SECTION 2. DETERMINATIONS. The following determinations are required to be provided by Commission policy and Government Code Section 56668:

1. The County Registrar of Voters Office has determined that the study area is legally inhabited with 319 registered voters as of January 5, 2015.
2. The study area is within the sphere of influence assigned the Bighorn-Desert View Water Agency by approval of LAFCO 3148 in 2012 as a part of the Service Review/ Sphere of Influence Update process for the Homestead Valley community of the South Desert Region.
3. The County Assessor's Office has determined that the total assessed valuation of land and improvements for the area is \$36,759,776 as of May 21, 2014. This figure is broken down as follows:

Area 1	\$35,848,657 (\$14,077,335 land; \$21,771,322 improvements)
Area 2	\$ 352,623 (\$110,251 land; \$242,372 improvements)
Area 3	\$ 448,496 (\$176,622 land; \$271,874 improvements)
Area 4	\$ 110,000 (\$25,000 land; \$85,000 improvements)

4. Notice of this hearing has been advertised as required by law through publication in *The Hi-Desert Star* a newspaper of general circulation in the area. As required by State

RESOLUTION NO. 3194

law, individual notification was provided to affected and interested agencies, County departments, and those individuals and agencies having requested such notice.

5. In compliance with Commission policy and Government Code Section 56157, the Notice of Hearing for the hearing on this proposal was provided by publication in *The Hi-Desert Star* in a 1/8th page legal ad. In addition, as requested by the Agency, individual notice of the hearing was provided to registered voters and landowners within the area of LAFCO 3181. Comments from registered voters and landowners and any affected local agency in support or opposition will be reviewed and considered by the Commission in making its determination.
6. The proposed reorganization, including annexation and formation of an improvement district, of the Bighorn-Desert View Water Agency and the assumption of the functions and services previously provided by the dissolving CSA 70 Zone W-1 does not conflict with the established County General Plan or its adopted Homestead Valley Community Plan within this territory. The proposed reorganization has no direct impact on such land use designations.
7. The Southern California Associated Governments (SCAG) has adopted a Regional Transportation Plan and Sustainable Community Strategy pursuant to the provisions of Government Code Section 65352.5 and approval of LAFCO 3181 has no direct impact on these determinations. The Sustainable Community Strategy includes as a determination the need to assure the ongoing availability of a reliable water supply which approval of LAFCO 3181 will support.
8. The Local Agency Formation Commission has determined that this proposal is statutorily exempt from environmental review since it does not have the potential for resulting in physical changes in the environment, directly or ultimately (Sections 15061 and 15378 of the State guidelines for the California Environmental Quality Act). This recommendation is based on the finding that that the proposal will not change the area in which the service is provided; therefore, no physical affect upon the environment can be seen. With that determination a General Rule Statutory Exemption as authorized under Section 15061(b)(3) of the State CEQA Guidelines is appropriate. Therefore, without any identifiable physical changes, this proposal does not constitute a project and is not subject to environmental review under the provisions of the State CEQA Guidelines section cited above or the Commission's adopted CEQA Guidelines. The Commission adopted the Statutory Exemption and directs its Executive Officer to file a Notice of Exemption within five (5) days with the San Bernardino county Clerk of the Board of Supervisors.
9. The study area is presently served by the following public agencies: County of San Bernardino, Mojave Desert Resource Conservation District, Mojave Water Agency and its Improvement Districts Zone 01 and M, Hi-Desert Memorial Healthcare District, San Bernardino County Fire Protection District and its South Desert Service Zone, and County Service Area 70 (unincorporated County-wide multi-function agency) and its Zones W-1, R-15, and TV-5. Zone W-1 of CSA 70 will be dissolved through successful completion of this reorganization and its services and functions transferred to Bighorn-Desert View Water Agency and an improvement district of the Agency to be formed. None of the other agencies will be directly affected by the completion of this proposal through an adjustment in their boundaries as they are regional in nature.

RESOLUTION NO. 3194

10. Upon reorganization, the Bighorn-Desert View Water Agency will assume the responsibility for providing domestic water service within the territory of the former CSA 70 Zone W-1. The Bighorn-Desert View Water Agency has submitted a Plan for Service including a Fiscal Impact Analysis for the assumption of the water service through dissolution of CSA 70 Zone W-1 which addresses the issues as required by Government Code Section 56653. This Plan indicates that the Bighorn-Desert View Water Agency can, at a minimum, maintain the level of service delivery currently received by the area. In addition, the District has provided supplemental information providing budget projections for the first five years following annexation. The Plan for Service and supplemental information submitted by the District have been reviewed and compared with the standards established by the Commission and the factors contained within Government Code Section 56668. The Commission finds that such Plan for Service and supplemental data submitted conform to those adopted standards and requirements.
11. The proposal complies with Commission policies and the determinations made within the Homestead Valley Community service review. The reorganization area can benefit from the assumption of water service through the Bighorn Desert View Water Agency as evidenced by the Plan for Service and through the ability to directly participate in the governance of this service through voting for the Board of Directors.
12. This proposal will not affect the fair share allocation of the regional house needs as the entire area is unincorporated with the Regional Housing Needs Allocation (RHNA) numbers assigned to the County of San Bernardino.
13. With respect to environmental justice, the reorganization provides for the continuation of existing retail water services within the area and will not result in the unfair treatment of any person based upon race, culture or income.
14. The County of San Bernardino has successfully completed the process for the determination of the transfer of ad valorem property tax revenues upon successfully completion of this reorganization to the Bighorn-Desert View Water Agency. This fulfills the requirements of Section 99 of the Revenue and Taxation Code.
15. The maps and legal descriptions, as revised, are in substantial compliance with LAFCO and State standards through certification by the County Surveyor's office.

SECTION 3. Approval by the Local Agency Formation Commission indicates that completion of this proposal would accomplish the proposed change of organization in a reasonable manner with a maximum chance of success and a minimum disruption of service to the functions of other local agencies in the area.

SECTION 4. The Executive Officer is hereby authorized and directed to mail certified copies of this resolution in the manner provided by Section 56882 of the Government Code.

SECTION 5. The Commission hereby directs that, following completion of the reconsideration period specified by Government Code Section 56895(b), the Executive Officer is hereby directed to initiate protest proceedings in compliance with this resolution and State law.
