The County Surveyor's Office has determined that there are approximately 11 trustees and beneficiaries that are identified in certain Deeds of Trust that have been recorded against the properties shown in Tract Map 17231. Consequently, in order to provide notification of this hearing to these trustees and beneficiaries (along with the primary property owner(s), surrounding property owner(s), and other interested parties which have already been noticed), the staff requests that this item be continued to the June 19, 2014 Planning Commission meeting.

**RECOMMENDATION:** Continue this item to June 19, 2014.
