FROM: KATHLEEN ROLLINGS-McDONALD, Executive Officer

TO: LOCAL AGENCY FORMATION COMMISSION

SUBJECT: Agenda Item #7: LAFCO 3074 – Activation of Sewer Powers for the Joshua Basin Water District

RECOMMENDATION:

Staff recommends continuance of the proposal to the August 15, 2007 hearing.

BACKGROUND:

LAFCO 3074 is an application by the Joshua Basin Water District to expand its authorized function and services to include sewer powers. LAFCO staff and the Commission's Environmental Consultant have been working on this application, which included the circulation of an Initial Study during the month of May 2007. Additional time is needed in order to complete the response to comments on the initial study and to include it in the staff report for Commission consideration. Therefore, staff is recommending a continuance to the August 15, 2007 hearing.

Staff has reviewed the continuance recommendation with the General Manager of the Joshua Basin Water District, who has indicated his concurrence (letter attached).
