tac ONLY WITH Arizona mutual aid units

4 After the first operational period (12 hours, 24 hours, etc.) the IC should request "BDC V" tac channels to replace the VFIRE channels after mutual aid resources are released from the incident. When this occurs, follow the "EXTENDED OPS" section above.

5 For all BDC FG Incidents: Assign a Primary and Secondary Tac Channel and BDCAG (BDC Air to Ground). Any incident with Aircraft assigned where Comm Center is the UOP, we must also assign an Air to Air (VICTOR) channel. VICTOR is a unit in CAD, the frequency is 136.000

**SUBJECT: MUTUAL AID AGREEMENT NO. 95-126– NOTICE THAT SAN BERNARDINO COUNTY FIRE PROTECTION DISTRICT IS THE NEW CONTRACTING PARTY UNDER THE AGREEMENT**

Please be advised that the San Bernardino County Consolidated Fire District (“District”) is undergoing reorganization and effective July 1, 2008 shall be known and referred to as “San Bernardino County Fire Protection District.” This reorganization will not have any impact on the terms of Agreement No. 95-126 currently in place. All rights and obligations of the District shall be assumed by the San Bernardino County Fire Protection District, as its successor-in-interest. After July 1, 2008, any notices, correspondence, or related documents should be addressed to the San Bernardino County Fire Protection District and can be submitted to the same address as before located at:

**157 West Fifth Street, Second Floor  
San Bernardino, CA 92415-0451**

We suggest you attach this notice to Agreement No. 95-126 for mutual aid between the Running Springs Water District and the District. If you should have any questions regarding the reorganization, please do not hesitate to contact me at (909) 387-5948.

Sincerely,

**DANNY R. WURL**

COUNTY WATER DISTRICT AND LAKE ARROWHEAD FIRE  
PROTECTION DISTRICT**

RECOMMENDATION: Acting as governing body of the Lake Arrowhead Fire Protection District, approve mutual aid agreement for fire protection services and emergency medical assistance with Running Springs County Water District that has fire powers within its boundaries.

BACKGROUND: The purpose of this agreement is to furnish fire protection and emergency medical assistance in specified areas within the boundaries of Running Springs County Water District and Lake Arrowhead Fire Protection District. The mutual aid assistance includes, personnel, equipment, materials and supplies and other services as may be necessary to assist each party.

FINANCIAL DATA: Terms of agreement state neither district shall be obligated to reimburse the other party for any action taken as a result of the mutual aid agreement.

REVIEW: This action has been reviewed by County Counsel (L. Thomas Krahelski), Contract Compliance (William Guerth) and coordinated with the Third Supervisorial District (Steve Watt).

IT IS HEREBY AGREED AS FOLLOWS:

(Use space below and additional bond sheets. Set forth service to be rendered, amount to be paid, manner of payment, time for performance or completion, determination of satisfactory performance and cause for termination, other terms and conditions, and attach plans, specifications, and addenda, if any.)

**AGREEMENT FOR EXCHANGE OF FIRE PROTECTION  
AND RESCUE SERVICES - MUTUAL AID**

**RECITALS**

**WHEREAS**, the Water District has fire powers within its boundaries; and,

**WHEREAS**, the **DISTRICT** and **WATER DISTRICT** are both public entities responsible for the suppression of fires and rendering emergency medical assistance; and

**WHEREAS**, it is mutually beneficial for both parties to render cooperative assistance to combat the effect of fires and provide emergency medical assistance.

**NOW, THEREFORE**, in consideration of the promises herein contained, the parties hereto agree as follows:

I. **Purpose of the Agreement:**

The purpose of this Agreement is to furnish fire protection and emergency medical assistance, upon request, to specified areas within the boundaries of the **DISTRICT** and **WATER DISTRICT**. Such protection shall include personnel, equipment, materials and supplies, and such other fire and emergency medical assistance services as may be necessary to assist the other party.

This Agreement is not intended to serve as a realignment of existing boundaries. It is anticipated that this Agreement will augment the services currently provided.

II. **Mutual Aid Responses:**

A. The **DISTRICT**, upon notification from **WATER DISTRICT**, will respond with an engine company, water tender, and/or rescue apparatus, if available, to any emergency, including, but not limited to, major multi-vehicle traffic collisions, major boating accidents, or structure or wildland fires in the general areas as designated on the map attached hereto as Exhibit "A" and incorporated herein by this reference.

B. **WATER DISTRICT**, upon notification from the **DISTRICT**, will respond with an engine company, water tender, and/or rescue apparatus, if available, to any emergency, including, but not limited to, major multi-vehicle traffic collisions, major boating accidents, or structure or wildland fires in the **DISTRICT**, as designated on the map attached hereto as Exhibit "B" and incorporated herein by this reference.

C. Mutual aid under this Agreement will be extended with the express understanding that the local fire official in charge, in whose jurisdiction the

incident is occurring, shall remain in charge, including the direction of all personnel assigned to the incident. The assisting party involved will restrict the number of equipment/vehicles responding to the number requested.

- D. Neither party shall be obligated to reimburse the other for any action taken or aid rendered hereunder, or for any use of material, damage to equipment, liability, or claims which may result from rendering assistance under this Agreement.
- E. Neither party, in rendering aid to the other, shall be required to reduce its own resources to the extent that a situation is created which may be detrimental to its own jurisdiction. Such determination shall be made by the officer in charge of the assisting party.
- F. Personnel and equipment from the assisting party shall normally be the first to be released from the incident, unless unusual circumstances occur.
- G. Dispatch personnel for both parties shall, upon receipt of a request for emergency services within the Agreement area, contact the reciprocating party and request the response of appropriate emergency apparatus.
- H. Appropriate emergency apparatus shall include only **DISTRICT**-owned or **WATER DISTRICT**-owned equipment and shall not include privately-owned vehicles.

III. **Insurance/Indemnification:**

- A. **WATER DISTRICT** shall indemnify and hold harmless the **DISTRICT**, its authorized agents, employees, and volunteers from any and all liability or claims arising from the negligent acts or omissions of the **WATER**

**DISTRICT**, its officers, agents, employees or volunteers in the performance of this Agreement.

B. The **DISTRICT** shall indemnify and hold harmless **WATER DISTRICT**, its authorized agents, employees and volunteers from any and all liability or claims arising from the negligent acts or omissions of the **DISTRICT'S** officers, agents, employees, or volunteers in the performance of this Agreement.

