

SUPPLEMENT ANNEXATION, DETACHMENT, REORGANIZATION PROPOSALS

INTRODUCTION: The questions on this form are designed to obtain data about the specific annexation, detachment and/or reorganization proposal to allow the San Bernardino LAFCO, its staff and others to adequately assess the proposal. You may also include any additional information which you believe is pertinent. Use additional sheets where necessary, and/or include any relevant documents.

1. Please identify the agencies involved in the proposal by proposed action:

ANNEXED TO
City of Loma Linda
25541 Barton Rd
Loma Linda, CA 92354

DETACHED FROM
County of San Bernardino
385 N Arrowhead Ave
San Bernardino, CA 92415

2. For a city annexation, State law requires pre-zoning of the territory proposed for annexation. Provide a response to the following:

- a. Has pre-zoning been completed? YES NO
- b. If the response to "a" is NO, is the area in the process of pre-zoning? YES NO

Identify below the pre-zoning classification, title, and densities permitted. If the pre-zoning process is underway, identify the timing for completion of the process.

The approximate 664-acre area will be pre-zoned Hillside Conservation (HR-C, 0 to 1 dwelling units per 10 acres) for the western 374 acres, and Low Density Hillside Preservation (0-1 dwellings units per 10 acres) for the eastern 290 acres and a 12-acre area located at the southwest corner of the Annexation area; City Council approval est. 8/2019.

3. For a city annexation, would the proposal create a totally or substantially surrounded island of unincorporated territory?

YES NO If YES, please provide a written justification for the proposed boundary configuration.

4. Will the territory proposed for change be subject to any new or additional special taxes, any new assessment districts, or fees?

No; the approximate 664-acre Annexation area is composed of 11 parcels owned by the City of Loma Linda. Approval of the annexation would remove the City's tax liability from the County of San Bernardino. No other assessments, special taxes, districts or fees would result.

5. Will the territory be relieved of any existing special taxes, assessments, district charges or fees required by the agencies to be detached?

The City of Loma Linda would be relieved of property tax liability currently paid to the County of San Bernardino.

6. If a Williamson Act Contract(s) exists within the area proposed for annexation to a City, please provide a copy of the original contract, the notice of non-renewal (if appropriate) and any protest to the contract filed with the County by the City. Please provide an outline of the City's anticipated actions with regard to this contract.

Not applicable.

7. Provide a description of how the proposed change will assist the annexing agency in achieving its fair share of regional housing needs as determined by SCAG.

In accordance with Measure V, no development would take place within the approx. 664-acre Annexation area without a vote of the people. Therefore no housing or other development is proposed, and this annexation would not contribute to housing needs.

8. **PLAN FOR SERVICES:** No change in services, service providers or extension of services would result from the proposed annexation as the area would remain in its current vacant state. For each item identified for a change in service provider, a narrative "Plan for Service" (required by Government Code Section 56653) must be submitted. This plan shall, at a minimum, respond to each of the following questions and be signed and certified by an official of the annexing agency or agencies.

- A. A description of the level and range of each service to be provided to the affected territory.
- B. An indication of when the service can be feasibly extended to the affected territory.
- C. An identification of any improvement or upgrading of structures, roads, water or sewer facilities, other infrastructure, or other conditions the affected agency would impose upon the affected territory.
- D. The Plan shall include a Fiscal Impact Analysis which shows the estimated cost of extending the service and a description of how the service or required improvements will be financed. The Fiscal Impact Analysis shall provide, at a minimum, a five (5)-year projection of revenues and expenditures. A narrative discussion of the sufficiency of revenues for anticipated service extensions and operations is required.

- E. An indication of whether the annexing territory is, or will be, proposed for inclusion within an existing or proposed improvement zone/district, redevelopment area, assessment district, or community facilities district.
- F. If retail water service is to be provided through this change, provide a description of the timely availability of water for projected needs within the area based upon factors identified in Government Code Section 65352.5 (as required by Government Code Section 56668(k)).
