SUBJECT: **Agenda Item #8:** SUPPLEMENT – Review and Consideration of Certifying the Final Environmental Impact Report for LAFCO 3076 – Consolidation of San Bernardino Valley water Conservation District and San Bernardino Valley Municipal Water District

On January 16, 2009, LAFCO received a letter from the City of Highland related to LAFCO's responses to the City's comment letter dated July 18, 2008. The City's letter (included as Attachment #1 to this report) and staff's response to the City's letter (included as Attachment #2 to this report), are a part of the Commission's consideration of the Final Environmental Impact Report (Final EIR) for LAFCO 3076 and are being presented to the Commission to ensure a complete administrative record.

LAFCO staff does not believe this letter changes the conclusions identified in EIR. Therefore, staff believes that the EIR is adequate and should be certified by the Commission. Staff's recommendations, which are unchanged, are as follows:

Staff recommends that the Commission adopt LAFCO Resolution No. 3046, which does the following related to the Final Environmental Impact Report (Final EIR) for LAFCO 3076:

1. Certifies that the Commission has independently reviewed and considered the Response to Comments and Errata and the Draft Environmental Impact Report which constitutes the Final EIR for LAFCO 3076;
2. Certifies that the Final EIR for LAFCO 3076 is consistent with the California Environmental Quality Act; and
3. Sets forth the Commission's findings and determinations related to the certification of the Final EIR for LAFCO 3076.