C. Each party shall provide, at its own expense, the Workers' Compensation insurance coverage necessary for its own employees. At no time shall the employees of one party be considered employees of the other. Each party shall waive subrogation rights against each other, their employees, officers, and volunteers.

IV. **Term:**

A. This Agreement shall be effective upon formal written approval by both parties.

B. The Agreement shall remain in effect until terminated by either party, upon written notification to the other party at least thirty days prior to the date of termination.

V. **Waiver:**

No waiver of any term or condition of this Agreement shall be considered a continuing waiver thereof.

VI. **Assignment:**

Upon consultation with **WATER DISTRICT**, **DISTRICT** may assign its rights and duties under this Agreement to any successor, Board-governed district with fire protection powers.

**VII. Entire Contract/Modification:**

This constitutes the entire Agreement between the parties. Any modification of the Agreement must be in writing and approved by both parties.

## **AGREEMENT FOR MUTUAL AID FIRE PROTECTION**

THIS AGREEMENT, made this first day of July, 2019, by and between the State of California, hereinafter called STATE, and Running Springs Water District, known as Running Springs Fire Department, hereinafter called LOCAL AGENCY, through its duly authorized officers.

### **WITNESSETH:**

**WHEREAS:**

1. Running Springs Fire Department maintains and operates a fire protection organization in the area generally known as Running Springs, CA.
2. CALFIRE maintains and operates a fire protection organization for the purpose of providing basic wildland fire protection to State Responsibility Area lands which are adjacent or proximate to the area protected by LOCAL AGENCY; and
3. It is the desire of the parties hereto to render aid, each to the other, to combat the effect of fire, when such aid is necessary as herein set forth; and
4. The parties hereto desire to affect the purpose of this agreement pursuant to the provisions of the "Joint Exercise of Power Act" (Gov. Code Section 6500-6547) and Health and Safety Code Section 13050.

**NOW THEREFORE,** the parties hereto mutually agree as follows:

1. To furnish fire protection personnel and equipment and to render such fire protection services to each other as may be necessary to suppress fire of a size beyond the control of either of the parties hereto acting without the assistance of the other and control of which therefore requires assistance from the other.
2. Such mutual aid shall be provided within LOCAL AGENCY jurisdiction, provided, however, that neither party shall be required to reduce its own fire protection resources, personnel, services, and facilities to the detriment of its normal fire protection capability.
3. No response to a mutual aid request provided for in this agreement will be made by the parties hereto unless such request is received through the established communication channels common to each party and made by a responsible fire official of the party requesting such aid.
4. That any mutual aid extended under this agreement will be extended with the express understanding that the fire official in charge (in whose jurisdiction a fire requiring mutual aid occurs) shall remain in charge at such incident including the direction of personnel and equipment provided through the operation of this mutual aid agreement.

## ADDENDUM # 1

### ASSISTANCE BY HIRE:

CALFIRE may require additional planned need resources to support the State's Mission. CALFIRE agrees to pay the LOCAL AGENCY the current established California Fire Assistance Agreement (CFAA) rates for the resource(s). An inquiry will be made by CALFIRE to the LOCAL AGENCY to determine the availability for the resource(s) needed. If the LOCAL AGENCY resource(s) is available for assignment, CALFIRE will make the official request with date, time and reporting location.

### CIVIL COST RECOVERY

As provided in Health and Safety Code (H&SC) Section 13009 and 13009.1, and any other applicable law, an emergency response agency may bring an action for collection of suppression costs of any fire that is kindled as a result of negligence or violation of law. Either party may investigate any wildfire in that party's jurisdiction for origin and cause of the fire and document investigation findings, determine potential for cost recovery reimbursement, and appropriate corrective and/or mitigation action(s). For large wildfires or otherwise complex investigations, LOCAL AGENCY may request STATE, or STATE may choose in consultation with LOCAL AGENCY, to provide fire investigation support with the level of support based on the availability of STATE personnel and equipment. For joint jurisdictional incidents, the parties may enter into an agreement as to the conduct of the investigation, documentation, and evidence to avoid duplication of effort. If either party determines that a wildfire resulted from the negligence of or violation of law by an identified responsible person or entity, that party shall so notify the other party.

When either party determines that civil cost recovery is appropriate, that party will notify the other party in writing. Either party may bring an action for civil cost recovery for its own costs and, upon the written delegation of the other party, the other party's costs. Each party agrees to cooperate with the other party in any civil cost recovery action, including, without limitation, providing to the other party all documentation necessary to establish the cost of suppression activities and all applicable investigation information, documentation, reports, interview records, and evidence relating to the incident. If either party determines not to pursue civil cost recovery where there is an act of negligence or violation of law by an identified responsible person or entity, that party shall so notify the other party so that the other party may determine its appropriate cost recovery action(s).

Prior to pursuing civil cost recovery jointly, the parties shall enter into an agreement: (i) governing the prosecution of such action; (ii) allocating the costs and legal fees of the civil cost recovery action; and (iii) establishing the pro-rata apportionment of any amounts recovered in the civil cost recovery action. For those incidents on which the parties are jointly pursuing civil cost recovery, a pre-settlement consultation will be undertaken by the parties prior to entering any cost recovery settlement agreement. For those incidents on which the parties are separately pursuing civil cost recovery, the parties must advise each other before entering into any cost recovery action.

5. Except as may be provided by separate agreement between the parties hereto, the assurance of mutual aid set forth herein shall constitute the sole consideration for the performance hereof and neither party shall be obligated to reimburse the other for any action taken or aid rendered hereunder, or for any use of material, damage to equipment, or liability incurred which may occur in the course of rendering the firefighting assistance herein provided for.
6. That certain specialized types of fire protection resources may not be made available subject to the provisions of this agreement, and that such resources will be available only on a reimbursement basis.
7. This agreement shall remain in full force and effect for a period of five (5) years from the date hereinabove written unless sooner terminated by either of the parties giving to the other fifteen (15) days written notice of such termination.

**ADDENDUM #1 HAS BEEN ADDED PRIOR TO EXECUTION**

IN WITNESS WHEREOF, THE PARTIES HERETO HAVE CAUSED THIS AGREEMENT TO BE EXECUTED AS OF THE DAY AND YEAR FIRST HEREINABOVE WRITTEN.

