Description of Project and LEA's Preliminary Determination

The West Valley Materials Recovery Facility is located at 13373; Napa Street, Fontana .On December 29, 2014 the LEA received, from West Valley Materials Recovery Facility, a Solid Waste Facility Permit (SWFP) application package to amend the TPR to increase size of DODA compressor roller system (system is used to create a slurry from food waste). The changes include:

- Chapter II and the Odor Impact Minimization Plan (OIMP)

The LEA finds that the proposed change is consistent with all applicable certified and/or adopted CEQA documents, is consistent with State Minimum Standards, and does not conflict with the terms and conditions in the current solid waste facilities permit. The LEA approved the amendment on January 6, 2015.
