### RETAIL FOOD PROTECTION - Public Eating PI (25-99 Seats)

Based on an inspection this day, the items marked below identify the violation(s) in operation or facilities which must be corrected. Failure to correct listed violation(s) prior to the designated compliance date may necessitate an additional inspection to be billed at the hourly rate as provided in the San Bernardino County Code, [Schedule of Fees](#).

Administrative Order to Show Cause (OSC): The Permittee has the right to a hearing if requested in writing within 15 calendar days of receipt of this notice.

See the following pages for the code sections and general requirements that correspond to each violation listed below.

#### 16K994 Reinspection

Compliance Date: Not Specified

Not In Compliance

Reference - HSC

**Inspector Comments:** A non-field response inspection was conducted, via phone call in request of the facility.

The San Bernardino County Environmental Health Services received a message on 11/27/2023, stating they had a fire in the kitchen. Upon questioning, the person in charge (PIC) stated the broiler caught on fire and only affected the ventilation hood. Per PIC, no food or food contact surfaces were affected by the fire. The PIC stated the facility is currently self-closed and will remain self-closed until approved by the San Bernardino County EHS officials. Upon further questioning, the PIC stated the ANSUL system was set off; However, it has not been recharged, due to damage of the ventilation hood. The PIC stated the facility plans to replace the ventilation hood, grease duct, and exhaust fan.

The PIC was advised to contact the San Bernardino County EHS plan check at 1(800)442-2283 for any remodeling, reconstruction, or addition of new equipment. The PIC was advised to remain self-closed until the San Bernardino County EHS approves the facility to open and operate. Contact 1(800)442-2283 to schedule a date for re-opening and re-inspection.

**Description:** Reinspection conducted at this time to determine compliance from prior inspection.

#### Overall Inspection Comments

A non-field response inspection was conducted, via phone call in request of the facility.

#### FREE Classes to L.E.A.R.N!

Liaison Education And Risk Network (L.E.A.R.N.) is a FREE class based on the fundamentals of Active Managerial Control and the Centers for Disease Control and Prevention's five risk factors that lead to foodborne illnesses. Find out when the next L.E.A.R.N. class is by checking our [calendar](#).
