

Dog Licensing Information

When your **DOG** is **4 MONTHS** old it **MUST BE LICENSED** – **it's the LAW!** In order to receive a license you must take your dog to a veterinarian who will give your dog a rabies shot. The veterinarian will then give you a **RABIES CERTIFICATE**.

If your dog is **ALTERED** (spayed/neutered) when you license him/her at 4 months of age you will receive a discount on your license fee (\$15.00), (\$9.00 for senior citizens (65 years or older with proof of age) or permanently disabled people), but you must provide us with a copy of your animal's **SPAY/NEUTER CERTIFICATE** (along with the rabies certificate). If your dog is not altered, then you will have to pay a higher fee (\$96.00) until you have this procedure done. *However, if you license your dog between four and six months of age you may be eligible for spay/neuter credit. For more information, please call the 800 number listed below.
