You may also include any additional information which you believe is pertinent. Use additional sheets where necessary, and/or include any relevant documents.

1. Please identify the agencies involved in the proposal by proposed action:

ANNEXED TO

DETACHED FROM

City of Chino

County Service Area 70 and

County Service Area SL-1

2. For a city annexation, State law requires pre-zoning of the territory proposed for annexation. Provide a response to the following:

a. Has pre-zoning been completed? YES NO

b. If the response to "a" is NO, is the area in the process of pre-zoning? YES NO

Identify below the pre-zoning classification, title, and densities permitted. If the pre-zoning process is underway, identify the timing for completion of the process.

RD4.5 (Residential, 4.5 units per acre) permits 3 to 4.5 units per acre (approximately 12 acres)

RD2 (Residential, 2 units per acre) permits 1 to 2 units per acre (approximately 24 acres)

CN (Commercial Neighborhood) permits commercial development (approximately 1.1 acres)

3. For a city annexation, would the proposal create a totally or substantially surrounded island of unincorporated territory?

YES NO If YES, please provide a written justification for the proposed boundary configuration.

The proposed annexation removes a substantially surrounded island of unincorporated area

4. Will the territory proposed for change be subject to any new or additional special taxes, any new assessment districts, or fees?

The applicant for the development of the proposed construction of 38 single-family homes will be required to pay Development Impact Fees to the City for the new homes, and other construction related fees. New street lights will be installed in Tract Map No. 18903 associated with the development of the 38 single-family homes. These street lights will be annexed into the City's Lighting and Maintenance District. A portion of the cost to energize and maintain those lights will be assessed on the property tax bills for those future home owners. No other street lights will be added as part of this annexation. Therefore, no other new taxes will be assessed. Fees associated with street sweeping, storm drains, sewer connection (if applicable) and differing trash collection fees from the County will be assessed. These changes were discussed at the neighborhood meeting and are outlined in the PowerPoint presentation that is attached.

5. Will the territory be relieved of any existing special taxes, assessments, district charges or fees required by the agencies to be detached?

Unknown.

6. If a Williamson Act Contract(s) exists within the area proposed for annexation to a City, please provide a copy of the original contract, the notice of non-renewal (if appropriate) and any protest to the contract filed with the County by the City. Please provide an outline of the City's anticipated actions with regard to this contract.

No Williamson Act Contract exists within the proposed annexation area.

7. Provide a description of how the proposed change will assist the annexing agency in achieving its fair share of regional housing needs as determined by SCAG.

The Developer will be constructing 38 single-family units at a density of approximately 3.2 units per acre, which is a slightly higher density than some of the surrounding neighborhoods providing a greater mix of available housing.

8. **PLAN FOR SERVICES:**

For each item identified for a change in service provider, a narrative "Plan for Service" (required by Government Code Section 56653) must be submitted. This plan shall, at a minimum, respond to each of the following questions and be signed and certified by an official of the annexing agency or agencies.

- A. A description of the level and range of each service to be provided to the affected territory.
- B. An indication of when the service can be feasibly extended to the affected territory.
- C. An identification of any improvement or upgrading of structures, roads, water or sewer facilities, other infrastructure, or other conditions the affected agency would impose upon the affected territory.
- D. The Plan shall include a Fiscal Impact Analysis which shows the estimated cost of extending the service and a description of how the service or required improvements will be financed. The Fiscal Impact Analysis shall provide, at a minimum, a five (5)-year projection of revenues and expenditures. A narrative discussion of the sufficiency of revenues for anticipated service extensions and operations is required.

- E. An indication of whether the annexing territory is, or will be, proposed for inclusion within an existing or proposed improvement zone/district, redevelopment area, assessment district, or community facilities district.
- F. If retail water service is to be provided through this change, provide a description of the timely availability of water for projected needs within the area based upon factors identified in Government Code Section 65352.5 (as required by Government Code Section 56668(k)).
