TO: LOCAL AGENCY FORMATION COMMISSION

SUBJECT: Agenda Item 4: LAFCO 3018 – Service Review and Sphere of Influence Update for County Service Area 42

RECOMMENDATION:

Staff recommends that the Commission continue LAFCO 3018 to the August 15, 2007 hearing.

BACKGROUND:

Attached is a letter from Thomas Sutton, Director of the County Special Districts Department, requesting a continuance for LAFCO 3018. The original position of the Special Districts Department on the municipal service review/sphere update indicated no change to the sphere of influence for County Service Area (CSA) 42. The sphere of influence is currently coterminous with its boundaries. However, the Special Districts Department has since revised its position due to a potential annexation of six non-contiguous parcels currently served water by TXI - Riverside Cement.

Mr. Sutton's letter indicates that additional time is necessary for staffs of the Special Districts Department and LAFCO to determine an appropriate sphere of influence expansion boundary for CSA 42 reflecting the Oro Grande community based upon the Commission's adopted sphere policies. Based upon this expansion, more time is needed to prepare the required environmental review, map, and legal description for this expansion.

For these reasons, staff recommends a continuance to the August 15, 2007 hearing.