**AGREEMENT FOR EXCHANGE OF FIRE PROTECTION  
AND RESCUE SERVICES - - AUTOMATIC AID**

**WHEREAS**, the parties to this Agreement provide fire protection and rescue services within their respective jurisdictions; and,

**WHEREAS**, it is in the best interests of the citizens of the County and the Contractor to provide the most expeditious response to suppress fires and render other emergency service; and,

**WHEREAS**, each party is desirous of providing to the other a reasonable and reciprocal exchange of fire, rescue and emergency medical services on a day to day basis; and,

**WHEREAS**, this Agreement is authorized by provisions of applicable State and Federal law;

**NOW, THEREFORE,** in consideration of these mutual covenants, the parties agree to undertake automatic aid under the terms, provisions, and conditions hereinafter provided.

1. The Contractor agrees to provide a designated fire or rescue response, as determined by the Fire Chiefs of the Contractor and County to those areas within County's jurisdiction as identified in Exhibit "A," attached hereto and incorporated herein by this reference.
2. In return for the services to be provided by the Contractor, the County agrees to provide a designated fire or rescue response, as determined by the Fire Chiefs of the Contractor and County, to those areas within Contractor's jurisdiction, also identified in Exhibit "A," attached hereto and incorporated herein by this reference.
3. Upon receipt by the Contractor of an alarm within its jurisdictional area, the Contractor, as the jurisdictional department, will dispatch the nearest and appropriate designated fire or rescue response to that alarm and notify the County's fire dispatcher, who will, in turn, dispatch the agreed-upon response.
4. Upon receipt by the County of an alarm within its jurisdictional area, the County, as the jurisdictional department, will dispatch the nearest and appropriate designated fire or rescue response to that alarm and notify the Contractor's fire dispatcher, who will, in turn, dispatch the agreed-upon response.
5. The Contractor and County intend that this Agreement will provide mutual benefits to both parties and herein authorize the Fire Chiefs of the Contractor and County to revise any designated areas or types of response periodically as may be dictated by changing conditions and mutual benefits to the parties. It is agreed that substantial reductions of fire protection and/or emergency medical forces by parties hereto shall be cause for reconsideration or amendment of this Agreement.
6. Details as to amounts and types of assistance to be dispatched, areas to be assisted, methods of dispatching and communications, training programs and procedures, methods of requesting aid, and the names of persons authorized to send and receive such requests, together with lists of equipment and personnel which will be utilized, shall be developed by the Fire Chiefs of the Contractor and County. Such details shall be recorded in an Operating Plan and signed by the Chiefs of the Contractor and County.
7. In those instances where an assisting department arrives before the jurisdictional department, the assisting department will take the necessary action dictated by the situation. However, it is assumed that the jurisdictional department will arrive shortly after the arrival of the assisting department. Thereafter, the responsibility for coping with the situation will be immediately assumed by the jurisdictional department upon its arrival at the scene. The assisting department personnel will be under the direction of the officer-in-charge of the jurisdictional department. It is further agreed that the assisting department will be released from the scene as soon as is practical by the jurisdictional department.

8. It is mutually understood and agreed that this Agreement does not relieve either party hereto from the necessity and obligation for using its own resources for furnishing fire and/or rescue response within any part of its own jurisdiction, and that the assisting department's response to a request for aid will be dependent upon the existing emergency conditions within its own jurisdiction and the status of its resources. If an assisting department cannot respond under this Agreement, it must immediately notify the jurisdictional communication center.
9. When service is rendered, Contractor shall have the option to recover costs by participating in County's Cost Recovery Program. In turn, County shall have the option to recover cost by participating in Contractor's Cost Recovery Program. Assisting agency shall submit the designated forms to responsible agency. Responsible agency shall attempt collection, and if the cost recovery claim is successful, the money collected shall be returned to assisting agency, minus the actual cost for processing the claim.
10. Indemnification -- The Contractor agrees to indemnify, defend and hold harmless the County, and its authorized officers, employees, agents and volunteers, from any and all claims, or actions arising from the Contractor's acts or omissions in connection with this Agreement and for any costs or expenses incurred by the County on account of any claim therefore, except where such indemnification is prohibited by law.

County is a legally self-insured public entity and agrees to indemnify, defend and hold harmless the Contractor and its authorized officers, employees, agents and volunteers, from any and all claims, or actions arising from the County's acts or omissions in connection with this Agreement and for any costs or expenses incurred by the Contractor on account of any claim therefore, except where such indemnification is prohibited by law.

11. This Agreement shall remain in effect until terminated by either party. It may be terminated by written notification to the other party at least sixty (60) days prior to the date of termination.
12. Delivery of Notices. All notices permitted or required under this Agreement shall be given to the respective parties at the following address, or at such other address as the respective parties may provide in writing for this purpose:

**Running Springs Water District's Fire Department and  
San Bernardino County Service Area 38**

**JOINT RESPONSE OPERATING PLAN**

**RE: Running Springs Water District's Fire Department and  
San Bernardino County Service Area 38  
Operating Plan for Automatic Aid**

**OPERATING PLAN**

This Joint Response Operating Plan by and between the Running Springs Water District's Fire Department, hereinafter called "Contractor", and the San Bernardino County Service Area 38, a Special District's Department of the County of San Bernardino, located in the State of California, hereinafter referred to as "District".

**WITNESSETH**

WHEREAS, this operating plan entered into for the best interest of the citizens of both jurisdictions to have a reciprocal joint response between Contractor and District on structure fires, wildland fires, medical aids, etc. or when either agency's first-in engine is out of position or committed on a previous call, and

WHEREAS, this operating plan will create a safer working environment for emergency personnel of both jurisdictions by providing additional emergency resources in a more timely manner

NOW, THEREFORE, The parties agree as follows:

1. Contractor will respond the requested resource if available to all fires within the area designated on the attached map marked as Exhibit "A" and on a second call basis when a District unit is committed to a previous incident when the incident is in the joint response jurisdiction. Contractor will continue to respond the closest available Contractor unit/s to emergency incidents of questionable jurisdiction.
2. District will respond the requested resource if available to all fires within the area designated on the attached map marked Exhibit "A" and on a second call basis when a Contractor unit committed to a previous incident when the incident is in the joint response jurisdiction. District will continue to respond to emergency incidents of questionable jurisdiction.
3. Assisting agency responding into other jurisdiction will utilize current identified resources in mitigating EMS incidents, i.e. RSP for Running Springs EMS calls.
4. This operating plan shall become effective the date the automatic aid agreement is fully executed and shall continue in full force until modification of the operating plan or termination of the automatic aid agreement referenced in this document. This operation plan may be modified at any time by mutual consent of Contractor and District.

