

SUPPLEMENT ANNEXATION, DETACHMENT, REORGANIZATION PROPOSALS

INTRODUCTION: The questions on this form are designed to obtain data about the specific annexation, detachment and/or reorganization proposal to allow the San Bernardino LAFCO, its staff and others to adequately assess the proposal. You may also include any additional information which you believe is pertinent. Use additional sheets where necessary, and/or include any relevant documents.

1. Please identify the agencies involved in the proposal by proposed action:

ANNEXED TO
Town of Apple Valley

DETACHED FROM
San Bernardino County

San Bernardino County CSA No. 70

2. For a city annexation, State law requires pre-zoning of the territory proposed for annexation. Provide a response to the following:

a. Has pre-zoning been completed? YES NO

b. If the response to "a" is NO, is the area in the process of pre-zoning? YES NO

Identify below the pre-zoning classification, title, and densities permitted. If the pre-zoning process is underway, identify the timing for completion of the process.

Estate Residential (1 du/1 - 2.5 gross acres); General Commercial; Regional Commercial; Office Professional; Planned Industrial

Please see attached Ordinance 406.

3. For a city annexation, would the proposal create a totally or substantially surrounded island of unincorporated territory?

YES NO If YES, please provide a written justification for the proposed boundary configuration.

The proposed annexation area is the western portion of the previously proposed Annexation 2008-001 (total 2,774.6 ac), which included the currently proposed annexation area and approx. 1,470 acres to the immediate east. It was ultimately denied by a vote of registered voters residing in the area. The current proposal would allow those residents (and 1,470 acres) to remain in the County, consistent with their vote, while providing the Town opportunities for economic development and service improvement in the area. It is adjacent to Town boundaries on both the north and south.

4. Will the territory proposed for change be subject to any new or additional special taxes, any new assessment districts, or fees?

Future development in the annexation area will be subject to the developer impact fees identified in the Town's Municipal Fee Schedule (Ordinance 294, as amended) and any applicable taxes, assessments, or fees that may be implemented by the Town in the future. At this time, the Town is not proposing any new assessment districts to which the annexation area would be subject.

5. Will the territory be relieved of any existing special taxes, assessments, district charges or fees required by the agencies to be detached?

The annexation area will be detached from County Service Area 70; however, it does not fund any services currently provided to the territory. Therefore, the territory will not be relieved of any existing special taxes, assessments, charges, or fees.

6. If a Williamson Act Contract(s) exists within the area proposed for annexation to a City, please provide a copy of the original contract, the notice of non-renewal (if appropriate) and any protest to the contract filed with the County by the City. Please provide an outline of the City's anticipated actions with regard to this contract.

There are no Williamson Act Contracts within the proposed annexation area.

7. Provide a description of how the proposed change will assist the annexing agency in achieving its fair share of regional housing needs as determined by SCAG.

The annexation will have no impact on the Town's ability to achieve its RHNA housing needs for this planning period, as that is being provided for in the current Town limits. Sufficient sites are identified in the Housing Element to accommodate the Town's RHNA allocation.

The land use plan for the annexation area accommodates detached single-family residential units on lots of 1 to 2 1/2 gross acres, consistent with the rural character of the Town, and will not directly affect RHNA needs.

8. **PLAN FOR SERVICES:**

For each item identified for a change in service provider, a narrative "Plan for Service" (required by Government Code Section 56653) must be submitted. This plan shall, at a minimum, respond to each of the following questions and be signed and certified by an official of the annexing agency or agencies.

- A. A description of the level and range of each service to be provided to the affected territory.
- B. An indication of when the service can be feasibly extended to the affected territory.
- C. An identification of any improvement or upgrading of structures, roads, water or sewer facilities, other infrastructure, or other conditions the affected agency would impose upon the affected territory.
- D. The Plan shall include a Fiscal Impact Analysis which shows the estimated cost of extending the service and a description of how the service or required improvements will be financed. The Fiscal Impact Analysis shall provide, at a minimum, a five (5)-year projection of revenues and expenditures. A narrative discussion of the sufficiency of revenues for anticipated service extensions and operations is required.

- E. An indication of whether the annexing territory is, or will be, proposed for inclusion within an existing or proposed improvement zone/district, redevelopment area, assessment district, or community facilities district.
- F. If retail water service is to be provided through this change, provide a description of the timely availability of water for projected needs within the area based upon factors identified in Government Code Section 65352.5 (as required by Government Code Section 56668(k)).
