MOSQUITO AND VECTOR CONTROL - Poultry Ranch Permit ALL

40K988 City of Yucaipa - MMP

Compliance Date: Not Specified

Inspector Comments:

Not In Compliance

Reference - CCR - 216

Description: This poultry ranch is in compliance with the City of Yucaipa Ordinance Number 216.

Overall Inspection Comments

Inspection found:

Adult fly population observed to be medium to heavy at the time of inspection.

Pesticide log showed Evergreen last used on 3/30/15 and being used twice a day on Monday, Wednesday and Friday. Neporex was last used on 3/27/15. I would Like to see Quick Strike Liquid tried. It is a new product and has good residual qualities.

Few water system leaks were observed and no fly larvae was observed.

Adult fly bait stations have been maintained and freshly baited. They are working well, I do recommend more stations be used and more Quick Strike used.

The ranch is in compliance but improvements must continue to remain so.