## **GENERAL INSTRUCTIONS**

1. Chief Officer response will be by request from the agency receiving automatic aid. This does not exclude automatic Chief Officer response by the agency providing assistance.
2. Either agency may respond an engine and an auxiliary piece of apparatus to certain incidents due to inter-agency operational procedures.
3. Either agency may request additional apparatus and staffing if circumstances require. Request should be made by the incident I.C. to the dispatch center having jurisdictional responsibility and only equipment dispatched for response shall respond.
4. All responses under this automatic aid Operational Plan respond directly to the incident location, unless otherwise directed by the officer in charge of the department receiving automatic aid.

### **Training**

Joint training exercises are to be carried out periodically under the direction of the officers responsible for operations in each department, not less than four times annually. The training exercises are to be scheduled by the respective Department Training Officers, for the purpose of maintaining coordination in fire fighting and rescue procedures.

### **Communications**

The assisting agencies will respond with the Dispatch Center having jurisdictional responsibility. Each agency will adhere to each department's communication policy and procedures. Example, when District is responding into Contractor under the Operational Plan, the District unit shall state that they are responding on their Primary dispatch frequency, then switch to Contractor Dispatch and advise them they are responding with number of personnel on unit. They shall remain under the dispatch control of Contractor Dispatch until they have been released, at which time they shall switch back to their primary dispatch frequency. The same principal applies to the Contractor when responding into District.

### **Operational Command**

All units at the scene of an emergency will be under the command of the first arriving officer on scene. Every effort will be made to operate as a single coordinated attack force rather than separated agencies. The first arriving officer will assume command until relieved by an officer of the agency having jurisdictional responsibility. Appropriate personal safety clothing and equipment will be utilized at all times by all agencies.

### **Limitations**

If the agreed upon response unit from either department is not available, the assisting agency will advise the requesting dispatch center to determine if another unit is needed. Both departments agree to make every attempt to provide the most appropriate unit with available staffing.

This Operational Plan may be temporarily suspended by either Department's Chief Officer or their representative at any time due to emergency conditions within their jurisdiction or impacting their jurisdiction or resources.

**Fire Incident Reporting**

Each Department shall be responsible for incident reports within their respective jurisdiction. Assisting units shall cooperate with jurisdictional units to exchange appropriate information.

**Revisions**

This Operational Plan may be revised or amended at any time by mutual agreement of the Fire Chiefs of the Contractor and District.

It is agreed that any substantial impact or changes of fire protection resources by either agency, shall be cause for reconsideration of this agreement.

IN WITNESS THEREOF, the parties hereto have executed this operating plan on the date hereinafter written.

# COOPERATIVE AGREEMENT FOR JOINT USE

## BY AND BETWEEN

### RUNNING SPRINGS FIRE DEPARTMENT AND CALIFORNIA DEPARTMENT OF FORESTRY AND FIRE PROTECTION (CAL FIRE)

**THIS AGREEMENT** is entered into in the State of California by and amongst the Running Springs Fire Department, hereinafter referred to as the **AGENCY**, and the California Department of Forestry and Fire Protection (CAL FIRE), hereinafter referred to as the **DEPARTMENT**.

#### **IT IS HEREBY AGREED AS FOLLOWS:**

**WHEREAS**, the **AGENCY** maintains a building with living quarters and two apparatus bays located at 31250 Hilltop Blvd. Running Springs, California; and

**WHEREAS**, the **AGENCY** intends to make certain limited space available to the **DEPARTMENT** for living space and fire engine storage; and

**WHEREAS**, the **DEPARTMENT** wishes to occupy and use a portion of said facility for living space and fire engine storage; and

**WHEREAS**, the **AGENCY** wishes to allow the **DEPARTMENT** to jointly occupy a portion of said facility for living space and fire engine storage.

**NOW, THEREFORE**, the parties hereto agree as follows:

#### **TERMS OF AGREEMENT**

##### **I. PREMISE:**

The **AGENCY** grants the **DEPARTMENT** the non-exclusive right to use portions of the building and apparatus bays located at Fire Station No. 51, 31250 Hilltop Blvd. Running Springs, California. The use will be for living space and fire engine storage. Occupancy and use of the facilities will be in association with **AGENCY**'s use of the same premises.

##### **II. USE:**

The **AGENCY** also agrees to allow the **DEPARTMENT** to install telephone lines, lighting and other such amenities necessary to operate a 24-hour fire station. The **AGENCY** reserves the right to approve any installations or improvements to facilities.

##### **III. CONSIDERATION:**

The consideration for this Agreement is the public service and assistance to the **DEPARTMENT** provided the **AGENCY** as set forth in Section 2 (USE). The **AGENCY** will benefit from enhanced fire protection of its buildings and better mutual aid assistance for wildland fires in all fire jurisdictions.

#### **IV. TERM:**

This Agreement shall become effective upon date fully executed and shall continue in effect for five (5) years from the date of occupancy.

#### **V. TERMINATION:**

Either party may, by written notice to the other party, terminate the Agreement at any time and without cause by giving written notice to the other party of such termination, and specifying the effective date thereof, at least sixty (60) days before the effective date of such termination.

#### **VI. OPERATIONS:**

The **DEPARTMENT** shall, to the satisfaction of the **AGENCY**, keep and maintain the premises in a clean, neat and orderly condition; assist in minor grounds maintenance; and handle any necessary repairs resulting from their occupancy.

#### **VII. INDEMNIFICATION:**

The **DEPARTMENT** agrees to indemnify, defend and hold harmless the **AGENCY** and its authorized officers, employees, agents and volunteers from any and all claims or actions arising from the **DEPARTMENT**'s acts or omissions in connection with this Agreement and for any costs or expenses incurred by the **AGENCY** on account of any claim therefore, except where such indemnification is prohibited by law.

The **AGENCY** is insured by SDRMA Insurance Company and agrees to indemnify and hold harmless the **DEPARTMENT** and its authorized officers, employees, agents and volunteers from any and all claims, or actions arising from the **AGENCY**'s acts or omissions in connection with this Agreement and for any costs or expenses incurred by the **DEPARTMENT** on account of any claim therefore, except where such indemnification is prohibited by law.

#### **VIII. INSURANCE:**

Each party shall provide, at its sole expense, the Workers' Compensation and public liability insurance coverage necessary for its own employees and equipment. At no time shall the employee of one party be considered the employee of the other.

#### **IX. NOTICES:**

Any notices permitted or required under this Agreement shall be given to the respective parties at the following addresses, or at such other addresses as the respective parties may provide in writing for this purpose:

##### **AGENCY:**

Running Springs FD  
31250 Hilltop Blvd.  
Running Springs, CA 92382

##### **DEPARTMENT**

CAL FIRE  
3800 N. Sierra Way  
San Bernardino, CA 92405

**X. AMENDMENTS:**

No provision in this Agreement may be amended or added to except by an agreement in writing signed by the parties hereto, or their respective successor in interest, expressing by its terms an intention to modify this Agreement.

