TO: LOCAL AGENCY FORMATION COMMISSION

SUBJECT: Agenda Item 9: LAFCO 3018 – Service Review and Sphere of Influence Update for County Service Area 42

RECOMMENDATION:

Staff recommends that the Commission continue LAFCO 3018 to the October 17, 2007 hearing.

BACKGROUND:

The original position of the Special Districts Department on the municipal service review/sphere update indicated no change to the sphere of influence for County Service Area (CSA) 42. The sphere of influence is currently coterminous with its boundaries. However, the Special Districts Department has since revised its position due to a potential annexation of six non-contiguous parcels currently served water by TXI - Riverside Cement.

Staff requests additional time to the process the sphere of influence expansion for the following reasons:

- LAFCO staff has proposed a sphere of influence expansion to reflect the Oro Grande community. However, staff has not received written concurrence on the sphere expansion area from Special Districts Department,
- The requested information regarding the appropriation limit for CSA 42 from the Office of the Auditor/Controller-Recorder has not been received, and
- Preparation of the required environmental review is needed.

For these reasons, staff recommends a continuance to the October 17, 2007 hearing.
