**BODY ART - Body Art Facility**

Based on an inspection this day, the items marked below identify the violation(s) in operation or facilities which must be corrected. Failure to correct listed violation(s) prior to the designated compliance date may necessitate an additional reinspection at a charge of \$4.08 per 1 minute with a minimum time of 30 minutes, and a minimum charge of \$122.50.

**SCORE**  
**88**

Administrative Order to Show Cause (OSC): The Permittee has the right to a hearing if requested in writing within 15 calendar days of receipt of this notice, to show cause why the permit to operate should not be suspended or revoked; otherwise the right to a hearing shall be deemed waived.

See the following pages for the code sections and general requirements that correspond to each violation listed below.

**BODY ART INSPECTION**

1	119315(b)(1)(2)(3) - Autoclave effective - passed integrator test
2	119309(e-g),315(a)(c-d) - Process of cleaning, labeling, packaging and sterliziing items appropriate
3	119315(b)(e) - Autoclave loaded correctly/packages allowed to dry
4	119315(b)(2-5) - Integrators used/monthly spore test/log maintained
5	119314(c)(1)(2) - Decontamination/sanitation area separate and supplied appropriately
6	119315(f)(1-3), 119318(c) - Invoices and log kept for disposable, pre-sterilized equipment, backup supplies adequate

<b>POINTS</b> <b>3</b>	<b>Inspector Comments:</b> During the inspection it was observed that the artist has not been keeping a log for his disposable pre-sterilized equipment.
	Per the California Safe Body Art Act Section 119315(f) in place of the requirements for maintaining sterilization records, the following records shall be kept and maintained for a minimum of 90 days following the use of the instruments at the site of practice for the purpose of verifying the use of disposable, single-use, pre-sterilized instruments: (1) a record of purchase and use of all single-use instruments (2) a log of all procedures, including the names of the practitioner and client and the date of the procedure (3) written proof on company or laboratory letterhead showing that the pre-sterilized instruments have undergone a sterilization process, written proof shall clearly identify the instruments sterilized by name or item number and shall identify the lot or batch number of the sterilizer run

**Violation Description:**

119315 (f) A body art facility that does not afford access to a decontamination and sterilization area that meets the standards of subdivision (c) of Section 119314 or that does not have sterilization equipment shall use only purchased disposable, single-use, presterilized instruments. In place of the requirements for maintaining sterilization records, the following records shall be kept and maintained for a minimum of 90 days following the use of the instruments at the site of practice for the purpose of verifying the use of disposable, single-use, presterilized instruments:

- (1) A record of purchase and use of all single-use instruments.
- (2) A log of all procedures, including the names of the practitioner and client and the date of the procedure. A record of purchase and use of all single-use instruments. A log of all procedures, including the names of the practitioner and client and the date of the procedure.
- (3) Written proof on company or laboratory letterhead showing that the presterilized instruments have undergone a sterilization process. Written proof shall clearly identify the instruments sterilized by name or item number and shall identify the lot or batch number of the sterilizer run.

119318 (c) The sponsor of a temporary body art event shall be responsible for ensuring the availability of support facilities and supplies for practitioners and vendors.

**BODY ART - OFFICIAL INSPECTION REPORT**

FACILITY NAME <b>MAJESTIC TATTOO</b>	DATE <b>3/21/2018</b>	INSPECTOR <b>Jessica Duron</b>
LOCATION <b>245 W FOOTHILL BL , RIALTO, CA 92376</b>		

**BODY ART INSPECTION**

16 119303(a)(1-5),(b)(1-4) - Client records approved and available - Consent form & questionnaire

**POINTS**  
**3**

**Inspector Comments:**

During review of the client records it was observed that the shop has been using consent and medical questionnaire forms which differ from the form that was approved during the initial plan check process. The owner stated that they were trying to condense the form and make it shorter, but the new forms were missing required information.

Per the California Safe Body Art Act Section 119303(a)1-4 and (b)1-4 the consent forms and medical questionnaire must include at a minimum the following information:

- (1) A description of the procedure
- (2) A description of what the client should expect following the procedure, including suggested care and any medical complications that may occur as a result of the procedure
- (3) A statement regarding the permanent nature of body art.
- (4) Notice that tattoo inks, dyes, and pigments have not been approved by the Federal Food and Drug Administration and that the health consequences of using these products are unknown.
- (5) Whether the client may be pregnant.
- (6) Whether the client has a history of herpes infection at the proposed procedure site, diabetes, allergic reactions to latex or antibiotics, hemophilia or other bleeding disorder, or cardiac valve disease.
- (7) Whether the client has a history of medication use or is currently using medication, including being prescribed antibiotics prior to dental or surgical procedures.
- (8) Other risk factors for bloodborne pathogen exposure.

As discussed during the inspection the operator may use the original documents approved during the plan check process or may develop a new form that includes all of the required information listed above.