**XI. SUCCESSORS:**

This Agreement shall inure to the benefit of and be binding upon the heirs, executors, administrators, successors, and assigns of the parties hereto.

It is understood that this Agreement will in no way affect or have any bearing on the existing California Master Mutual Aid Agreement.

**IN WITNESS WHEREOF**, the Agreement has been executed and approved and is effective and operative as to each of the parties as herein provided.

**2016**  
**OPERATING PLAN**  
**FOR COOPERATIVE FIRE PROTECTION AGREEMENT**  
**Between**  
**RUNNING SPRINGS FIRE PROTECTION DISTRICT**  
**and**  
**U.S. FOREST SERVICE**  
**SAN BERNARDINO NATIONAL FOREST**

**OPERATING PLAN**

The Parties will meet annually, prior to the initiation of fire season to review and update, if necessary, the Operating Plan (OP). This annual review will be documented by signing and dating the review block on the signature page of this OP. This OP will include protection area maps for all Parties, rates for use of department equipment and personnel, lists of principal personnel, dispatching procedures, and any other items identified in this Agreement as necessary for efficient implementation. This OP shall become attached to and be a part of the Cooperative Fire Protection Agreement (CFPA). This OP takes effect as of the date of the last signature and will remain in effect until superseded by a new OP or upon expiration of the agreement.

**MUTUAL AID RESPONSE PROCEDURES**

Mutual aid is the initial attack response by both Department and U.S. Forest Service suppression resources that are identified in each Party's Emergency Command Center's run cards or computerized automated dispatch system (CAD). The Protecting Party will not be required to reimburse the Supporting Party for initial attack actions taking place in these areas within the first 12 hours (as identified in the Agreement) following initial dispatch of suppression resources. All assistance beyond this "Mutual Aid" period will be assistance by hire and will be billed retroactively for the full period from the time of initial dispatch.

Aircraft (fixed and rotary-winged) including pilot(s) shall always be Assistance by Hire, EXCEPT when the response is under a unified command and the fire threatens both local and federal jurisdictions. Fiscal responsibility for all aircraft will be determined by the ordering process, utilization and cost share agreements.

**DESCRIPTION OF U.S. FOREST SERVICE DIRECT PROTECTION AREA (DPA)**

The U.S. Forest Service has the responsibility for prevention, protection and suppression of wildland fires on National Forest administered lands, and on adjacent or intermingled State and private forested lands as identified through CFPA.

**REFERENCE CURRENT ATTACHED DPA MAP**

## **DESCRIPTION OF DEPARTMENT DIRECT PROTECTION AREA (DPA)**

The Department has the responsibility for prevention, protection and suppression of structure and other non-wildland fires within the established fire district. These structures and lands protected by the Department are intermingled or adjacent to lands protected by the U.S. Forest Service.

### **REFERENCE CURRENT ATTACHED DPA MAP**

## **CLOSEST FORCES**

The Department and the U.S. Forest Service agree to adopt the "Closest Forces" concept for initial attack. This philosophy dictates that the closest available appropriate resource regardless of ownership shall be utilized initially. The emphasis to get the closest appropriate resources to respond to initial attack fires" is in the best interest of both Parties. This concept of "Closest Forces" will also be applied to ongoing incidents whenever there is a critical and immediate need for the protection of life and property. Beyond initial attack, the "Closest Forces" concept is modified and the Protecting Party will request the most appropriate resource to aid in the suppression of a wildfire.

## **MOVE-UP AND COVER**

"Move-up and Cover" is the reallocation of fire suppression resources from their established location to a temporary location. For this agreement, "Move-up and Cover" is limited to moving Supporting Party engine companies and dozers (if applicable) to Protecting Party facilities which have been temporarily vacated because of emergency activity. The Protecting Party may decide to provide subsistence and lodging at no cost to the Supporting Party for support or agency specific mission only. Mutual Aid (if applicable) "Move-up and Cover" will be at no cost to the Protecting Party for the initial Mutual Aid period agreed to in this CFPA. While in the Mutual Aid period (if applicable), if the Supporting Party's resources are dispatched by the Protecting Party to a fire, Assistance by Hire will apply unless the fire is located in an area of predetermined aid as agreed to in this CFPA.

## **SINGLE POINT RESOURCE ORDERING**

Any and all requests for emergency assistance and incident support on cross boundary incidents must be clear and precise and shall be processed and recorded through a single dispatching center identified by the Incident Commanders of both Parties (Unified Command) and supported by order and request numbers. Any resources ordered outside of the Unified Ordering Point (UOP) will be considered voluntary contribution to the incident and will not seek reimbursement.

## **COMMUNICATIONS AND FREQUENCY MANAGEMENT**

The Parties agree to utilize the frequencies assigned by the Emergency Command Centers for the management of an incident. This includes the assigned Command and Tactical Frequencies. In the case where the Parties' administrative frequencies have not been assigned for those purposes,

the use of those frequencies must be temporarily suspended. While away from the home geographic area and traveling to and from an incident, the Parties agree to suspend the use of their respective pre-assigned frequencies. These frequencies are licensed through the Federal Communications Commission for specific geographic areas and are not to be used outside those areas. Family recreational “walkie-talkie” type radios are prohibited from use while traveling to and from an incident or while on any federal incident.

**SHARING FREQUENCIES**

The Department agrees to authorize use by the U.S. Forest Service of the following frequencies:

<b>Command Nets:</b>	151.1450 Rx.	151.4750 Tx. Tone 7	County 1	
	151.1200 Rx.	156.0600 Tx. Tone 8	County 2	
	155.1150Rx.	153.9650 Tx. Tone 5	County 3	
<b>Tactical Nets:</b>	<b>153.8300 RX.</b>	153.8300 Tx.	County Brown	
	<b>154.3250 RX.</b>	154.8300 Tx.	County Red	

These frequencies will be used for fire/emergency only within or adjacent to the Department’s responsibility area.

The U.S. Forest Service agrees to authorize use by the Department of the following frequencies:

<b>Command Nets:</b>	<b>171.4750 TX.</b>	171.475 RX.	Forest Net	
	<b>169.8750 TX.</b>	171.475 RX.	Forest Net Repeat	
<b>Tactical Nets:</b>	<b>168.0500 TX.</b>	168.050 RX.	NIFC Tac 1	
	<b>168.2000 TX.</b>	168.200 RX.	NIFC Tac 2	
	<b>168.6000 TX.</b>	168.600 RX.	NIFC Tac 3	
	<b>169.1125 TX</b>	169.1125 RX.	FS I/A-Air to Ground	

These frequencies will be used for fire/emergency only within or adjacent to the U.S. Forest Service’s responsibility area.

