MOSQUITO AND VECTOR CONTROL - Poultry Ranch Permit ALL

40K988 City of Yucaipa - MMP

Compliance Date: Not Specified

Inspector Comments:

Not In Compliance

Violation Reference - CCR - 216

Violation Description: This poultry ranch is in compliance with the City of Yucaipa Ordinance Number 216.

Overall Inspection Comments

Inspection found:

Adult fly population was observed to be heavy at the time of inspection.

No water system leaks were observed and the manure was dry.

Adult fly bait stations were maintained but because of the fly population not adequate in number.

Pesticide log showed Permethrin last used on 1/22/15 and Neporex on 1/12/15 and scheduled for use on 1/27/15. I

recomend that pesticide use be increased and that fogging be used at spring and summer frequency until fly population is acceptable.

The ranch is in compliance at this time but adult fly population must be reduced to remain so. I will reinspect the ranch on 2/3/15 and it will be billed at the county rate if there is no improvement.
