Re: Response to Letter Dated August 21, 2012
City of Needles

Dear Ms Rollings-McDonald:

The city is in receipt of your document dated August 21, 2012, requesting information related to the City of Needles sphere of influence.

As part of the LAFCO review requirements, a meeting is to occur between the city and county to discuss information relative to the Sphere of Influence. A teleconference meeting was held this date between Needles Planning and Engineering staff and County Planning Staff. The development code was discussed, along with the process for project review, and also proposed projects within the sphere of influence. The review procedures, as well as the county development code and general plan, are understood and agreed to by both parties, and no additional discussion is planned to occur.

If you have any questions or need additional information, I can be reached at 760-326-2115 ext. 323.

Sincerely,

David G. Brownlee, Jr.
City Manager