**\*\*Both the San Bernardino National Forest and the Apple Valley Fire Protection District are committed to utilizing the current new San Bernardino County Operational Area Mutual threat Area Initial Attack Communications Plan.**

**ICS QUALIFIED LIST AND IMT PERSONNEL**

The list of qualified personnel is maintained by the Department's Command/Dispatch Center. The resources may be available on an Assistance-by-Hire basis depending on Party's drawdown and commitments.

## **THE USE OF TRAINEES**

Both Parties agree to the use of trainees when practical; however, the automatic dispatch of or use of trainees will not occur without prior approval of the hosting unit or Incident Commander. Department trainees identified in the IMT Priority Trainee lists are pre-approved. The U.S. Forest Service agrees to pay for the Department's trainees that are pre-approved and/or attached to a Type 1 or Type 2 IMT.

All other Department trainees that are not pre-approved will be the cost responsibility of the sending unit.

## **PAYMENT OF STRUCTURE DEFENSE**

The State and Federal Agencies have responsibility to protect homes and other structures from wildfire. For wildfires within an agency's DPA, that agency will be financially responsible for the action they take to keep the wildfire from advancing on or threatening structures. For wildfires in or threatening local jurisdictions that border or overlay State or Federal DPA, local agencies will bear their own agency's cost for defending structures within their jurisdiction. When the local agency's resources are exhausted and need to be augmented for structure defense, as determined and negotiated by the unified incident commanders in consultation with Agency Representative and Agency Administrator, the State or Federal Agency having DPA responsibility will bear the cost of the augmentation. The State or Federal Agencies are not financially responsible in situations when local government fire protection agencies order additional resources and or actions beyond the level deemed by the Incident Commanders and/or Agency Administrators.

## **REIMBURSEMENT RATES AND METHODOLOGY (non-aviation)**

### **Department Personnel and Equipment, *Supplies and Cache items***

Reimbursement for personnel will be based on personnel rates on file with the Office of Emergency Services (Cal OES) at the time of the incident and reimbursement methodologies outlined in the California Fire Assistance Agreement (CFAA).

The Department and U.S. Forest Service acknowledge the special legal requirements of each Party to provide backfill coverage (to respond to subsequent emergencies) that becomes necessary as a result of the execution of the Agreement, however, actual costs associated with backfill needs are not reimbursable. Reimbursement rates and methods under the CFAA are designed to provide financing for backfill needs.

Personnel responding to incidents will be reimbursed for actual time worked on the incident unless there is a MOU, MOA or governing body resolution that dictates the specific position is to be reimbursed portal to portal for the time committed to an emergency incident. The MOU, MOAs or resolutions must not be contingent on this agreement or executed on the sole basis that

there is reimbursement from the federal or state agency, and must be identified as part of their normal business practices.

Reimbursement for authorized travel and salary will start from the point of hire. Either local fire department or residence whichever is less, using the most economical mode of transportation.

Reimbursement for equipment will be based on adhering to the minimum staffing levels as identified in Firescope Field Operations Guide 420-1, and the CFAA Rate Letter applicable at the time of the incident. The Supporting Party will provide fuel and lubricants while the equipment is enroute to the incident and while returning to the home unit. The Protecting Party will provide fuel and lubricants while the equipment is on the incident.

There is recognition that wildland fire suppression will often involve the use of equipment, supplies and cache items. Equipment, supplies and cache items checked out (such as pumps, hoses, nozzles, etc.), or supplied by one Party and received by another Party, shall become the responsibility of the receiving/supporting Party. Equipment, supplies and cache items shall be returned in the same condition as when received, reasonable wear and tear excepted. Notwithstanding the general Waiver of Claims clause, the parties agree that the Receiving/supporting Party shall repair or reimburse for damage in excess of reasonable wear and tear, and shall replace or reimburse items lost or destroyed, except for damage occurring as a result of negligence by the receiving/supporting Party. The receiving/supporting party will replace or reimburse for items lost, destroyed, or expended with items of like or similar standard from the fire cache or supply unit on the incident, or via an authorization for replacement using a unique request number. Insurance or other reimbursement options should be pursued, if such options are available, prior to replacement or reimbursement for lost, stolen or destroyed items.

Organized Emergency Crew resources including Type 1 and 2 crews, fuels crews, and flight crews will be reimbursed at actual hours worked per day based on reimbursement methodologies outlined in the CFAA unless labor agreements otherwise specify. Rates for these crews will be developed, agreed to in advance and published annually herein.

An Administrative Rate can be added to the total of the personnel, support equipment, and other approved reimbursements. The current standard Administrative Rate is 10% unless the Department has submitted an agency specific administrative rate to Cal OES under the CFAA. The rate on file with Cal OES at the time of the incident will be used.

The Department will prepare a FSLA-5 (Record of Activities). The FSLA-5 and supporting documentation is the basis for reimbursement and invoice preparation. This form is provided by the U.S. Forest Service and is attached as Exhibit C to this agreement. The form FSLA-5 must be signed by a responsible officer of the Department and by the U.S. Forest Service Incident Commander or Finance Chief and attached to the invoice.

For Reimbursement under the terms of this CFPA all resource orders must be dispatched and processed by the SAN BERNARDINO National Forest Emergency Communication Center.

Any request not dispatched or processed by this ECC will not be reimbursed under this local agreement.

### **Forest Service Personnel and Equipment:**

Reimbursable U.S. Forest Service costs will include actual costs associated with the direct fire operations and incident support ordered by or for the incident (except as otherwise described as reciprocal initial attack as identified herein, and independent action situations). The Department will be billed for support to incidents that are the jurisdictional responsibility of the Department.

The Administrative Rate for the U.S. Forest Service is published in the agency's Annual Program Direction.

### **REIMBURSEMENT RATES AND METHODOLOGY (aviation)**

#### **Federal Excess Property Program (FEPP) Equipment**

Under the FEPP program, FEPP rates apply when federal property is loaned to the State Forester, who may place it with local fire departments to improve local fire programs. If this loaned federal property is used on a U.S. Forest Service incident, the Department will only charge the U.S. Forest Service operating costs that include maintenance, fuel, oil, etc. Charges may not include amortization, depreciation, replacement costs, modification, start-up costs, or related charges.