**Violation Description:**

119303 (a) Prior to the performance of body art, the client shall read, complete, and sign an informed consent form that shall include, but not be limited to, all of the following information:

- (1) A description of the procedure.
- (2) A description of what the client should expect following the procedure, including suggested care and any medical complications that may occur as a result of the procedure.
- (3) A statement regarding the permanent nature of body art.
- (4) Notice that tattoo inks, dyes, and pigments have not been approved by the federal Food and Drug Administration and that the health consequences of using these products are unknown.
- (5) Postprocedure instructions that include all of the following: A. Information on the care of the procedure site. B. Restrictions on physical activities such as bathing, recreational water activities, gardening, or contact with animals, and the duration of the restrictions.C. Signs and symptoms of infection, including, but not limited to, redness, swelling, tenderness of the procedure site, red streaks going from the procedure site towards the heart, elevated body temperature, or purulent drainage from the procedure site.

119303 (b) Prior to the performance of body art, the client shall receive, complete, and sign a questionnaire that includes all of the following information:

- (1) Whether the client may be pregnant.
- (2) Whether the client has a history of herpes infection at the proposed procedure site, diabetes, allergic reactions to latex or antibiotics, hemophilia or other bleeding disorder, or cardiac valve disease.
- (3) Whether the client has a history of medication use or is currently using medication, including being prescribed antibiotics prior to dental or surgical procedures.
- (4) Other risk factors for bloodborne pathogen exposure.

17	119308(b)(1)(2) - Appropriate aftercare instructions given to client
18	119311(i) - Safe machine design
19	119308(b)(6),309(e)311(h) - Machines cleaned and disinfected between clients
20	119311(g) - Parts replaced between clients - grommets, elastic bands, etc.
21	119309(a-c) - Workstation/procedure area decontaminated
22	119301(k) - Appropriate chemical disinfectant used
23	119301(b) - Disinfectant used appropriately/sufficient contact time Wet contact time provided:

**POINTS**  
**3**

**Inspector Comments:**

Body art practitioner was unsure of the required contact time for the disinfectant used at the shop in order to kill Hepatitis B and HIV viruses. Inspectors went over the process with him and informed him that the required contact time is 5 minutes. Ensure that the wet contact time for any disinfectant used at the facility is met and products are being used according to manufacturer directions.

**Violation Description:**

119301 (b) "Bloodborne pathogen" means a disease-causing microorganism that, when present in the blood, can be transmitted to humans, including, but not limited to, hepatitis B virus (HBV), hepatitis C virus (HCV), and human immunodeficiency virus (HIV).

24	119311(h) - Barriers available and used appropriately

**BODY ART - OFFICIAL INSPECTION REPORT**

FACILITY NAME <b>MAJESTIC TATTOO</b>	DATE <b>3/21/2018</b>	INSPECTOR <b>Jessica Duron</b>
LOCATION <b>245 W FOOTHILL BL , RIALTO, CA 92376</b>		

**BODY ART INSPECTION**

25 119311(a)(c)(d) - Products applied to skin are single use/dispensed aseptically

**POINTS**  
**3**

**Inspector Comments:**

When the body art practitioner was asked if he was covering the tattoos at the end of the procedure he stated that he was covering the tattoos with paper towels taped over the procedure site.

Per the California Safe Body Art Act Section 119308(b)(3) when covering a procedure site, use a sterile dressing. Discontinue using paper towels to cover the procedure site and obtain a sterile dressing if the procedure site is to be covered.

**Violation Description:**

119311 (a) A product applied to the skin prior to tattooing or application of permanent cosmetics, including, but not limited to, stencils and marking and transfer agents, including pens, shall be single use and discarded into a waste container at the end of the procedure unless the product can be disinfected for reuse.

(c) Inks, pigments, soaps, and other products in multiple-use containers shall be dispensed in a manner to prevent contamination of the storage container and its remaining contents through the use of a single-use receptacle.

(d) Inks and pigments shall be placed into a clean, single-use receptacle. The inks and pigments remaining in the receptacle shall be discarded immediately upon completion of the procedure.

26	119309(h);119315(d)(e) - Storage of inks, pigments, needles, tubes, etc.
27	119310(b),119311 - Jewelry, Inks, Needles etc approved and used correctly
28	119308(a-b);119309;119311 - Cross-contamination avoided during all phases of procedure
29	119314(a)(f), 119317(b) - Areas separated/no living or sleeping quarters/no animals
30	119314(a)(1);119317(e) - Floors and walls clean and in good repair, adequate light
31	119309(b);119318(b)(5) - Workstation, surfaces, including chairs, armrests, etc. in good repair; trash removed frequently
32	119306;312(g);318(d,e) - Permit/registration and required signs posted
33	119306, 119307, 119318 - IPCP and employee training records and Hepatitis B vaccination status present
34	119316(4);119318(b)(2) - Restrooms available, stocked
35	119314(e,f,h) - Plan Review
36	119306; 312; 317; 318 - Permits Obtained & Available
37	119319(c) - Impoundment
38	119320(d) - Hearing Scheduled
39	119320(a-c);119321 - Closure

**Overall Inspection Comments:**

The facility's initial inspection following the final plan check was conducted on this date. This facility currently has two tattoo artists and is 100% disposable.