#### **Aircraft**

Flight and stand-by rates for aircraft will be developed, agreed to in advance, and published annually herein, utilizing the rates and/or methodology utilized by the California Department of Forestry and Fire Protection (CAL FIRE). Assistance by Hire rates and reimbursements for aircraft will be based on the following guidelines:

1. Fixed Wing

Reimbursements will be based on aircraft rate which includes pilot costs. The Air Tactical Group Supervisor ("ATGS") will be itemized separately. ATGS Stand-by rates will be determined based on personnel costs.

2. Helicopter

Reimbursement will be based on CAL FIRE Type 2 helicopter rate (same CAL FIRE UH-1H Super-Huey specification and cost basis) which includes pilot costs. Helitack crew with Helitender, Fuel Truck and chase vehicle (e.g. 1-Ton Pickup) will be itemized separately. Flight Crew and Crew Carrying Vehicle (CCV) will also be itemized separately.

**WHERE TO SEND REIMBURSEMENT INVOICES**

Invoices for services under this agreement must be sent to the following addresses as appropriate. This address supersedes any invoice mailing address which may be reflected in the existing cooperative agreement.

Invoices for services under this agreement must be sent to:

<b>U.S. Forest Service</b>	<b>Department</b>
Jaime Gamboa 602 Tippecanoe Ave. San Bernardino CA. 92408 Telephone: 909-382-2629 FAX: 909-3835770 Email: <a href="mailto:jgamboa@fs.fed.us">jgamboa@fs.fed.us</a>	Running Springs Fire Department 31250 Hilltop Blvd. Running Springs CA. 92382 Telephone: 909-867-2630 FAX: 909-867-5456 Email: <a href="mailto:g.corley@runningspringsfd.org">g.corley@runningspringsfd.org</a>

**WAIVER OF CLAIMS**

Parties to the Agreement shall each be responsible for their own losses arising out of the performance of this Agreement, and each Party hereby waives any claim against any other Party for loss or damage of its property and/or personal injury or death of its employees or agents occurring as a consequence of the performance of this Agreement; provided, this provision shall not relieve any Party from responsibility for claims from third parties for losses for which the Party is otherwise legally liable. This waiver does not extend to ordinary expenses incurred as part of the cost of the fire (gloves, fuses, hose, etc.). This provision pertains to claims between the respective State and Federal Agencies and does not pertain to claims advanced by third parties.

Claims requesting compensation for property loss or damage, personal injury, or death resulting from the negligence or other wrongful acts of employees performing under this Agreement will be received by the jurisdictional agency and forwarded to the hiring, or home agency of the allegedly negligent employee for processing.

Employee claims for loss of or damage to personal property must be submitted to the Jurisdictional Agency and then forwarded to the hiring, or home agency of the employee for processing in accordance with the hiring agency's administrative procedures.

## **SUPPLEMENTAL FIRE DEPARTMENT RESOURCES**

Mobilization of Supplemental Resources is NOT covered in local Cooperative Fire Protection Agreements or Operating Plans. They are to be mobilized under the California Fire Assistance Agreement. (CFAA).

## **ITEMS NOT REIMBURSABLE**

The following items are not reimbursable in the execution of this Agreement and are considered standard personal support supply/equipment.

- Incident position support kits
- Calculators
- Computers
- Printers
- GPS units
- Cell phones (except as provided below)
- Personal telephone charges
- Support items normally available in Supply Unit, e.g. tents, sleeping bags, pads, water coolers, etc.

Costs of agency cell phones in excess of normal monthly charges are reimbursable when supported by cell phone provider bills.

## **DURATION OF ASSIGNMENTS**

Consideration must be given to the health and safety of personnel when assigned to fires of long duration. It is agreed that duration of assignments is dictated by each Party's policy. Extension of assignments beyond the Supporting Party's policy may be requested. It is the responsibility of the Protecting Party to request relief personnel in advance of the Supporting Party's policy time limit. The Protecting Party is further responsible for the transportation costs of moving personnel to the fire and returning those relieved personnel back to their home stations. In all cases, the Department and U.S. Forest Service agree that their Incident Commanders will release suppression resources to their primary mission responsibilities as soon as priorities allow. The National Wildfire Coordinating Group (NWCG) has established guidelines for the length of assignments for resources and personnel who accept out of state assignments. Personnel who accept assignments out of the state are expected to adhere to the guidelines identified by NWCG. For incidents within the state, there is a required 7 day minimum commitment. Both Parties agree to honor the minimum length of assignments guidelines.

## **REST AND RECUPERATION**

The National Wildfire Coordinating Group (NWCG) establishes Rest and Recuperation (R & R) guidelines that govern R & R on all Federal incidents. These guidelines may change throughout the year depending on fire activity and physical condition of fire resources. Department personnel assigned to a U.S. Forest Service incident may be given R & R during the incident in which case the R & R is in pay status and charged against the incident. However, if the Department wishes to grant their personnel R & R upon their return to home, the R & R is not compensable under the terms of this agreement.

## **AIR BOTTLE SUPPORT**

The Department agrees to refill breathing apparatus bottles when requested by the U.S. Forest Service subject to compliance with all laws and policies pertaining to breathing apparatus.

## **NON-WILDFIRE INCIDENTS**

The Department has jurisdictional responsibility for all non-wildfire emergencies within its protection area even when these areas include U.S. Forest Service DPA. The only exceptions are for those emergency incidents under the jurisdiction of the California Highway Patrol, County Sheriff, California Department of Fish & Game and the U.S. Coast Guard.

## **FIRE PREVENTION**

**JOINT PRESS RELEASES** Develop joint press releases on cooperative fire protection issues to ensure that the interests of both Parties are adequately addressed.

**SMOKEY BEAR PROGRAM** The Parties will cooperate in the delivery of Smokey Bear programs.

**LOCAL EDUCATION PROGRAMS** The Parties agree to cooperatively conduct local school and other fire prevention education programs.

**FIRE PREVENTION SIGNS** Coordination and placement of fire prevention signs should be coordinated by both Parties in order to prevent duplication of effort and sending mixed messages. This is especially important for fire danger rating signs.

**LOCAL EVENTS** The Parties agree to cooperatively conduct fire prevention programs at local community events.

## **BURNING AND CAMPFIRE PERMITS**

In accordance with current instructions, permits for campfire (CDF form LE-63), dooryard premises burning (CDF form LE-62), and other burning (CDF form LE-5) (except vegetation management program and brushland conversion burning (CDF form LE-7) on State Responsibility lands in Federal Agency DPAs will be issued by the Federal Agency or local fire

protection district personnel authorized to do so by the Director of CDF. If both Parties' personnel are authorized to issue campfire and burning permits by CDF, both Parties agree to issue burning and campfire permits for each other's DPAs. Both Parties agree to notify one another when burn permits are issued. Fire Restrictions, Red Flag or other situations that may affect the safe execution of campfire and/or burn permits will be shared by each Party.

### **NON-FIRE PROJECT USE OF RESOURCES**

Each of the Parties may jointly conduct appropriate mutual interest projects such as prescribed burns and facility/compound maintenance. Any shared cost or reimbursement will be governed in accordance with a Supplemental Project Agreement signed by each Party prior to the start of the project.

### **WILDLAND FIRE DECISION SUPPORT SYSTEM (WFDSS)**

U.S. Forest Service policy requires the use of "Wildland Fire Decision Support System" (WFDSS) for all fires on or threatening U.S. Forest Service administered lands that have escaped initial attack. In Unified Command situations the U.S. Forest Service will include the Department's input into the development of control objectives, strategy and priorities.

### **SUPPRESSION AND DAMAGE COLLECTION**

The Department and the U.S. Forest Service reserve the right to pursue independent and separate courses of litigation and cost collection for suppression and damage on the fires that affect both Parties. Any costs recovered as a result of independent litigation will not be subject to apportionment with the other affected Party. Whenever collections that result from joint legal action have the effect of reducing next expenditures of either Party to accomplish services provided for in this Agreement, then such collections may be reported and shared proportionately, after deducting the cost of collection.

### **REPAIR OF SUPPRESSION ACTIVITY DAMAGE**

Repair of suppression related activity damage (e.g., spreading of dozer berms, installations of water bars, minor road repairs, minor fence repair, etc.) will normally be done by the Party with direct protection responsibility for the fire as an integral part of overhaul/mop-up. Any rehabilitation beyond this level may be the responsibility of the landowner.

### **MAPS TO SUPPORT ANNUAL OPERATING PLAN**

On an as needed basis, maps needed to support this OP will become attachments to the OP. These may include the DPA boundary, fire protection facilities by Party and location, pre-planned "Mutual Aid" initial attack response areas, "Mutual Aid Move-up and Cover" facilities or special management consideration areas.

**POSSESSION OF AGREEMENT AND OP ON INCIDENTS**

On incidents, the Supporting Party shall furnish the Protecting Party, upon demand, a signed copy of the CFPA and current OP.

This operating plan will be reviewed annually by May 1 and revised as needed. This Operating Plan is executed as of the date of the last signature and remains in effect through **AUGUST 31, 2020.**

**APPROVAL:**

IN WITNESS WHEREOF, the Parties have executed this Operating Plan as of the last date written below:

\_\_\_\_\_

Burden Statement

According to the Paperwork Reduction Act of 1995, an agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 0596-0217. The time required to complete this information collection is estimated to average 4 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. The U.S. Department of Agriculture (USDA) prohibits discrimination in all its programs and activities on the basis of race, color, national origin, age, disability, and where applicable, sex, marital status, familial status, parental status, religion, sexual orientation, genetic information, political beliefs, reprisal, or because all or part of an individual's income is derived from any public assistance. (Not all prohibited bases apply to all programs.) Persons with disabilities who require alternative means for communication of program information (Braille, large print, audiotape, etc.) should contact USDA's TARGET Center at 202-720-2600 (voice and TDD). To file a complaint of discrimination, write USDA, Director, Office of Civil Rights, 1400 Independence Avenue, SW, Washington, DC 20250-9410 or call toll free (866) 632-9992 (voice). TDD users can contact USDA through local relay or the Federal relay at (800) 877-8339 (TDD) or (866) 377-8642 (relay voice). USDA is an equal opportunity provider and employer.

### 8. PURPOSE OF MODIFICATION

CHECK ALL THAT APPLY:	This modification is issued pursuant to the modification provision in the grant/agreement referenced in item no. 1, above.
<input type="checkbox"/>	CHANGE IN PERFORMANCE PERIOD:
<input type="checkbox"/>	CHANGE IN FUNDING:
<input checked="" type="checkbox"/>	ADMINISTRATIVE CHANGES: EFFECTIVE JUNE 1, 2015
<input type="checkbox"/>	OTHER (Specify type of modification):

Except as provided herein, all terms and conditions of the Grant/Agreement referenced in 1, above, remain unchanged and in full force and effect.

9. ADDITIONAL SPACE FOR DESCRIPTION OF MODIFICATION (add additional pages as needed):  
 The purpose of this modification is to revise a section of the AOP provision REIMBURSEMENT RATES AND METHODOLGY (non-aviation), Department Personnel and Equipment, to read:  
 Personnel that are fire suppression responders to emergencies and other personnel (non-suppression) will be reimbursed for actual time worked on the incident unless there is a MOU, MOA or governing body resolution that dictates the specific position is to be reimbursed portal to portal for the time committed to an emergency incident. The MOU, MOAs or resolutions must not be contingent on this agreement or executed on the sole basis that there is reimbursement from the federal or state agency, and must be identified as part of their normal business practices.

### 10. ATTACHED DOCUMENTATION (Check all that apply):

<input type="checkbox"/>	Revised Scope of Work
<input type="checkbox"/>	Revised Financial Plan
<input type="checkbox"/>	Other:

OMB 0596-0217  
FS-1500-19

**Burden Statement**

According to the Paperwork Reduction Act of 1995, an agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 0596-0217. The time required to complete this information collection is estimated to average 30 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information.

The U.S. Department of Agriculture (USDA) prohibits discrimination in all its programs and activities on the basis of race, color, national origin, age, disability, and where applicable, sex, marital status, familial status, parental status, religion, sexual orientation, genetic information, political beliefs, reprisal, or because all or part of an individual's income is derived from any public assistance. (Not all prohibited bases apply to all programs.) Persons with disabilities who require alternative means for communication of program information (Braille, large print, audiotape, etc.) should contact USDA's TARGET Center at 202-720-2600 (voice and TDD).

To file a complaint of discrimination, write USDA, Director, Office of Civil Rights, 1400 Independence Avenue, SW, Washington, DC 20250-9410 or call toll free (866) 632-9992 (voice). TDD users can contact USDA through local relay or the Federal relay at (800) 877-8339 (TDD) or (866) 377-8642 (relay voice). USDA is an equal opportunity provider and employer.
